Whoopi Goldberg, Eva Longoria, Justina Machado, Mitzi Gaynor, Karen Olivo, Terrence McNally, Norman Lear, and Lin-Manuel Miranda. You can watch an exclusive outtake from the documentary below.

Goldberg juxtaposes two economic classes--poor and rich--in a way that highlights their similarities as well as their differences. All of the subjects are pictured in their homes, their photographs accompanied by comments that the subjects themselves have written.

A passionately urgent call for all of us to unlearn imperialism and repair the violent world we share, from one of our most compelling political theorists In this theoretical tour-de-force, renowned scholar Ariella Aïsha Azoulay calls on us to recognize the imperial foundations of knowledge and to refuse its strictures and its many violences. Azoulay argues that the institutions that make our world, from archives and museums to ideas of sovereignty and human rights to

history itself, are all dependent on imperial modes of thinking. Imperialism has segmented populations into differentially governed groups, continually emphasized the possibility of progress while it tries to destroy what came before, and voraciously seeks out the new by sealing the past away in dusty archival boxes and the glass vitrines of museums. By practicing what she calls potential history, Azoulay argues that we can still refuse the original imperial violence that shattered communities, lives, and worlds, from native peoples in the Americas at the moment of conquest to the Congo ruled by Belgium's brutal King Léopold II, from dispossessed Palestinians in 1948 to displaced refugees in our own day. In *Potential History*, Azoulay travels alongside historical companions—an old Palestinian man who refused to leave his village in 1948, an anonymous woman in war-ravaged Berlin, looted objects and documents torn from their worlds and now housed in archives and museums—to chart the ways imperialism has sought to order time, space, and politics. Rather than looking for a new future, Azoulay calls upon us to rewind history and unlearn our imperial rights, to continue to refuse imperial violence by making present what was invented as “past” and making the repair of torn worlds the substance of politics.

A three-decade-long documentary follows a group of middle-class New York City girls.

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST, NPR, AND KIRKUS REVIEWS A scathing portrait of an urgent new American crisis Over the last two decades, America has been falling deeper and deeper into a statistical mystery: Poverty goes up. Crime goes down. The prison population doubles. Fraud by the rich wipes out 40 percent of the world's wealth. The rich get massively richer. No one goes to jail. In search of a solution, journalist Matt Taibbi discovered the Divide, the seam in American life where our two most troubling trends—growing wealth inequality and mass incarceration—come together, driven by a dramatic shift in American citizenship: Our basic rights are now determined by our wealth or poverty. The Divide is what allows massively destructive fraud by the hyperwealthy to go unpunished, while turning poverty itself into a crime—but it's impossible to see until you look at these two alarming trends side by side. In *The Divide*, Matt Taibbi takes readers on a galvanizing journey through both sides of our new system of justice—the fun-house-mirror worlds of the untouchably wealthy and the criminalized poor. He uncovers the startling looting that preceded the financial collapse; a wild conspiracy of billionaire hedge fund managers to destroy a company through dirty tricks; and the story of a whistleblower who gets in the way of the largest banks in America, only to find herself in the crosshairs. On the other side of the Divide, Taibbi takes us to the front lines of the immigrant dragnet; into the newly punitive welfare system which treats its beneficiaries

as thieves; and deep inside the stop-and-frisk world, where standing in front of your own home has become an arrestable offense. As he narrates these incredible stories, he draws out and analyzes their common source: a perverse new standard of justice, based on a radical, disturbing new vision of civil rights. Through astonishing—and enraging—accounts of the high-stakes capers of the wealthy and nightmare stories of regular people caught in the Divide’s punishing logic, Taibbi lays bare one of the greatest challenges we face in contemporary American life: surviving a system that devours the lives of the poor, turns a blind eye to the destructive crimes of the wealthy, and implicates us all. Praise for *The Divide* “Ambitious . . . deeply reported, highly compelling . . . impossible to put down.”—*The New York Times Book Review* “These are the stories that will keep you up at night. . . . *The Divide* is not just a report from the new America; it is advocacy journalism at its finest.”—*Los Angeles Times* “Taibbi is a relentless investigative reporter. He takes readers inside not only investment banks, hedge funds and the blood sport of short-sellers, but into the lives of the needy, minorities, street drifters and illegal immigrants. . . . *The Divide* is an important book. Its documentation is powerful and shocking.”—*The Washington Post* “Captivating . . . *The Divide* enshrines its author’s position as one of the most important voices in contemporary American journalism.”—*The Independent (UK)* “Taibbi [is] perhaps the greatest reporter on Wall Street’s crimes in the modern era.”—*Salon*

Snapshot of America at a crucial moment of transition.
