The subsequent four chapters elaborate on the theme of

'external examinations beyond national borders', including a contribution by the International Baccalaureate Organisation. A defining feature of the work is the attention it pays to what it calls the 'nuts and bolts' of external examinations, from question-setting to grading procedures. These are, it is argued,

instrumental in nurturing and maintaining public confidence in external examinations. The book will be of immense value to people involved in educational policy studies, especially strategic educational planning, as well as those directly concerned with formal assessment. critical reflection of the
evolution of Caribbean
countries since the
demise of the West Indies
