as ruthless as any modern contest, with mud-slinging, scare tactics, and backstabbing. The low point came when Alexander Hamilton printed a devastating attack on Adams, the head of his own party, in "fifty-four pages of unremitting vilification." The stalemate in the Electoral College dragged on through dozens of ballots. Tensions ran so high that the Republicans threatened civil war if the Federalists denied Jefferson the presidency. Finally a secret deal that changed a single vote gave Jefferson the White House. A devastated Adams left Washington before dawn on Inauguration Day, too embittered even to shake his rival's hand. With magisterial command, Ferling brings to life both the outsize personalities and the hotly contested political questions at stake. He shows not just why this moment was a milestone in U.S. history, but how strongly the issues--and the passions--of 1800 resonate with our own time.

A history of the presidential campaign follows the clash between the two candidates, Adams and Jefferson, and their different visions of the future of America, the machinations that led to Jefferson's victory, and the repercussions of the campaign.

Veteran historian Ferling's account of one of America's most extraordinary political dramas lays bare the historically pugilist nature of American presidential politics. In 1800 the nation was struggling to its feet amidst an array of threats from foreign governments and a host of constitutional struggles. Against this backdrop, President John Adams, an elite, strong-willed Federalist, set to square off against his vice president, Thomas Jefferson, a populist Republican.

A spellbinding history of the epic rivalry that shaped our republic: Thomas Jefferson, Alexander Hamilton, and their competing visions for America.

Arguably no relationship in this country's history carries as much freight as that of John Adams of Massachusetts and Thomas Jefferson of Virginia. Gordon Wood has more than

done justice to these entwined lives and their meaning; he has written a magnificent new addition to America's collective story.

CHOICE Outstanding Academic Title "They could write like angels and scheme like demons." So begins Pulitzer Prize-winner Edward Larson's masterful account of the wild ride that was the 1800 presidential election—an election so convulsive and so momentous to the future of American democracy that Thomas Jefferson would later dub it "America's second revolution." This was America's first true presidential campaign, giving birth to our two-party system and indelibly etching the lines of partisanship that have so profoundly shaped American politics ever since. The contest featured two of our most beloved Founding Fathers, once warm friends, facing off as the heads of their two still-forming parties—the hot-tempered but sharp-minded John Adams, and the eloquent yet enigmatic Thomas Jefferson—flanked by the brilliant tacticians Alexander Hamilton and Aaron Burr, who later settled their own differences in a duel. The country was descending into turmoil, reeling from the terrors of the French Revolution, and on the brink of war with France. Blistering accusations flew as our young nation was torn apart along party lines: Adams and his elitist Federalists would squelch liberty and impose a British-style monarchy; Jefferson and his radically democratizing Republicans would throw the country into chaos and debase the role of religion in American life. The stakes could not have been higher. As the competition heated up, other founders joined the fray—James Madison, John Jay, James Monroe, Gouverneur Morris, George Clinton, John Marshall, Horatio Gates, and even George Washington—some of them emerging from retirement to respond to the political crisis gripping the nation and threatening its future. Drawing on unprecedented, meticulous research of the day-to-day unfolding drama, from diaries and letters of the principal players as well as accounts in the fast-evolving partisan press, Larson vividly re-creates the mounting tension as one state after another voted and the press had the lead passing back and forth. The outcome remained shrouded in doubt long after the voting ended, and as Inauguration Day approached, Congress met in closed session to resolve the crisis. In its first great electoral challenge, our fragile experiment in constitutional democracy hung in the balance. A Magnificent Catastrophe is history writing at its evocative best: the riveting story of the last great contest of the founding period.

America Afire is the powerful story of the election of 1800, arguably the most important election in America's history and certainly one of the most hotly disputed. Former allies Adams and Jefferson, president versus vice president, Federalist versus Republican, squared off in a vicious contest that resulted in broken friendships, scandals, riots, slander, and jailings in the fourth presidential election under the Constitution.

An "excellent" history of the tumultuous early years of American government, and a constitutional crisis sparked by the Electoral College (Booklist). In the election of 1800, Federalist incumbent John Adams, and the elitism he represented, faced Republican Thomas Jefferson. Jefferson defeated Adams but, through a quirk in Electoral College balloting, tied with his own running mate, Aaron Burr. A constitutional crisis ensued. Congress was supposed to resolve the tie, but would the Federalists hand over power peacefully to their political enemies, to Jefferson and his Republicans? For weeks on end, nothing was certain. The Federalists delayed and plotted, while Republicans threatened to take up arms. In a way no previous historian has done, Susan Dunn illuminates this watershed moment in American history. She captures its great drama, gives us fresh, finely drawn portraits of the founding fathers, and brilliantly parses the enduring significance of the crisis. The year 1800 marked the end of Federalist elitism, pointed the way to peaceful power shifts, cleared a place for

states' rights in the political landscape—and set the stage for the Civil War. “Dunn, a scholar of eighteenth-century American history, has provided a valuable reminder of an election in which the stakes were truly enormous and the political vituperation was far more poisonous than the relatively moderate attacks heard today. . . . An excellent work that effectively explains this critical contest that shaped the history of the new republic.”

—Booklist “Dunn does a superb job of recounting the campaign, its cast of characters, and the election's bizarre conclusion in Congress. That tense standoff could have plunged the country into a disastrous armed conflict, Dunn explains, but instead cemented the legitimacy of peaceful, if not smooth, transfers of power.” —Publishers Weekly “Dunn simultaneously teaches and enthralls with her eloquent, five-sensed descriptions of the people and places that shaped our democracy.” —Entertainment Weekly

John Adams and Thomas Jefferson were good friends with very different personalities. But their differing views on how to run the newly created United States turned them into the worst of friends. They each became leaders of opposing political parties, and their rivalry followed them to the White House. Full of both history and humor, this is the story of two of America's most well-known presidents and how they learned to put their political differences aside for the sake of friendship.
