civil servant, and professor who is the current Director of the Hoover Institution at Stanford University. Rice served as the 66th United States Secretary of State from 2005 to 2009 and as the 20th United States National Security Advisor from 2001 to ...

Condoleezza Rice - Wikipedia

This is the story of Condoleezza Rice that has never been told, not that of an ultra-accomplished world leader, but of a little girl—and a young woman—trying to find her place in a sometimes hostile world, of two exceptional parents, and an extended family and community that made all the difference. Condoleezza Rice has excelled as a diplomat, political scientist, and concert pianist.

From Condoleezza Rice, former secretary of state and New York Times bestselling author of *Democracy: Stories from the Long Road to Freedom*, comes a captivating memoir of her remarkable childhood. Condoleezza Rice's life began in Birmingham, Alabama in the 1950s, a place and time where black people lived in a segregated parallel universe away from their white neighbors.

A look at one of America's most outstanding women, from her remarkable childhood in Birmingham, Alabama, in the 1950s through her rise to the highest echelons of power in the U.S. government.

From Condoleezza Rice, former secretary of state and New York Times bestselling author of *Democracy: Stories from the Long Road to Freedom*, comes a captivating memoir of her remarkable childhood. Condoleezza Rice's life began in Birmingham, Alabama in the 1950s, a place and time where black people lived in a segregated parallel universe away from their white neighbors. She grew up during the violent and shocking 1960s, when bloodshed became a part of daily life in the South. Rice's portrait of her parents, John and Angelena, highlights their ambitions and frustrations and shows how much they sacrificed to give their beloved only child the best chance for success. Rice also discusses the challenges of being a precocious child who was passionate about music, ice skating, history, and current affairs. Her memoir reveals with vivid clarity how her early experiences sowed the seeds of her political beliefs and helped her become a vibrant, successful woman. *Condoleezza Rice: A Memoir of My Extraordinary, Ordinary Parents and Me* is a fascinating and inspirational story for young people, adapted from Condoleezza Rice's adult sensation *Extraordinary, Ordinary People: A Memoir of Family*. Includes a 16-page photo insert. Praise for *Extraordinary, Ordinary People: A Memoir of Family*: "An origins story . . . memoir is teeming with fascinating detail." —The New York Times "A thrilling, inspiring life of achievement." —Publishers Weekly "Surprisingly engrossing . . ." —Daily Beast "Vivid and heartfelt writing . . . The personal story of the former Secretary of State traces her childhood in segregated Alabama, describes the influence of people who shaped her life and pays tribute to her parents' characters and sacrifices. Reprint. A best-selling book.

A former national security advisor and secretary of state offers the compelling story of her eight years serving at the highest levels of government, including the difficult job she faced in the wake of 9/11.

A former national security advisor and secretary of state offers the compelling story of her eight years serving at the highest levels of government, including the difficult job she faced in the wake of 9/11.

NEW YORK TIMES BESTSELLER From the former secretary of state and bestselling author -- a sweeping look at the global struggle for democracy and why America must continue to support the cause of human freedom. "This heartfelt and at times very moving book shows why democracy proponents are so committed to their work...Both supporters and skeptics of democracy promotion will come away from this book wiser and better informed." --The New York Times From the end of the Cold War and the collapse of the Soviet Union to the ongoing struggle for human rights in the Middle East, Condoleezza Rice has served on the front lines of history. As a child, she was an eyewitness to a third awakening of freedom, when her hometown of Birmingham, Alabama, became the epicenter of the civil rights movement for black Americans. In this book, Rice explains what these epochal events teach us about democracy. At a time when people around the world are wondering whether democracy is in decline, Rice shares insights from her experiences as a policymaker, scholar, and citizen, in order to put democracy's challenges into perspective. When the United States was founded, it was the only attempt at self-government in the world. Today more than half of all countries qualify as democracies, and in the long run that number will continue to grow. Yet nothing worthwhile ever comes easily. Using America's long struggle as a template, Rice draws lessons for democracy around the world -- from Russia, Poland, and Ukraine, to Kenya, Colombia, and the Middle East. She finds that no transitions to democracy are the same because every country starts in a different place. Pathways diverge and sometimes circle backward. Time frames for success vary dramatically, and countries often suffer false starts before getting it right. But, Rice argues, that does not mean they should not try. While the ideal conditions for democracy are well known in academia, they never exist in the real world. The question is not how to create perfect circumstances but how to move forward under difficult ones. These same insights apply in overcoming the challenges faced by governments today. The pursuit of democracy is a continuing struggle shared by people around the world, whether they are opposing authoritarian regimes, establishing new democratic institutions, or reforming mature democracies to better live up to

their ideals. The work of securing it is never finished.

An influential civil rights attorney and second cousin to former Secretary of State Condoleezza Rice describes the family beliefs and achievements that inspired her career, recounting her dedication to civil rights causes in areas ranging from transportation and education to the death penalty and the LAPD.

Condoleezza Rice, one of most powerful and controversial women in the world, has until now remained a mystery behind an elegant, cool veneer. In this stunning new biography, New York Times reporter Elisabeth Bumiller peels back the layers and presents a revelatory portrait of the first black female secretary of state and President George W. Bush's national security adviser on September 11, 2001. The book relates in more intimate detail than ever before the personal voyage of a young black woman out of the segregated American South and also tells the sweeping story of a tumultuous half-century in the nation's history. In *Condoleezza Rice: An American Life*, we see Rice's Alabama childhood under Bull Connor's reign of terror in "Bombingham," the name given to Birmingham when it was the central battleground of the civil rights movement; her education in foreign policy under Josef Korbel, a charismatic Czech intellectual who also happened to be the father of Madeleine Albright, the only other female secretary of state in U.S. history; and Rice's confrontations with minorities and women while she was provost at Stanford University in the 1990s. Examining the current administration, Bumiller explores in depth Rice's extraordinarily close relationship with George W. Bush, her battles with Vice President Dick Cheney, and her indirect but crucial role in the ousting of Defense Secretary Donald Rumsfeld. Bumiller shows us Rice missing clues to the September 11 attacks, waging war against Saddam Hussein, and counting election returns with Karl Rove in 2004. In addition, we watch Rice's recent attempts to salvage the ruins of the Iraq policy she helped create and to avoid war with Iran. Drawing on extensive interviews with Rice and more than 150 others, including colleagues, family members, government officials, and critics, this book offers dramatic new information about the events and personalities of the Bush administration. With great insight, Bumiller explores Rice's effectiveness as national security adviser and secretary of state, her attempts to revive classic American diplomacy, her longtime political ambitions, and her future on the world stage.

From New York Times bestselling author and former U.S. secretary of state Condoleezza Rice and Stanford University professor Amy B. Zegart comes an examination of the rapidly evolving state of political risk, and how to navigate it. The world is changing fast. Political risk—the probability that a political action could significantly impact a company's business—is affecting more businesses in more ways than ever before. A generation ago, political risk mostly involved a handful of industries dealing with governments in a few frontier markets. Today,

## Read PDF Condoleezza Rice A Memoir Of My Extraordinary Ordinary Family And Me

political risk stems from a widening array of actors, including Twitter users, local officials, activists, terrorists, hackers, and more. The very institutions and laws that were supposed to reduce business uncertainty and risk are often having the opposite effect. In today's globalized world, there are no "safe" bets. POLITICAL RISK investigates and analyzes this evolving landscape, what businesses can do to navigate it, and what all of us can learn about how to better understand and grapple with these rapidly changing global political dynamics. Drawing on lessons from the successes and failures of companies across multiple industries as well as examples from aircraft carrier operations, NASA missions, and other unusual places, POLITICAL RISK offers a first-of-its-kind framework that can be deployed in any organization, from startups to Fortune 500 companies. Organizations that take a serious, systematic approach to political risk management are likely to be surprised less often and recover better. Companies that don't get these basics right are more likely to get blindsided.

In this eagerly anticipated memoir, former Vice President Dick Cheney delivers an unyielding portrait of American politics over nearly forty years and shares personal reflections on his role as one of the most steadfast and influential statesmen in the history of our country. The public perception of Dick Cheney has long been something of a contradiction. He has been viewed as one of the most powerful vice presidents—secretive, even mysterious, and at the same time opinionated and unflinchingly outspoken. He has been both praised and attacked by his peers, the press, and the public. Through it all, courting only the ideals that define him, he has remained true to himself, his principles, his family, and his country. Now in an enlightening and provocative memoir, a stately page-turner with flashes of surprising humor and remarkable candor, Dick Cheney takes readers through his experiences as family man, policymaker, businessman, and politician during years that shaped our collective history. Born into a family of New Deal Democrats in Lincoln, Nebraska, Cheney was the son of a father at war and a high-spirited and resilient mother. He came of age in Casper, Wyoming, playing baseball and football and, as senior class president, courting homecoming queen Lynne Vincent, whom he later married. This all-American story took an abrupt turn when he flunked out of Yale University, signed on to build power line in the West, and started living as hard as he worked. Cheney tells the story of how he got himself back on track and began an extraordinary ascent to the heights of American public life, where he would remain for nearly four decades: \* He was the youngest White House Chief of Staff, working for President Gerald Ford—the first of four chief executives he would come to know well. \* He became Congressman from Wyoming and was soon a member of the congressional leadership working closely with President Ronald Reagan. \* He became secretary of defense in the George H. W. Bush administration, overseeing America's military during Operation Desert Storm and in the historic transition at the end of the Cold War. \* He was CEO of Halliburton, a Fortune 500 company with projects

## Read PDF Condoleezza Rice A Memoir Of My Extraordinary Ordinary Family And Me

and personnel around the globe. \* He became the first vice president of the United States to serve out his term of office in the twenty-first century. Working with George W. Bush from the beginning of the global war on terror, he was—and remains—an outspoken defender of taking every step necessary to defend the nation. Eyewitness to history at the highest levels, Cheney brings to life scenes from past and present. He describes driving through the White House gates on August 9, 1974, just hours after Richard Nixon resigned, to begin work on the Ford transition; and he portrays a time of national crisis a quarter century later when, on September 11, 2001, he was in the White House bunker and conveyed orders to shoot down a hijacked airliner if it would not divert. With its unique perspective on a remarkable span of American history, *In My Time* will enlighten. As an intimate and personal chronicle, it will surprise, move, and inspire. Dick Cheney's is an enduring political vision to be reckoned with and admired for its honesty, its wisdom, and its resonance. *In My Time* is truly the last word about an incredible political era, by a man who lived it and helped define it—with courage and without compromise.
