Everyones a Theologian An Introduction to Systematic Theology

Everyones a Theologian An Introduction to Systematic Theology

Many people react negatively to the word theology, believing that it involves dry, fruitless arguments about minute points of doctrine. They prefer to focus on the basic truths of Scripture and may even declare, "No creed but Christ." But as R.C. Sproul argues, everyone is a theologian. Any time we think about a teaching of the Bible and strive to understand it, we are engaging in theology.

Everyone's a Theologian: An Introduction to Systematic ...

Who would want to be a theologian? Many people react negatively to the word theology, believing that it involves dry, fruitless arguments about minute points of doctrine. They prefer to focus on the basic truths of Scripture and may even declare, "No creed but Christ." But as Dr. R.C. Sproul argues, everyone is a theologian.

Everyone's a Theologian: An Introduction to Systematic ...

Yet as Dr. R.C. Sproul argues, everyone is a theologian. Any time we think about a teaching of the Bible and strive to understand it, we are engaging in theology. Therefore, it is important that we put the Bible's varied teachings together in a systematic fashion, using proper, time-tested methods of interpretation so as to arrive at a theology that is founded on truth.

Everyone's A Theologian: An Introduction to Systematic ...

Therefore, it is important that we put the Bible's varied teachings together in a systematic fashion, using proper, time-tested methods of interpretation so as to arrive at a theology that is founded on truth. That is precisely what Dr. Sproul does in Everyone's a Theologian: An Introduction to Systematic Theology. This book is anything but a dry discussion of minute points of doctrine.

Many people react negatively to the word theology, believing that it involves dry, fruitless arguments about minute points of doctrine. They prefer to focus on the basic truths of Scripture and may even declare, "No creed but Christ." Yet as Dr. R.C. Sproul argues, everyone is a theologian. Any time we think about a teaching of the Bible and strive to understand it, we are engaging in theology. Therefore, it is important that we put the Bible's varied teachings together in a systematic fashion using proper, time-tested methods of interpretation so as to arrive at a theology that is founded on truth.

Now That's a Good Question! answers more than 300 challenging questions about life and faith. Sproul, a distinguished theologian and educator, address doctrinal points and contemporary issues such as euthanasia, evolution, and abortion. His answers cover over three hundred topics in a personable, easy-to-read style that's perfect for the lay person. New believers as well as those older in the faith will find this book a great resource for those challenging questions of life and faith.

What is the role of the will in believing the good news of the gospel? Why is there so much controversy over free will throughout church history? R. C. Sproul finds that Christians have often been influenced by pagan views of the human will that deny the effects of Adam's fall. In *Willing to Believe*, Sproul traces the free-will controversy from its formal beginning in the fifth century, with the writings of Augustine and Pelagius, to the present. Readers will gain understanding into the nuances separating the views of Protestants and Catholics, Calvinists and Arminians, and Reformed and Dispensationalists. This book, like Sproul's *Faith Alone*, is a major work on an essential evangelical tenet.

The author presents an analysis of the subject of predestination and the sovereignty of God and offers scriptural references to support his opinion.

Five hundred years ago, a Catholic monk nailed a list of grievances on the door of a church in Germany and launched a revolution in the history of Christianity. Today there continues to be a number of unresolved issues between the Protestant and Catholic churches, and many experience this ongoing division within their family and among friends and neighbors. Written in an accessible and informative

style, Gregg Allison and Chris Castaldo provide a brief and clear guide to the key points of unity and divergence between Protestants and Catholics today. They write to encourage fruitful conversation about the key theological and sociological differences between the two largest branches of Christianity. From the revolutionary events 500 years ago that sparked the Reformation to today, *Unfinished Reformation* takes a nuanced and thoughtful look at doctrine, practice, and how Protestants and Catholics can have fruitful discussions about the gospel of Jesus Christ.

R. C. Sproul surveys the history and fundamentals of apologetics to show that reason and scientific inquiry can be strong allies in defending the existence of God and the authority of the Bible.

This new edition of *Systematic Theology* by Wayne Grudem may be the most important resource you can own for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, *Systematic Theology* by Wayne Grudem has been thoroughly revised and expanded (all 57 chapters) for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. Praise for the second edition: "After a quarter century of remarkable usefulness globally . . . it remains remarkable. I thank God for this precious gift to Christ's people worldwide." - John Piper "Stands out for its clarity and accessibility." - Thomas R. Schreiner "One of those rare works that can challenge the scholar and instruct the beginner . . . It is simply indispensable." - Jack Deere With nearly 200 pages of new content and revisions that took several years, this new edition now includes the following distinctive features, making it even better: Updated, fuller analysis of several recent controversies within evangelicalism, including the eternal relationship between the Father and the Son in the Trinity, the question of God's atemporal eternity, the role of women in the church, "seeker-sensitive" churches, miraculous gifts of the Holy Spirit, and contemporary worship music. New, thoughtful critiques of open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming Completely revised, stronger chapter on the clarity of Scripture Completely revised, stronger chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels Additional material respectfully explaining evangelical Protestant differences with Roman Catholicism (with extensive interaction with the Catechism of the Roman Catholic Church), Protestant liberalism, and Mormonism Completely updated bibliographies All Scripture quotations updated from RSV to ESV An explanation of why monogenes in John 3:16 and elsewhere should be translated as "only begotten" rather than merely "only" (this is a change from the first edition) A contemporary worship song added at the end of each chapter (while retaining the traditional hymns as well) New discussion on the impassibility of God An extensive discussion on the eternal submission of the Son to the Father, taking into account controversies in recent years Updated section on contemporary worship music A discussion of recent criticisms of the penal substitutionary view of the atonement Numerous other updates and corrections that have been prompted by letters and emails from people around the world and by interaction with the students Wayne has taught over the last 26 years both at Trinity Evangelical Divinity School and at Phoenix Seminary Part of the brilliance of *Systematic Theology* over the years has been its simplicity and ease of use. Each chapter follows the same structure. First, there is discussion of the doctrine being considered, such as justification or the Trinity or the deity of Christ. An explanation of that doctrine's biblical support and possible objections follow. Personal application and key terms to know for personal growth are then provided. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you are someone who thinks theology is hard to understand or boring, then this new edition of *Systematic Theology* will likely change your mind.

What Do the Five Points of Calvinism Really Mean? Many have heard of Reformed theology, but may not be certain what it is. Some references to it have been positive, some negative. It appears to be important, and they'd like to know more about it. But they want a full, understandable explanation, not a simplistic one. *What Is Reformed Theology?* is an accessible introduction to beliefs that have been immensely influential in the evangelical church. In this insightful book, R. C. Sproul walks readers through the foundations of the Reformed doctrine and explains how the Reformed belief is centered on God, based on God's Word, and committed to faith in Jesus Christ. Sproul explains the five points of Reformed theology and makes plain the reality of God's amazing grace.
