analysis to explain important concepts such as corporate governance and multinational corporations in an international context. Logically structured, the writers' clear writing style help students understand this complex area of the law. Ideal for students taking a module in company law, the book includes learning resources throughout such as key terms and concepts, helpful summaries for each chapter, case notes and suggestions for further reading. Informative end-of-chapter summaries and exercises act as a useful refresher.

Written by one of the foremost experts in the area, Paul Davies' Introduction to Company Law provides a comprehensive conceptual introduction, giving readers a clear framework with which to navigate the intricacies of company law. The five core features of company law - separate legal personality, limited liability, centralized management, shareholder control, and transferability of shares - are clearly laid out and examined, then these features are used to provide an organisation structure for the conduct of business. It also discusses legal strategies that can be used to deal with arising problems, the regulation of relationships between the parties, and the trade-offs that have been made in British company law to address some of the conflicting issues that have arisen. Fully revised to take into account the Companies Act 2006, and including a new chapter

on international law which considers the role of European Community Law, this new edition in the renowned Clarendon Law Series offers a concise and stimulating introduction to company law.

The new edition of Company Law has been specially written with the busy accountant, company secretary and legal practitioner in mind. It contains a complete analysis of all aspects of Company Law, other than insolvency issues. Most importantly this edition incorporates the entirely new Companies Act 2014 including the new rules and reforms under the Act. Company Law gives a comprehensive account of the law governing Irish-registered companies, explaining the 2014 Act and referencing all related leading cases on the subject. Table of Contents

Dublin, practising in Constitutional/Administrative law, EU Law, and aspects of international law, e.g. extradition and mutual assistance. Hugh Kennedy is a barrister, now based in Tokyo, specialising in international trade arrangements

Company Law brings clarity and sophisticated analysis to the ever-changing landscape of company law. Hannigan captures the dynamism of the subject, places the material in context, highlights its relevance and topicality, and guides students through all the major areas studied at undergraduate level. The book is divided into five distinct sections covering corporate structure (including legal personality and constitutional issues), corporate governance (including directors' duties and liabilities), shareholders' rights and remedies (including powers of decision-making and shareholder engagement), corporate finance (including share and loan capital), and corporate rescue and restructuring (including liabilities arising on insolvency). The author's accessible writing style and comprehensive approach to the subject makes this an ideal textbook for students of company law.

An ideal introductory textbook, Bourne on Company Law offers a succinct overview of the fundamental areas covered in LLB and GDL

courses. Clear and easy to follow, the book is presented in short, sub-headed sections for ease of navigation, and is thoroughly cross-referenced to highlight connections across topics. This sixth edition expands on emerging areas such as directors' duties and corporate governance, as well as offering increased discussion of EU Company Law. Written for both law and non-law students, it offers full case citations and straightforward explanations of all key cases, as well as chapter summaries and end of chapter questions to aid student understanding. The sixth edition is also supported by a companion website offering self test questions, a useful glossary and annotated web links.

Part of the 'Clarendon Law Series' this volume offers a concise introduction to company law. It sets out the five key functions of company law, as well as examining how to maximise the benefits whilst minimising the costs of creating a company.

This successful textbook remains the only offering for students of European company law, and has been fully updated.

This accessible book offer a comprehensive and critical introduction to the law on business organizations in the People's Republic of
