The author chronicles the lives of three generations of Chinese men in America, woven from memory, myth and fact. Here's a storyteller's tale of what they endured in a strange new land.

A first-generation Chinese-American woman recounts growing up in America within a tradition-bound Chinese family and confronted with Chinese ghosts from the past and non-Chinese ghosts of the present in The Woman Warrior and describes the Chinese experience in the U.S. through incidents from her childhood, the history of early Chinese immigrants, and Chinese myths and tales in China Men. 12,500 first printing.

In one volume for the first time, three books that together form a bold, groundbreaking retelling of our national story by a great American writer, starting from her experience as the daughter of Chinese immigrants The child of Chinese immigrants, Maxine Hong Kingston grew up in California and was an unknown writer living in Hawaii when she made her stunning entrance on the American literary scene with The Woman Warrior (1976). Her "memoirs of a childhood among ghosts" was not only an account of growing up poor and Chinese American in the San Joaquin Valley but also an audacious feat of imaginative transformation, drawing on ancient myths and the family stories her mother brought over from China. A companion to The Woman Warrior, which she called her "mother-book," Kingston's "father-book" China Men (1980) spreads out across a large geographical and historical canvas to envision the lives of her male relatives who immigrated to America. Taken together, The Woman Warrior and China Men offer a profound, kaleidoscopic, genre-defying narrative of the American experience. Kingston's third book, Tripmaster Monkey: His Fake Book (1990), is the wildly inventive story of Wittman Ah Sing, a Berkeley graduate student whose experience of the San Francisco Beat scene transforms his understanding of his own Chinese heritage. Rounding out the volume are a series of essays from 1978 reflecting on her life in Hawaii, later collected as Hawai'i One Summer, personal musings whose subjects range from the contentions of a conference of Asian American writers to home-buying, surfing, and the work of the Beat poet Lew Welch. Also included are hard-to-find essays about the creative process and Kingston's exasperated, insightful account of how most of the reviewers of The Woman Warrior fell prey to lazy stereotypes about the "exotic" and "inscrutable" East.

A long time ago in China, there existed three Books of Peace that proved so threatening to the reigning powers that they had them burned. Many years later Maxine Hong Kingston wrote a Fourth Book of Peace, but it too was burned--in the catastrophic Berkeley-Oakland Hills fire of 1991, a fire that coincided with the death of her father. Now in this visionary and redemptive work, Kingston completes her interrupted labor, weaving fiction and memoir into a luminous meditation on war and peace, devastation and renewal.

Driven by his dream to write and stage an epic stage production of interwoven Chinese novelsWittman Ah Sing, a Chinese-American hippie in the late '60s.

"A classic, for a reason" – Celeste Ng via Twitter In her award-winning book The Woman Warrior, Maxine Hong Kingston created an entirely new form—an exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother's "talk stories." The fierce and wily women warriors of her mother's tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston's sense of self emerges in the mystifying gaps in these stories, which she learns to fill with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family's past and her own present.

The National Book Award-winning author of The Woman Warrior presents a series of versed observations on her experiences of aging, covering topics ranging from her literary activities and activist work to her views on her characters and a visit to China. Reprint.

The numerous studies of Maxine Hong Kingston's touchstone work The Woman Warrior fail to take into account the stories in China Men, which were largely written together with those in The Woman Warrior but later published separately. Although Hong Kingston's decision to separate the male and female narratives enabled readers to see the strength of the resulting feminist point of view in The Woman Warrior, the author has steadily maintained that to understand the book fully it was necessary to read its male companion text. Maureen Sabine's ambitious study of The Woman Warrior and China Men aims to bring these divided texts back together with a close reading that looks for the textual traces of the father in The Woman Warrior and shows how the daughter narrator tracks down his history in China Men. She considers theories of intertextuality that open up the possibility of a dynamic interplay between the two books and suggests that the Hong family women and men may be struggling for dialogue with each other even when they appear textually silent or apart.

Essays on the island and its history and traditions from the National Book Award-winning author of The Woman Warrior. In these eleven thought-provoking pieces, acclaimed writer and feminist Maxine Hong Kingston tells stories of Hawai'i filled with both personal experience and wider perspective. From a recipient of the National Medal of Arts and numerous other honors, the essays in this collection provide readers with a generous sampling of Kingston's exquisite angle of vision, her balanced and clear-sighted prose, and her stunning insight that awakens one to a wealth of knowledge.
