decision making; how groups and environments influence decision making; the role of leadership; and much more.

No further information has been provided for this title.

Many people think of business as a game of strategy, and argue that whatever works for business success is acceptable, even if it involves cheating, deceptions, and other improprieties. Jewish business law rejects this approach. Using specific case studies, this book analyzes the strategies that are impermissible, discussing deceptive advertising, negative advertising, pressure tactics in sales, insider trading, price matching, worker evaluations, termination policy, and many others. An excellent adult education volume.

Business ethics as a discipline leans on

Read Book 1 Business Ethics Case Study Of

cases but flourishes by thorough analysis and reflection. The present volume offers both. After three introductory chapters into business ethics eight recent European cases, mainly stemming from The Netherlands and Belgium and all of them with a clear moral impact, are extensively described and analysed. Among them are the Lernout and Hauspie speech technology disaster, Heineken's struggle with the promotion girls selling beer in Cambodia, cartels in the Dutch construction industry, the pharmaceutical industry and the Aids crisis, and Unilever allegedly making use of child labour in the cotton industry in India. Each case is followed by two expert comments, from the fields of general ethics, but also of law, economics, management and organisation theory, sociology and social psychology. Cases and comments together offer an unique entrance in varieties of moral

Primary Topic: Business
complex environment in which contemporary managers make ethical decisions. The book's solid managerial framework and new updates highlight the latest developments in ethics and how they relate to overall ethics concepts, processes, and best practices used throughout successful business ethics programs. Your students see how ethics can play a critical role in key strategic business decisions. Captivating new cases and engaging examples reflect today's most recent business developments and crises. Rather than focusing on intellectual reasoning alone or a philosophical discussion of ideas, the book's proven learning features help students prepare and practice confronting the types of actual ethical dilemmas they will face in today's business world.
