Evangelism doesn't have to be frustrating or intimidating. Bill Hybels and Mark Mittelberg believe that effectively communicating our faith in Christ should be the most natural thing in the world. We just need encouragement and direction. In *Becoming a Contagious Christian*, Hybels and Mittelberg articulate the central principles that have helped the believers at Willow Creek Community Church become a church known around the world for its outstanding outreach to unchurched people. Based on the words of Jesus and flowing from the firsthand experiences of the authors, *Becoming a Contagious Christian* is a groundbreaking, personalized approach to relational evangelism. You will discover your own natural evangelism style, how to develop a contagious Christian character, to build spiritually strategic relationships, to direct conversations toward matters of faith, and to share biblical truths in everyday language. This landmark book presents a blueprint for starting a spiritual epidemic of hope and enthusiasm for spreading the Gospel.

This applied book for engineers and scientists, written in a non-theoretical manner, focuses on underlying principles that are important in a wide range of disciplines. It emphasizes the interpretation of results, the presentation and evaluation of assumptions, and the discussion of what should be done if the assumptions are violated. Integration of spreadsheet and statistical software complete this treatment of statistics. Chapter topics include describing and summarizing data; probability and discrete probability distributions; continuous probability distributions and sampling distributions; process control charts; estimation procedures; hypothesis testing; the design of experiments; and simple linear and multiple regression models. For individuals interested in learning statistics-without a high level of mathematical sophistication. Please Note: The CD-ROM originally included is no longer available. From the critically acclaimed author of *The Young Wives Club*, a "heartwarming story about friendship, heartache, and self-discovery" (Karen White, *New York Times* bestselling author), comes a charming novel reminiscent of the works of Mary Alice Monroe and Kristy Woodson Harvey, about three sisters who win a huge lottery prize and learn what it truly means to be lucky. Lexi, Callie, and Hanna Breaux grew up in small-town Louisiana, and have always struggled to make ends meet. For years, they've been playing the lottery, fantasizing about how much better life would be if they had the money. For Lexi, it means the perfect wedding; for Callie, it means having the courage to go after her career dreams; and for Hanna, it means buying a house that isn't falling apart and sending her bullied son to private school. When the incredible happens and the Breaux sisters hit it big-\$204 million dollars big-all their dreams come true. Or so they think. Because it's actually not a cliché-money isn't the answer to everything, and it often comes with problems of its own. Heartfelt, engaging, and featuring characters you'll root for from the first moment you meet them, *Louisiana Lucky* is a satisfying page-turner from a rising star in women's fiction.

Toulouse, Louisiana. Laura Landry's quarterback husband was her ticket out, but after a devastating football injury Brian starts drinking instead of rehabbing his knee. Madison Blanchette waited for bad-boy musician Cash Romero to commit; when wealthy George Dubois asks her out, she figures she may as well wait in style. Claire Thibodeaux doesn't want to end up like her single parent mom, but as her pastor husband Gavin starts spending late nights at work she fears history is about to repeat itself. Gabrielle Vaughn never thought she'd end up with someone like Tony Ford, son of a prominent congressman, but how do you tell the love of your life that everything she told him was a lie? Four women... and no easy answers in matters of the heart.
