Collins Integrated science for the Caribbean is an activity-led course set in contexts relevant to the Caribbean. Suitable for lower secondary students in all parts of the Caribbean, this course has been specially developed to help students develop the skills they need for success in science.

Pupils will prepare for the Key Stage 3 tests as they work through the materials and exercises that relate directly to the National Curriculum. Pupil progression, motivation and comprehension is enhanced by the use of examples placed in the context of real literacy and non-literacy extracts. Mixed-ability classes can be taught using the differentiated material at introductory, intermediate and advanced levels. The exercises can be completed by pupils either in the classroom or for homework, using the activity sheets in each book which have been specially designed for photocopying. The latest techniques have been employed to provide teachers with an up-to-date and exciting approach.

THE IRISH CULTURE BOOK is a photocopiable resource book of activities designed to foster discussion on aspects of Irish culture. It can be used by anyone with an interest in exploring Irish culture, most especially in a learning or multicultural environment. The book is particularly useful for teachers of English as a Second Language (ESL) and can be used by language students as a self-access book. The book can help students develop speaking skills and improve fluency. The conversations deepen critical thinking skills essential for success in a new culture and also for studying in university programs. The book is full of interesting and thought-provoking activities and gives users great opportunities for comparative reflection on their own cultures. There are over 350 questions, over 100 quotations including Irish proverbs; as well as questionnaires, matching and correcting exercises; quizzes and creative problem-solving tasks. All listenings are available to download for free at: www.irishculturebook.com
