A 'Behavioural Insights' movement has entered the global policy scene. Drawing from the behavioural sciences, this movement has been pushing novel forms of policy analysis and design, particularly promoting the use of 'nudges' and field experiments. Despite Behavioural Insights' apparent popularity, its contribution to state and society has been appraised divergently. Some see a promise of radical evidence-based government, others a looming manipulative technocracy, and again others a trivial fad. In light of the puzzle posed by these clashing appraisals, this study has explored Behavioural Insights from up close. Based on ethnographic fieldwork in Dutch government, it asks what Behavioural Insights experts actually do, how they are professionalizing and how they 'see'. The result is a rich account of the emerging 'behavioural state', with a sharper understanding of its varieties, tensions and ambiguities.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

An alphabetical history of one of rock's heaviest bands...Metallica! Featuring hard-rocking rhymes and bold illustrations, *The ABCs of Metallica* looks back at the remarkable history of one of rock 'n' roll's most celebrated groups. Each letter of the alphabet highlights a significant moment along the band's journey, from their humble *Garage Days*, to their numerous classic albums such as ...*And Justice for All* and *Master of Puppets*, to biographical information on the band members themselves. The book is sure to entertain young readers as well as diehard fans of all ages. A portion of the proceeds will benefit Metallica's *All Within My Hands* Foundation, which is dedicated to creating sustainable communities by supporting workforce education, the fight against hunger, and other critical local services.

The updated version of McIver's bestselling biography explores the aftermath of Metallica's comeback in the wake of 2008's *Death Magnetic*. The band entering the *Rock And Hall Of Fame*, toured as the leading member of the *Big Four Of Thrash* alongside *Slayer*, *Megadeth* and *Anthrax* Establishing their own *Orion* festival Embarking on side projects aplenty (Lars Ulrich as an actor, Kirk Hammett as a horror buff) and recorded what is possibly the most despised record in heavy metal history, a collaboration with Lou Reed titled *Lulu*. Here McIver reveals a refreshing new spin on the *Lulu* album, re-evaluating its contents in the light of Reed's death in 2013.

Metallica is one of the most successful hard-rock bands of all time, having sold more than ninety million albums worldwide. Receiving unique, unfettered access, acclaimed filmmakers Joe Berlinger and Bruce Sinofsky followed Metallica over two and a half years as they faced monumental personal and professional challenges that threatened to destroy the bands just as they returned to the studio to record their first album in four years. While the documentary itself provides an insider's view of Metallica, the two and a half years of production (and more than 1,600 hours of footage) garnered far more than can be expressed in a two-hour film. Berlinger's book about the experience reveals the stories behind the film, capturing the energy, uncertainty, and ultimate triumph of both the filming and Metallica's bid for survival. It weaves the on-screen stories together with what happened off-screen, offering intimate details of the band's struggle amidst personnel changes, addiction, and controversy. In part because Berlinger was one of the only witnesses to the intensive group-therapy sessions and numerous band meetings, his account of his experience filming the band is the most honest and deeply probing book about Metallica - or any rock band - ever written. This is the book both Metallica and film fans have dreamed of - a stark and honest look at one of rock's most important bands through the eyes of the most provocative documentary filmmakers working today.

Travel to one of the most dynamic cities in the world in the company of the finest writers. Twenty stories by writers from Amsterdam are set around the canals, the red light district, Central Station, cafes and working-class neighborhoods. Many stories appear in English for the first time. Contributors include Harry Mulisch, Cees Nooteboom, Marga Minco, and Bas Heijne among others. 1 map.

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

Note: In order to view the answers in this eBook edition, please use the 'Answers on this page' button which can be found at the end of each individual section of questions. Celebrating 10 years of one of the most successful quiz shows on television and the most formidable quiz team in Britain: Can you beat the Eggheads? Day after day, courageous teams from across the country pit their wits against the seemingly unbeatable Eggheads. Now, in the all new Ultimate Eggheads Quiz Book, you and your family and friends can join in with one of the toughest quiz shows on TV and find out just how knowledgeable you are. Whether you're a history buff or music mad, test your trivia know-how and try your luck against the most accomplished quiz team in the country and find out whether you're a worthy opponent. Packed with over 1,500 questions designed to test you on a variety of specialist subjects as well as your general knowledge, The Ultimate Eggheads Quiz Book is the ultimate companion to the country's favourite quiz show.

Illuminating the moral dilemmas that lie at the heart of a slaveholding society, this book tells the story of a young slave who was sexually exploited by her master and ultimately executed for his murder. Celia was only fourteen years old when she was acquired by John Newsom, an aging widower and one of the most prosperous and respected citizens of Callaway County, Missouri. The pattern of sexual abuse that would mark their entire relationship began almost immediately. After purchasing Celia in a neighboring county, Newsom raped her on the journey back to his farm. He then established her in a small cabin near

his house and visited her regularly (most likely with the knowledge of the son and two daughters who lived with him). Over the next five years, Celia bore Newsom two children; meanwhile, she became involved with a slave named George and resolved at his insistence to end the relationship with her master. When Newsom refused, Celia one night struck him fatally with a club and disposed of his body in her fireplace. Her act quickly discovered, Celia was brought to trial. She received a surprisingly vigorous defense from her court-appointed attorneys, who built their case on a state law allowing women the use of deadly force to defend their honor. Nevertheless, the court upheld the tenets of a white social order that wielded almost total control over the lives of slaves. Celia was found guilty and hanged. Melton A. McLaurin uses Celia's story to reveal the tensions that strained the fabric of antebellum southern society. Celia's case demonstrates how one master's abuse of power over a single slave forced whites to make moral decisions about the nature of slavery. McLaurin focuses sharply on the role of gender, exploring the degree to which female slaves were sexually exploited, the conditions that often prevented white women from stopping such abuse, and the inability of male slaves to defend slave women. Setting the case in the context of the 1850s slavery debates, he also probes the manner in which the legal system was used to justify slavery. By granting slaves certain statutory rights (which were usually rendered meaningless by the customary prerogatives of masters), southerners could argue that they observed moral restraint in the operations of their peculiar institution. An important addition to our understanding of the pre-Civil War era, *Celia, A Slave* is also an intensely compelling narrative of one woman pushed beyond the limits of her endurance by a system that denied her humanity at the most basic level.
