Drawing on over fifty years of field experience and research, Frank Beebe presents a comprehensive summary of the behaviour, and characteristics of this magnificent bird.

"This extensive work represents a nuts-and-bolts approach to training and flying kestrels...A must-have for all apprentices and others who wish to know more about the intricacies of maintaining and flying a small raptor such as the American Kestrel." --Publisher's description.

Because he spends so much time perfecting his flying form instead of concentrating on getting food, a seagull is ostracized by the rest of the flock.

An action-packed, contemporary novel about surviving in the wilderness. Thirteen-year-old Karma is desperate to become a certified falconer. At her dad's bird education center, she helps give demonstrations to guests and can fly the birds. But when her favorite rescued falcon, Stark, hurts Karma, her parents insist that they return the bird to its previous owner--in Canada. On the way to bring Stark back, a car accident in the middle of nowhere leaves Karma's dad trapped, and it's up to Karma to find a way to rescue him and her younger brother. When Karma loses her way trying to get help, she crosses paths with Cooper, a troubled teenaged boy. Lost for three days, the two figure out how to survive, and Karma teaches Stark to hunt like an actual bird of prey. Karma may be closer than she thinks to becoming a real falconer and having a real friend.

This is the most comprehensive gathering of data on birds of prey ever assembled. Nick Fox, a leading professional raptor

Memoir of a heart-wrenching life of a little girl who made it through, though adult life got worse, even through six abusive marriages and lots of illnesses.

Do you remember your mother telling you when you were little that you'd never meet Mr. Right if you were spending all your time and energy with Mr. Wrong? And what about the book out a few years ago that created such a hoopla with the single crowd - He's Just Not That Into You? The two main characters in Winter Interlude either didn't heed their mother's advice or haven't read the book. Now, add into the plot that the two in question are enemies who regularly run into each other, given their current relationships. Paul Morrison, a hunky, blond, financial planner, has been putting time and energy into winning the heart of Kate Winter's best friend for almost as long as Kate, a strong willed antiques dealer, has been dating James Morrison, Paul's brother. The sparks start to fly when the two get stuck together for a three-hour drive to the mountains and years of misconceptions about each other are slowly being wiped out. It is in the confines of the BMW that the two begin their journey, taking them from being mortal enemies to lovers. Winter Interlude tells the story of their adventure - of how they finally find love. Kate and Paul's story is the first one in a series of four friends caught in a time warp. They can't move on because they are stuck on their idea of their perfect dreams. But sometimes life works in mysterious ways and they are all forced by circumstances to change.
