Career counseling requires a professional, qualified specialist consultant, who is able to establish a well-balanced synergy with the customer, the main mantra of advice through effective communication. Apart from this, the positive attitude of the counselor should be maintained during counseling to achieve positive, lasting results.

APA offers the Theories of Psychotherapy Sense as a focused resource for understanding the major theoretical models practiced by psychotherapists today. Each book presents a concentrated review of the history key concepts, and application of a particular theoretical approach to the assessment, diagnosis, and treatment of clients. The series emphasize Solid theory and evidence-based practice, illustrated with rich case examples featuring diverse clients. Practitioners and students will look to these books as jewels of information and inspiration. Book jacket.

Print+CourseSmart

This practiced-based handbook describes postmodern career counseling models and methods designed to meet clients' diverse needs in today's challenging work environment. Readers will gain a solid understanding of the theoretical underpinnings of postmodern career counseling and learn practical approaches to counseling clients of various ages and backgrounds on occupational choice and other issues, such as coping with developmental tasks, career transitions, and work traumas. Drawing directly from their experiences with clients, career counseling experts link theory to practice in 17 application chapters that demonstrate the process of postmodern career assessment and intervention embedded in culture and context. Multicultural case vignettes and a "Practical Application Guide" in each of these chapters facilitate classroom learning and discussion. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org

This accessible look at "how to do career counseling" clearly defines the profession and the competencies counselors need to pursue as part of their training. Straightforward and accessible, Essential Elements of Career Counseling focuses on the practice of career counseling, examined through the basic techniques and resources useful in supporting the theories of career choice and development. The use of the Internet as a career counseling tool is emphasized; emerging issues such as Web-based counseling are explored; and case studies illustrate authentic counseling strategies and techniques in action. This edition features a new look at such areas as using group counseling methods in job searches and using the resume to inspire the development of career stories, providing a highly practical look at the practice of career counseling today.

Providing the most current, comprehensive coverage available, CAREER COUNSELING: A HOLISTIC APPROACH, 9th Edition equips students with a solid understanding of the theoretical models of career counseling and practical techniques on how to effectively counsel clients about career issues. Presenting the subject matter in a way that is relevant to all counseling students, Vernon Zunker uses an innovative holistic or "whole person" approach, demonstrating how to consider values, temperament, talents, and passions when integrating career with personal counseling to determine a client's best career fit. The thoroughly revised and updated Ninth Edition of this classic book includes chapters on integrating career and personal counseling, job loss and transitions, adult career development, and career-related programs in middle schools. In addition, diversity issues are integrated throughout, while relevant case studies bring chapter concepts to life. The text is also packed with tools to help students maximize their success in class and on the licensing exam. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Career Counseling, 3rd edition, provides a comprehensive, holistic overview of the foundations of career counseling, information on the most effective skills and techniques, and contextual perspectives on career and lifestyle planning, all by nationally and internationally recognized experts. Updated chapters introduce important material not often addressed in introductory texts, such as rehabilitation, addictive behaviors, counseling couples and families, and working with ethnic and gender/sexual minority clients. Included throughout the text are case studies, informational sidebars, and experiential activities that enhance the reading and encourage additional contemplation of chapter content. Readers can also turn to the book's companion website for chapter test questions, PowerPoints, and additional resources.

Note: This is the bound book only and does not include access to MyCounselingLab® with Pearson eText. To order MyCounselingLab® with Pearson eText packaged with the bound book, use ISBN 0134270657. Here is a comprehensive, authoritative look at the day-to-day, nuts and bolts responsibilities of the career counselor from a global perspective, or a one-world economy approach to the issues. In it, theory integrates with practice through the use of case studies and examples that bring the concepts to life. Written by a leading expert in the field and long recognized as a leading book in the field, Career Information, Career Counseling and Career Development allows readers to sample the broad array of career options that exist in the field, understand and deal effectively with the rapid changes in technology—and how those changes can be used to foster career development and contribute to the assessment process, understand more fully the relationship of theory and practice, and relate more sensitively with clients regarding their age, gender, race, ethnic group, or sexual orientation. Also available with MyCounselingLab® This title is also available with MyCounselingLab—an online homework, tutorial, and assessment program designed to work with the text to engage students and improve results. Within its structured environment, students see key concepts demonstrated through video clips, practice what they learn, test their understanding, and receive feedback to guide their learning and ensure they master key learning outcomes.

Foundations of Career Counseling: A Case-Based Approach is designed for students taking courses in career counseling. Additionally, a full chapter is dedicated to the career development of students seeking graduate degrees in counseling. Develop understanding of both theory and technique using in-depth, engaging case studies. Rather than simply describing career development theories, Foundations of Career Counseling: A Case-Based Approach uses seven realistic, diverse client scenarios to help students connect with the material and master career counseling content and skills. Balancing both theory and application, chapters about the career counseling process, intake interviews, and the use of tests, card sorts, and resources contain transcripts, examples, and sample assessment results from simulated sessions with these fictional clients. Suzanne Dugger's down-to-earth writing style clearly explains complex concepts in everyday language. Future counselors will develop a thorough understanding of both theory and technique pertaining to career development interventions with children and young adults as well as with adults—including specific populations such as persons with disabilities, military veterans, ex-offenders, homemakers and caretakers transitioning back into the world of work—and even themselves! Personalize learning with MyCounselingLab® MyCounselingLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

Providing the most current, comprehensive coverage available, CAREER COUNSELING: A HOLISTIC APPROACH, International Edition equips readers with a solid understanding of the theoretical models of career counseling as well as practical techniques on how to effectively counsel clients. The text's innovative holistic or "whole person" approach demonstrates how to consider a client's values, temperament, talents, and passions when trying to determine his or her best career fit. Thoroughly revised and updated, the cutting-edge new Eighth Edition includes all-new chapters on integrating career and personal counseling, job loss and transitions, adult career development, and career-related programs in middle schools. In addition, diversity issues are integrated throughout, while relevant case studies bring chapter concepts to life.

“This book should be viewed as essential reading for anyone interested in developing their understanding of the field of career counselling and developing their own approach. Practitioners will find much they might want to consider incorporating into their own work” - British Journal of Guidance and Counselling “As a career counsellor working with clients of all ages and situations, I found Larry Cochran's new work both pragmatic and intellectually stimulating... [he] provides fresh insight into the essence of career counselling, examining the past to be able to understand the present in order to plan for the future. Written in an accessible style... this book is certainly something which encourages further re
