Reflections on Basic Public Speaking Basic Public Speaking is recommended reading for all students. Written in a 2nd person voice, it is an informative, easy-to-follow text, which is liberally sprinkled with refreshing and appropriate humor. This new title offers even more firsthand tips and group tactics for the novice speech student as well as the seasoned elocutionist. I highly recommend it for every student's backpack! My school, along with countless others uses Basic Public Speaking as our main textbook for teaching speaking skills in our Language Arts Department. I have seen hundreds of students over the years benefit from using Mr. Parker ' s work. It is sound, helpful, and amusing. It doesn ' t talk down to students, nor over their heads. Instead, it chats informally with them and invites them to come along for a ride that will be fun. Beyond that, it is full of practical, graduated-in-difficulty experiences and evaluative tools. Here is a book that is crying out to be expanded and marketed so that it reaches a wider audience. Without reservation, I highly recommend it for your school or program. There is no better book on the market for everyone who wants to learn how to speak with confidence. This book works as brilliantly in the classroom as a primary textbook as it does in the business community as a professional development tool. I highly recommend it!
