PRAISE FOR THE CONFLICT RESOLUTION TOOLBOX SECOND EDITION "I have been using and recommending The Conflict Resolution Toolbox since its first edition. It is rare to find a resource with such practical tools in a field that is so concrete, but often struggles to bridge theory and practice. In this increasingly complex world, it is vital to have models to resort to when we reach impasse in conflict. I recommend The

Conflict Resolution Toolbox to anyone engaged in resolving conflicts in any discipline." —Martha E. Simmons, JD, LLM, PHD, Academic Director, Winkler Institute of Dispute Resolution and Director, Mediation Clinic and Intensive Program, Toronto, Canada "We all know one thing about conflict: It is messy! Furlong's models offer mediators, facilitators, lawyers, psychotherapists and others 'a leg up' in more swiftly figuring out what is going on and what is needed. Furlong does not offer up a single 'truth', style or theory, so much as a collection of effective tools that professionals, groups and families can use to better understand what they are experiencing and how they can approach achieving better results. Highly recommended!" —James C. Melamed, JD, CEO, Mediate.com "Gary Furlong has done it again! A long-time leader in the conflict resolution field, Gary

I highly recommend it for anyone in the field."

—Rick Weiler, Mediator, Arbitrator, Weiler ADR Inc., Ottawa, Canada "Gary Furlong uniquely provides invaluable, practical tools that help in understanding, preventing, and resolving conflict. This is a must-have reference book for anyone who cares about mitigating the role destructive conflict plays in our professional and personal lives and finding strategic benefit in tools that work. mediators.”—Jennifer Beer, author of *The Mediator’s Handbook* and negotiation instructor at Wharton School, University of Pennsylvania

Knowing how to formulate and ask incisive questions to get to the core of a conflict, challenge entrenched thinking, and shift perspectives is the key to successful conflict resolution. *The Mediator’s Toolkit* employs the author’s powerful “S Questions Model” to provide readers with the skills and tools to do just that. It addresses four dimensions of successful questions for mediation: the subject matter dimension, the structure dimension, the information-seeking dimension, and the shifting thinking dimension. The toolkit clearly explains: The theory behind each question type, including exploration of relevant neuroscience and psychology The purpose of different types of questions How the questions work When to use different
