Rudolph W. Giuliani 3.71 · Rating details · 2,408 ratings · 199 reviews The minutes and hours following 11th September terror attacks on the World Trade Center posed the greatest challenge to governance in New York City's history. Mayor Rudoph Guiliani had barely escaped with his life in the collapse of the first tower.

Leadership by Rudolph W. Giuliani

4.0 out of 5 stars Leadership - Rudolph Giuliani Reviewed in the United Kingdom on 18 November 2011 If you want a leadership book that communicates the benefits of robust / core values - then this is the one for you. The first few chapters really cement Giuliani's approach to standards and expectations driven by his experiences and values.

Leadership: Amazon.co.uk: Giuliani, Rudolph W.---

Part biography, social science and management text, it is plain to see that the author draws on a host of personal anicdotes to illustrates his leadership traits, that have served the former Mayor successfully, not only in his political career, but throughout his years as a formidable legal authority in the U.S and his personal battle against cancer.

Leadership: Amazon.co.uk: Rudolph W. Giuliani, Ken Kurson---

Rudolph Giuliani knows what it takes to lead a country, at least as far as the emotive strength in the midst of the enormous uncharted crisis of the 9-11 attack of New York City. He stood candidly, without the pretense that he was unaffected. He felt the same pain as anyone who lost people in the attacks. He lost his spiritual advisor -- a priest, as well as others. Leading New York City is ...

Leadership: Giuliani, Rudolph W., Kurson, Ken: Amazon.com---

Secondly Rudy Giuliani himself reads the introduction, and it is a good chapter to hear him read. The reader of the subsequent chapters is Tony Robins and he is also very good. It sounds very authentic and the reader does not take away from the words written. In this book I particularly enjoyed the chapters on September 11, and the chapter on standing up to bullies. The chapter on 9/11 is a ...

Leadership: Rudolph W. Giuliani, Ken Kurson: 9780756794583---

Rudolph W. Giuliani. Abstract: Details his principles of leadership, with personal stories on how he learned the importance of staying calm in the face of attack, the need to stand up to bullies, how a love of reading was instilled in him, how to master new subjects without relying only on the word of experts, and making decisions at the right time.

Leadership (Audiobook on Cassette, 2002) [WorldCat.org]

Leadership Rudolph W. Giuliani Preface 1. Throughout the book Leadership, Mr. Giuliani says that leadership does not simply happen. It can be taught, learned and developed, but it does not happen automatically. 2. "Surround yourself with great people. Have beliefs and communicate them. See things for yourself. Set an example. Stand up to bullies. Deal with first things first. Loyalty is the ...

Leadership by Rudolph W. Giuliani

Rudolph W. Giuliani’s management and decision-making skills have proven to be outstanding through his years as U.S. district attorney and his two terms as mayor of New York City. And on September 11th, 2001, Giuliani emerged as America's steady hand. In this program, Rudolph Giuliani shares with listeners the principles of leadership that guided him then, and throughout his career. He talks about how he was able to take control, show leadership, and make it clear to New Yorkers and the world that under his stewardship, they were in safe hands.

The fascinating account of Rudy Giuliani’s rise to become Mayor of New York City and his eventful years as “emperor of the city” From longtime New York political journalist Andrew Kirtzman, the definitive biography of “America’s Mayor,” Rudy Giuliani, now a member of President Donald Trump’s legal team. The book begins with Giuliani's resignation as U.S. Attorney in 1989, and covers the time period through the immediate aftermath of September 11th. Deeply researched—relying upon numerous interviews with advisors, aides, and adversaries—Rudy Giuliani presents the ultimate look at the man who transformed New York City. Filled with surprising revelations about the Giuliani years, and insights into the man’s character, this is political biography at its finest.

Rudolph Giuliani demonstrates how the leadership skills he practices can be employed successfully by anyone who has to run anything. Opens with a gripping account of Giuliani’s immediate reaction to the September 11 attacks, including a narrow escape from the original crisis command headquarters, and closes with the efforts to address the aftermath during his remaining tenure.

The minutes and hours following 11th September terror attacks on the World Trade Center posed the greatest challenge to governance in New York City's history. Mayor Rudoph Giuliani had barely escaped with his life in the collapse of the first tower. Fires burned furiously near the site as the other buildings verged on collapse. Air Force fighter jets criss-crossed the sky to ward off other attacks. And yet in those moments after the calamity, and in the following days and months, Mayor Giuliani not only steered the city through the crisis, but did so with an assurance and authority that was hailed around the world as a model of courageous leadership. In LEADERSHIP, Giuliani describes vividly the chaos and horror of the twin-towers catastrophe, and explains how the rules of management he enforced as Mayor enabled him to gain control of the emergency. These are also the rules, Giuliani makes clear, that anyone in a leadership position - from the head of a large corporation to the owner of a corner shop - can use to inspire others and achieve concrete results.

The author draws on two decades of reporting on the current mayor of New York to offer a biography of the former prosecutor and controversial Republican.

An assessment of Rudolph Giuliani's tenure as mayor of New York City gives him low marks for performance, but high marks for creating a winning public persona.

Leadership by Rudolph W. Giuliani

NATIONAL BESTSELLER • Senator John McCain tells the story of his great American journey, from the U.S. Navy to his electrifying campaign for the presidency in 2000, interwoven with heartfelt portraits of the mavericks who have inspired him through the years. After five and a half years as a prisoner of war in Vietnam, naval aviator John McCain returned home a changed man. Regaining his health and flight-eligibility status, he resumed his military career, commanding carrier pilots and serving as the navy’s liaison to what is sometimes ironically called the world’s most exclusive club, the United States Senate. Accompanying Senators John Tower and Henry “Scoop” Jackson on international trips, McCain began his political education in the company of two masters, leaders whose standards he would strive to maintain upon his election to the U.S. Congress. There, he learned valuable lessons in cooperation from a good-humored congressman from the other party, Morris Udall. In 1986, McCain was elected to the U.S. Senate, inheriting the seat of another role model, Barry Goldwater. During his time in public office, McCain has seen acts of principle and acts of craven self-interest. He describes both extremes in these pages, with his characteristic straight talk and humor. He writes honestly of the lowest point in his career, the Keating Five savings and loan debacle, as well as his triumphant moments—his return to Vietnam and his efforts to normalize relations between the U.S. and Vietnamese governments; his fight for campaign finance reform; and his galvanizing bid for the presidency in 2000. Writes McCain: “A rebel without a cause is just a punk. Whatever you’re called—rebel, unorthodox, nonconformist, radical—it’s all self-indulgence without a good cause to give your life meaning.” This is the story of McCain’s causes, the people who made him do it, and the meaning he found. Worth the Fighting For reminds us of what’s best in America, and in ourselves. Praise for Worth the Fighting For “When [John] McCain writes of people and patriotism, his pages shine with a devotion, a loving awe, that makes Worth the Fighting For worth the shelling out for. . . . McCain the man remains one of the most inspiring public figures of his generation.”—Jonathan Raunch, The Washington Post “[An] unpredictable, outspoken memoir . . . a testimonial to heroism from someone who has first-hand knowledge of what it takes.”—The New York Times

Rudy Giuliani emerged from the smoke of 9/11 as the unquestioned hero of the day: America's Mayor, the father figure we could all rely on to be tough, to be wise, to do the right thing. In that uncertain time, it was a comfort to know that he was on the scene and in control, making the best of a dire situation. But was he really? Grand Illusion is the definitive report on Rudy Giuliani's role in 9/11—the true story of what happened that day and the first clear-eyed evaluation of Giuliani's role before, during, and after the disaster. While the pictures of a soot-covered Giuliani making his way through the streets became very much a part of his personal mythology, they were also a symbol of one of his greatest failures. The mayor's performance, though

marked by personal courage and grace under fire, followed two terms in office pursuing an utterly wrongheaded approach to the city's security against terrorism. Turning the mythology on its head, Grand Illusion reveals how Giuliani has revised his own history, casting himself as prescient terror hawk when in fact he ran his administration as if terrorist threats simply did not exist, too distracted by pet projects and turf wars to attend to vital precautions. Authors Wayne Barrett and Dan Collins also provide the first authoritative view of the aftermath of the 9/11 attacks, recounting the triumphs and missteps of the city's efforts to heal itself. With surprising new reporting about the victims, the villains, and the heroes, this is an eye-opening reassessment of one of the pivotal events—and politicians—of our time.

They call him "America's Mayor." But to blacks that title sugarcoats Rudy Giuliani's real reputation as one of the most racially divisive leaders in the nation. Peter Noel's book puts Giuliani's often-ignored record of oppressing the "other New York" front and center in the 2008 presidential race. Noel was a witness to "Giuliani time" in New York. As the race beat journalist for The Village Voice, he reported exclusively on the police brutality that rained down on blacks, and the denigration of black leadership by Giuliani. In this collection of his exposés, Noel provides stunning insights into the most notorious events of Giuliani's tenure, including the execution-style killing of Amadou Diallo and the sadistic torture of Abner Louima. Both men—like many black victims of Giuliani's stop-and-frisk policing—were innocent of any wrongdoing. This brutality sparked a new black activist movement. Scores, including Jesse Jackson, were arrested—and Peter Noel was there to cover it. No journalist was more insightful about the rise of Al Sharpton, Khalid Muhammad's "Million Youth March," and Giuliani's demonization of David Dinkins, the city's first black mayor. There are interviews with major political players, inside accounts of the shifting alliances and violent conflicts between ethnic groups, and a stinging critique of the white-dominated media. And then there is Peter Noel's interview with Giuliani, which took the form of a street fight in Harlem. In these eloquent, often searing pieces, written in an outraged and authentic voice, Peter Noel spoke truth to the power of an "Afriphobic" mayor. In this revealing book, he still does.
