other musician members of his family.

This 1919 work is an essential reference guide to all aspects of household management. Compiled by Martha Van Rensselaer, the first woman to be given a full professorship at Cornell University, along with Flora Rose and Helen Canon, this book provides the home maker with detailed instructions on planning meals, home decor, home architecture, and all aspects of sewing.

Marcel Dupre prepared these short works, not as "another version" of the famous chorales and chorale preludes of J. S. Bach, but rather as a means of making the beginning organist aware of the beautiful chorale melodies and to prepare him or her for the study of Bach's works. Included are registration suggestions, fingering, pedaling notation, and dynamics. This is an important book for the development of the organist's technical and artistic skills, and at the same time for the presentation of beautiful organ chorales.
