Inspirational stories from the life of the author.

Avul Pakir Jainulabdeen Abdul Kalam, The Son Of A Little-Educated Boat-Owner In Rameswaram, Tamil Nadu, Had An Unparalled Career As A Defence Scientist, Culminating In The Highest Civilian Award Of India, The Bharat Ratna. As Chief Of The Country's Defence Research And Development Programme, Kalam Demonstrated The Great Potential For Dynamism And Innovation That Existed In Seemingly Moribund Research Establishments. This Is The Story Of Kalam's Rise From Obscurity And His Personal And Professional Struggles, As Well As The Story Of Agni, Prithvi, Akash, Trishul And Nag--Missiles That Have Become Household Names In India And That Have Raised The Nation To The Level Of A Missle Power Of International Reckoning.

This book is an account of how Dr. Kalam visualizes Information and Communication Technology mining the rural talent. Here, Dr. Kalam presents his dream of schools in India at 2020 as symbiotic nerve centres connecting teachers, students and community; personifying knowledge that exists in the world. He also makes a clarion call to accelerate the process of societal transformation. This would involve raising the standards of governance and safeguarding the sanctity of public institutions. The book uses the metaphor of a tree to describe the process of knowledge bearing fruits of prosperity in the contemporary globalized world where different phases, formative, adult working life, and post-50 experienced senior citizens, call for different kinds of learning. The book refers to a contextual contribution of a large number of Indian scientists and artists and proves that there is no age bar to blossom. He advocates creation of conditions that favour growth of diverse individual talents akin to a garden and calls for a scientific mind-set guided by conscience, consensus and by actions that take our social and moral values into account in building our own systems.

Gathers quotations and brief selections about happiness, faith, courage, confidence, self-discipline, love, hope, family life and contentment

A book in memory of the country's most loved teacher. Dr Kalam is often remembered as a teacher par excellence, whose words, thoughts and very life were lessons in many ways. This book is dedicated by his student Srijan Pal Singh, who worked closely with him, right till the last day of his life. Recollecting his mentor's values, oaths and messages to the youth, Srijan beautifully shares the lessons Dr Kalam taught beyond the classroom. A peek into his dally routine, travels, reflections on various national and international issues, anecdotes and quips, this book helps readers get up-close and personal with the greatest Indian of contemporary times. Featuring many little-known stories and never-before-seen photographs, as well as certain expressions that were classic Dr Kalam, this heart-warming memoir will inspire and enlighten, immortalizing the words and actions of a beloved leader.

It was like any other day on the Anna University campus in Chennai. As I was returning to my room in the evening, the vice-chancellor, Prof. A. Kalanidhi, fell in step with me.Someone had been frantically trying to get in touch with me through the day, he said. Indeed, the phone was ringing when I entered the room.When I answered, a voice at the other end said, 'The prime minister wants to talk with you.' Some months earlier, I had left my post as Principal Scientific Adviser to the Government of India to return to teaching. Now, as I spoke to the PM, Atal Bihari Vajpayee, my life was set for an unexpected change.Turning Points takes up the incredible Kalam story from where Wings of Fire left off. It brings together details from his career and presidency that are not generally known as he speaks out for the first time on certain points of controversy. It is a continuing saga, above all, of a journey - individual and collective - that will take India to 2020 and beyond as a developed nation.

The definitive biography of India's most loved leader and scientist Aeronautical engineer, rocket scientist, missile man, visionary, teacher and the most inspiring head of state in living memory - Avul Pakir Jainulabdeen Abdul Kalam was all these and more. Unquestionably the most revered Indian leader since Mahatma Gandhi, he transcended all the boundaries and obstacles that came his way in the course of a remarkable life; and he did so with grace and humility.Arun Tiwari tells Dr Kalam's life story with a deep understanding of his formative experiences and character and reveals him as a man personifying all the glory and paradoxes of his nation: secular and religious; exalted and humble; schooled and unaffected; dynamic and calm; scientific and spiritual - an Indian above all.

Pramukh Swamiji Maharaj, one of the most inspiring spiritual figures of modern times and the fifth spiritual successor of Bhagwan Swaminarayan, became a friend of the eleventh president of India, Dr A.P.J. Abdul Kalam. Together they created an unparalleled spirituality-science fellowship. In Roohdaar, Dr Kalam and Arun Tiwari map a journey of self-realization reflected in the eyes of Pramukh Swamiji, painting a delightful fusion of spirituality, science and leadership. Through the life of Pramukh Swamiji and the history of the Swaminarayan mission, Dr Kalam traces the great rise of the Indian diaspora across the world. Drawing from the lives of great scientists and creative leaders, the book captures the spiritual essence of all religions and is a tribute to the multi-faith Indian society.

What is it that we as a nation are missing? Why, given all our skills, resources and talents, do we settle so often for the ordinary instead of striving to be the best? At the heart of Ignited Minds is an irresistible premise: that people do have the power, through hard work, to realize their dream of a truly good life. Kalam's vision document of aspiration and hope motivates us to unleash the dormant energy within India and guide the country to greatness.

Dr. A. P. J. Abdul Kalam had a great belief in the power of the youth. He met over 21 million children and young people in India and outside and spoke to them about the power of knowledge, ambition, moral behavior and the need to bring about change in society. He travelled to almost every corner of the country meeting the youth in schools, universities and institutions and interacted with them like a committed teacher. In Learning How to Fly some of his nearly 2, 000 lectures have been compiled. These lectures were addressed to teachers and students in school and beyond. In each one of them he has spoken about preparing oneself best for life, to identify and overcome challenges and how to bring out the best within each individual. Through stories from his own life, those of his teachers and mentors as well as stories of some of the greatest men and women of the world and the latest developments in science and technology, he shows us the importance of dreams and the hard work needed to turn those dreams into reality. Filled with warmth, inspiration and a positive attitude, Learning How to Fly is essential reading for every Indian, young and old.
