4 Reasons to Use Semicolons. To separate clauses; To create variety; To emphasize relatedness; To separate items in a complex list

How to Use Semicolons | Grammar Girl

A semicolon is most widely used to connect two separate but closely linked clauses in one sentence. When used to combine two or more parts in one sentence, all parts are given equal status. Semicolons, like commas, suggest a pause — longer than the one of a comma, but short of that of a full stop. When can I use a semicolon?

Readable grammar 101: semicolons – Readable

Use a semicolon before such words and terms as namely, however, therefore, that is, i.e., for example, e.g., for instance, etc., when they introduce a complete sentence. It is also preferable to use a comma after these words and terms. Example: Bring any two items; however, sleeping bags and tents are in short supply. Rule 3.

Semicolons | Semicolon Rules | Semicolon Usage and Examples

Using Semicolons Semicolons are used for making lists clearer and for controlling the flow of text from one sentence to the next. Using Semicolons in Lists Semicolons can be used in lists to outrank any commas which appear in list items. That's less complicated than it sounds. This is a normal list: the master, the servant, and the cook

a comma does but less than a period does. Here are the two most common uses of the semicolon: 1. To help separate items in a list, when some of those items already contain commas.

Semicolons, colons, and dashes – The Writing Center ...

The Quick Answer It is usual to use commas to separate the items in a list. However, when the list items themselves contain commas, you can "outrank" those commas by using semicolons as the separators for your list items. Look at this list:

Semicolons in Lists - Grammar Monster

You can also use a semicolon when you join two independent clauses together with one of the following conjunctive adverbs (adverbs that join independent clauses): however, moreover, therefore, consequently, otherwise, nevertheless, thus, etc.

Commas vs. Semicolons // Purdue Writing Lab

Semicolons are primarily used instead of a period to separate two closely related independent clauses (word groups which can stand as sentence). A semicolon should be used only when the independent clauses are so closely related, they seem to belong in one sentence.

Filled with new, bite-size writing tips, fun quizzes and puzzles, and efficient memory tricks, The Grammar Devotional gives you a daily dose of knowledge to improve your writing and also serves as a lasting reference you'll use for years to come.

A page-turning, existential romp through the life and times of the world's most polarizing punctuation mark The semicolon. Stephen King, Hemingway, Vonnegut, and Orwell detest it. Herman Melville, Henry James, and Rebecca Solnit love it. But why? When is it effective? Have we been misusing it?

Should we even care? In *Semicolon*, Cecelia Watson charts the rise and fall of this infamous punctuation mark, which for years was the trendiest one in the world of letters. But in the nineteenth century, as grammar books became all the rage, the rules of how we use language became both stricter and more confusing, with the semicolon a prime victim. Taking us on a breezy journey through a range of examples—from Milton’s manuscripts to Martin Luther King Jr.’s “Letters from Birmingham Jail” to Raymond Chandler’s *The Big Sleep*—Watson reveals how traditional grammar rules make us less successful at communicating with each other than we’d think. Even the most die-hard grammar fanatics would be better served by tossing the rule books and learning a better way to engage with language. Through her rollicking biography of the semicolon, Watson writes a guide to grammar that explains why we don’t need guides at all, and refocuses our attention on the deepest, most primary value of language: true communication.

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

More people write for The Associated Press than for any newspaper in the world, and writers-nearly two million of them-have bought more copies of The AP Stylebook than of any other journalism reference. It provides facts and references for reporters, and defines usage, spelling, and grammar for editors. There are separate sections for journalists specializing in sports and business, and complete guidelines for how to write photo captions, file copy over the wire, proofread text, handle copyrights, and avoid libel. This edition of The AP Stylebook keeps pace with world events, common usage, and AP procedures.

A witty, informative guide to writing from Random House's longtime copy chief and one of Twitter's leading language gurus--a twenty-first-century Elements of Style. We're all of us writers: We write term papers and office memos, letters to teachers and product reviews, appeals to politicians, journals, and blog entries. Some of us write books. All of us write emails. And we all want to write them better: We want to make our points more clearly, more elegantly; we want our writing to be appreciated, to be more effective; we want--to be quite honest--to make fewer mistakes. Benjamin Dreyer is here to help. As authoritative as it is amusing, Dreyer's English distills everything Random House copy chief Benjamin Dreyer has learned from the scores of books he has copyedited into a useful guide not just for writers but for everyone who wants to put their best foot forward in writing prose. Dreyer offers lessons on the ins and outs of punctuation and grammar, including how to navigate the words he calls the confusables, such as tricky homophones; the myriad ways to use (and misuse) a comma; and how to recognize--though not necessarily do away with--the passive voice. People are sharing their writing more than ever and

this book lays out, clearly and comprehensibly, everything writers can do to keep readers focused on the real reason writers write: to communicate their ideas clearly and effectively. Chockful of advice, insider wisdom, and fun facts on the rules (and nonrules) of the English language, this book will prove invaluable to everyone who wants to shore up their writing skills, mandatory for people who spend their time editing and shaping other people's prose, and--perhaps best of all--an utter treat for anyone who simply revels in language.

Friends Question Mark, Exclamation Point, Period, and Comma have a hard time playing together until a newcomer to their group shows them how to communicate clearly and get along.

"Hilarious...This book charmed my socks off." —Patricia O'Conner, *New York Times Book Review* Mary Norris has spent more than three decades working in *The New Yorker's* renowned copy department, helping to maintain its celebrated high standards. In *Between You & Me*, she brings her vast experience with grammar and usage, her good cheer and irreverence, and her finely sharpened pencils to help the rest of us in a boisterous language book as full of life as it is of practical advice. Named a Best Book of the Year by NPR, Amazon, Wall Street Journal, Publishers Weekly, Kirkus, and Library Journal.
