While some repetition can not be avoided, I was hoping for a more original and inspired work.

### Dave Barry's History of the Millennium by Dave Barry

David McAlister Barry is an American author and columnist who wrote a nationally syndicated humor column for the Miami Herald from 1983 to 2005. He has also written numerous books of humor and parody, as well as comic novels. Barry's honors include the Pulitzer Prize for Commentary and the Walter Cronkite Award for Excellence in Journalism. Barry has defined a sense of humor as "a measurement of the extent to which we realize that we are trapped in a world almost totally devoid of reason. Laught

Check out this great listen on Audible.com. Thucydides, Gibbon, Tuchman, McCullough: to the names of the world's great historians must now be added the name of Dave Barry, who has taken a long, hard look at our new millennium (so far) and, when he stopped hyperventilating, has written it all down,...

"What caused the American Revolution? This is indeed a rhetorical question that for many years historians have begun chapters with. As well they should. For the American Revolution is without a doubt the single most important historical event to occur in this nation except of course for Super Bowl III (Jets 16. Colts 7. This historian won \$35)." So goes the skewed sensibility, the muddled mind, the bent pen of one of America's funniest writers, Dave Barry. This time his subject is U.S. history, the way it's never been told before. Every single momentous event and crucial moment is covered, including . . . • The Birthing Contractions of a Nation • Kicking Some British Butt • Barging Westward • The Forging of a Large, Wasteful Bureaucracy • Deep Economic Doo-doo • The Fifties: Peace, Prosperity, Brain Death . . . and right up through the scintillating Reagan-Bush years, during which, Mr. Barry notes, America is steadfastly Napping Toward Glory. If you love to laugh, if you love your country, if you are unaware that "the Sixth Amendment states that if you are accused of a crime, you have a right to a trial before a jury of people too stupid to get out of jury duty," Dave Barry Slept Here is the book you've been waiting for since 1776. Or at least since Super Bowl III. Praise for Dave Barry Slept Here "A dazzling performance . . . Barry is brilliant."--The Washington Post Book World "[Dave] Barry turns his formidable wit to the subject of American history, with a result reminiscent of the Reduced Shakespeare Company: The better you know the original, the funnier it gets."--Los Angeles Times "I fear that Mr. Barry's dream of making millions of dollars through mass sales of his book to a captive audience of innocent schoolchildren will not be realized, and he will have to be content with making readers laugh a lot, as this one did."--The New York Times Book Review

An irreverent alternate perspective on recent world events features whimsical commentary on such topics as the 2000 election, the non-finding of weapons of mass destruction in Iraq, and the invention of pizza by Leonardo da Vinci.

When funnyman Dave Barry asked readers about their least favorite tunes, he thought he was penning just another installment of his weekly syndicated humor column. But the witty writer was flabbergasted by the response when over 10,000 readers voted. "I have never written a column that got a bigger response than the one announcing the Bad Song Survey," Barry wrote.Based on the results of the survey, Dave Barry's Book of Bad Songs is a compilation of some of the worst songs ever written. Dave Barry fans will relish his quirky take. Music buffs, too will appreciate this humorous stroll through the world's worst lyrics. The only thing wrong with this book is that readers will find themselves unable to stop mentally singing the greatest hits of Gary Puckett.

When Dave Barry is on the loose, no one is safe! What Dave Barry did for the men's movement in his Complete Guide to Guys and for foreign relations when he did Japan he now does for . . . everything in America. The rapacious observer of Tupperware ladies and leisure concept salesmen sounds off on: Football--Football is more than just a game. It is a potential opportunity to see a live person lying on the ground with a bone sticking out of his leg, while the fans, to show their appreciation, perform "the wave." Sailing--There's nothing quite like getting out on the open sea, where you can forget about the hassles and worries of life on land, and concentrate on the hassles and worries of life on the sea, such as death by squid. Gambling--Off-Track Betting parlors are the kinds of places where you never see signs that say, "Thank You for Not Smoking." The best you can hope for is, "Thank You for Not Spitting Pieces of Your Cigar on My Neck." "The good news: he's funny as ever. The bad news: the book is only 304 pages."--Los Angeles Daily News

We never know what will happen next in Florida. We know only that, any minute now, something will. Every few months, Dave Barry gets a call from some media person wanting to know, "What the hell is wrong with Florida?" Somehow, the state has acquired an image as a subtropical festival of stupid, and as a loyal Floridian, Dave begs to differ. Sure, there was the 2000 election. And people seem to take their pants off for no good reason. And it has flying insects the size of LeBron James. But it is a great state, and Dave is going to tell you why. Join him as he celebrates Florida from Key West at the bottom to whatever it is that's at the top, from the Sunshine State's earliest history to the fun-fair of weirdness that it is today.

"Dave Barry is one funny human." --San Francisco Examiner For thousands of years, women have asked themselves: What is the deal with guys, anyway? What are they thinking? The answer, of course, is: virtually nothing. Deep down inside, guys are extremely shallow. But that has not stopped Dave Barry from writing an entire book about them. If you're a guy--or if you're attempting to share a remote control with one--you need this book, because it deals frankly and semi-thoroughly with such important guy issues as: Scratching The role of guys in world history, including the heretofore-unknown relationship between the discovery of North America and golf Why the average guy can remember who won the 1960 World Series, but not necessarily the names of all his children The Noogie Gene Why guys cannot simultaneously think and look at breasts Secret guy orgasm-delaying techniques, including the Margaret Thatcher Method Why guys prefer to believe that there is no such thing as a prostate And much, much more "Whether you're a guy--or attempting to share a bathroom with one--Barry has some wacky words of wisdom for you." --USA Today

"Mr. Barry is the funniest man in America and we should encourage him." --The New York Times Book Review THERE'S NO PLACE LIKE HOME--EXCEPT IN A SELLER'S MARKET At long last, Dave Barry, the dean of everything, lets you in on the deepest, darkest mysteries of life and answers your hysterical home purchase questions like they've never been answered before: What's the best way to determine a realistic price range? Take your total family income, including coins that have fallen behind the bureau, and any projected future revenue you have been notified about via personalized letters from Mr. Ed McMahon stating that you may already have won 14 million dollars. Then, multiply by something other than six. Can you recommend a good mortgage? There are several kinds: Fixed Rate, Variable Rate, and the bank's secret weapons, the Party Hat Mortgage and the Mortgage of the Living Dead. How can I avoid spending money on do-it-yourself homeowner's projects? Find a contractor. Their silent motto is "We Never Show Up." The Romans lived among the ruins. You must too. Is there a secret to having a beautiful lawn? Yes and no. If you fail to feed, fertilize, and water your lawn, it will die. However, if you feed, fertilize, and water your lawn, it will die.

"One of the funniest people ever to tap tap on a PC." PHILADELPHIA INQUIRER Not since George Bush's memorable dinner with the Japanese prime minister has the Land of the Rising Sun seen the likes of a goodwill ambassador like Dave Barry. Join him as he belts out oldies in a karaoke bar, marries a geriatric geisha girl, takes his first bath in public, bows to just about everyone, and explores culture shock in all its numerous humorous forms, including: Failing to Learn Japanese in Only Five Minutes (Or: "Very Much Good Morning, Sir!"); Humor in Japan (Take My Tofu, Please!); Sports in Japan ("Yo, Batter! Loudly Make it Fly!"), and more.

Yet another collection of Barry wit and wisdom by the Pulitzer Prize-winning humorist and the author of Dave Barry Turns 40.

Pulitzer Prize-winning humorist Dave Barry is a pretty amiable guy. But lately, he's been getting a little worked up. What could make a mild-mannered man of words so hot under the collar? Well, a lot of things--like bad public art, Internet millionaires, SUVs, Regis Philbin . . . and even bigger problems, like • The slower-than-deceased-livestock left-lane drivers who apparently believe that the right lane is sacred and must never come in direct contact with tires • The parent-misery quotient of last-minute school science fair projects • Day trading and other careers that never require you to take off your bathrobe • The plague of the low-flow toilets, which is so bad that even in Miami, where you can buy drugs just by opening your front door and yelling "Hey! I want some crack," you can't even sell your first born to get a normal-flushing toilet Dave Barry is not taking any of this sitting down. He's going to stand up for the rights of all Americans against ridiculously named specialty "--chino" coffees and the IRS. Just as soon as he gets the darn toilet flushed.
