An integrated and current approach to auditing. Auditing and Assurance Services: An Integrated Approach presents an integrated concepts approach that shows readers the auditing process from start to finish. This text prepares readers for real-world audit decision making by using illustrative examples of key audit decisions, with an emphasis on audit planning, risk assessment processes and collecting and evaluating evidence in response to risks. The fourteenth edition includes coverage of PCAOB Auditing Standards up through AS 15 (the PCAOB's Risk Assessment Standards) , new standards related to auditor responsibilities related to supplementary information included in financial statements (SAS Nos. 119 and 120), and the most up-to-date content in the dynamic auditing environment.

The undisputed #1 market leading book continues to be an innovative look at the most current changes and happenings in the auditing profession! Topics appear as they would during the audit planning and execution stage rather than as isolated pieces of information. Fraud detection; integration of SECTION 404 of the Sarbanes-Oxley Act of 2002 and related SEC and PCAOB rulemakings; internal controls -- Internal Control and Control Risk. For individuals interested in the auditing, accounting, and consulting fields.
