This has been a year of huge events and milestones, from the coronavirus pandemic to the election of the first woman vice president. How will 2020 be remembered and analyzed in the years to come?

Geared specifically to women, this book brings a feminine perspective to the Twelve Step program, searching out the healing messages beneath the male-oriented words. Recovery is not a man's world, and yet to a woman it can sometimes seem that way. Geared specifically to that woman, this book brings a feminine perspective to the Twelve Step program, searching out the healing messages beneath the male-oriented words. Based on an open exploration and a flexible interpretation of the Twelve Steps, this new perspective takes into account the psychological development of women as it relates to addiction and recovery, as well as the social and cultural factors that affect women in particular.Acknowledging that recovery raises special issues for women—from questions about sexuality, relationships, and everyday life to anxieties about speaking up at mixed-gender meetings--A Woman's Way through the Twelve Steps focuses directly on the feminine experience of addiction and healing. The author explores the Twelve Steps one by one, reiterating each in its traditional language, then explaining and illustrating it in a way that highlights a woman's experience—empowering the reader to take ownership of her own recovery process as well as her growth as a woman.

"As pragmatic as it is compassionate, this intimate, humorous, and ultimately relaxing invitation to re-wild yourself, stripping away all that is not your true nature, will leave you inspired and curious to discover the wild woman within" (Lissa Rankin, MD, New York Times bestselling author of Mind Over Medicine). For the high-achieving modern woman today, having a successful career, a fulfilling romantic relationship, and a satisfying personal life can feel like opposing goals. It has even become difficult to take the time to enjoy the simple pleasures in lives. We are stuck in "go-mode," damaging our romantic relationships, pleasure, and creativity. But what if there were a way to experience the simplest pleasures of our lives on a deeper level, freeing the body and psyche from these destructive patterns? Beyond our current stereotypes about femininity lies the ancient wisdom of the Wild Woman archetype, a model of building a feminine "body intelligence." By embodying this archetype and using tantra—not just in the bedroom, but also to build intimate connections to our senses and physical movements—we can break harmful psychological patterns. In The Wild Woman's Way, Michaela Boehm shares practical rituals and exercises drawn from years of experience as a celebrity relationship and life counselor and an expert in tantric yoga. She reveals the power of different types of touch, while also training you in forms of meditation and stretching that increase activity and sensual pleasure.

Come Home – Body, Self and Soul
In this engaging, empowering and honest book, inspirational speaker and facilitator of women’s spiritual awakening Leela Francis shares the forests, peaks, and valleys of her wild and wonderful way home. You’ll also be moved by the wisdom and stories of her clients who dared to touch deeply into their own rich life tapestries to emerge stronger, more vibrant, and more vividly their true selves. If you’re ready to midwife your own rebirth, release the chains of self-judgment, be in authentic dialogue with your body, and find delight in who you are, the Vividly Woman Embodiment System will map out a clear and traceable odyssey for your personal expansion. You will learn how to
• access your embodied wisdom as you claim your Sensual, Emotional, and Intuitive power;
• ignite and sustain energy radiance through the five Vividly Woman textures; and
• discover the gift of the three Vividly Woman lenses as tools of personal inquiry to weave your glorious way back home.
“Welcome Home! Leela Francis and her story are the fuel that will launch a thousand stories. Women are hungry, longing, for authenticity. Leela provides this rare commodity in a world lacking feminine power. She will lead you home.” Caroline Muir, founder of the Divine Feminine Institute for Men and Women and coauthor of the best-selling Tantra: The Art of Conscious Loving

"This book is a must for any woman who wants to connect with her deepest resources for empowerment and healing." -- Marija Gimbutas

A fresh interpretation of the healing process established by the Twelve Steps, with an eye toward the social, cultural, and psychological factors that affect men—and thus their recovery from addiction. In A Man's Way through the Twelve Steps, author Dan Griffin uses interviews with men in various stages of recovery, excerpts from relevant Twelve Step literature, and his own experience to offer the first holistic approach to sobriety for men. Readers work through each of the Twelve Steps, learn to reexamine negative masculine scripts that have shaped who they are and how they approach recovery, and strengthen the positive and affirming aspects of manhood.This groundbreaking book offers the tools needed for men to work through key issues with which they commonly struggle, including difficulty admitting powerlessness, finding connection with a Higher Power, letting go of repressed anger and resentment, contending with sexual issues, and overcoming barriers to intimacy and meaningful relationships.A Man's Way through the Twelve Steps offers practical advice and inspiration for men to define their own sense of masculinity and thus heighten their potential for a lifetime of sobriety.

Author gives an account of her husband's life and of his expedition of 1903 to central Labrador, and of her own expedition from Lake Melville to Ungava Bay in 1905. Diary of Leonidas Hubbard, July-October 1903, and of his companion George Elson, October 1903-May 1904.

Doris Ashley left Iowa and came to Montana as the frontier era came to a close and the hard transition to the modern West began. In 1925, already a widow at the age of twenty-four, she took a job as "cheap help" in Glacier National Park and thus began a lifelong affair with Montana's landscape, wildlife, and people. Doris soon met the love of her life, native son Dan Huffine, another park worker with an abiding love for the region. Together, they shared many adventures over the next sixty years, helping to shape the character of northwest Montana and participating in the growth of Glacier Park on both sides of the Continental Divide. Between them, the Huffines shared stints as backcountry park ranger, driver of the classic red tour buses in the park, and cook for the crew that did the perilous work surveying the famous Going-to-the-Sun Road. The couple operated tourist camps along the Glacier Park boundary and became co-proprietors of the Huffine Montana Museum. Many people considered the couple endearingly eccentric, and for good reason, as they kept skunks, badgers, coyotes, bears, a mountain goat, and a beaver as pets. The Huffines were also world-class raconteurs, and enjoyed telling their tales later in life to author John Fraley, who shared their love of the outdoors and of Glacier Park. Using many hours of tape recordings, numerous journals, and a great deal of research, Fraley has pieced together the story of Doris's early life in Iowa, her fateful meeting with Dan, and their love story, which is also very much a work story—a tale of building a life together while at the same time helping to shape the "Crown of the Continent" region.

Advice and step-by-step guidelines for those seeking to recover from addictive relationships.

When she was twenty, Patricia Reis's mother asked, "What about your spiritual life?" Years later, this question drives her midlife quest to reconcile the desires of her body with the mandates of her spirit. Motherlines is a candid and compelling story of sex with men and with women, of celibacy, illegal abortions, making vows and breaking them, dreams, body wisdom, creative ambition, and inspiring relationships with memorable characters. This unflinching memoir illuminates the unvarnished truth of growing up female in the 1980's a rich and fertile period in American history when gender roles were undergoing a revolution, a time that includes feminism, the women's spirituality movement and liberation theology. In her soul-searching quest for meaning, and longing for maternal connection, Reis discovers an unlikely confidante in her aunt, a free-spirited Franciscan nun. Their letters and relationship are a thread that weaves throughout this memoir – an increasingly intimate and honest exchange between two women who are living very different lives yet are both kin and kindred spirits. A spiritual journey and a creative tour de force, this memoir is a potent and tender love song to the Motherlines that connect us all.

A practical guide to letting go of the character defects that get in the way of true and joyful recovery. Resentment. Fear. Self-Pity. Intolerance. Anger. As Bill P. explains, these are the "rocks" that can sink recovery- or at the least, block further progress. Based on the principles behind Steps Six and Seven, Drop the Rock combines personal stories, practical advice, and powerful insights to help readers move forward in recovery. The second edition features additional stories and a reference section.
