can turn this interest into a remunerative one, much less a career. Though it may not be easy to get published, this volume explores the various ways teens can get their work published, both online and in printed form. Along with tips on how to polish their writing so that it's publication-ready, readers will also get pragmatic advice on working as a writing tutor, getting a start in journalism, self-publishing, dealing with contracts and editors, marketing themselves, and more.

"Writing Science is built upon the idea that successful science writing tells a story, and it uses that insight to discuss how to write more effectively. Integrating lessons from other genres of writing and years of experience as author, reviewer, and editor, Joshua Schimel shows scientists and students how to present their research in a way that is clear and that will maximize reader comprehension ... Writing Science is a much-needed guide to succeeding in modern science. Its insights and strategies will equip science students, scientists, and professionals across a wide range of scientific and technical fields with the tools needed to communicate effectively and successfully in a competitive industry."--Back cover.

of FOB (“fresh off the boat”) immigrants—his father a cocksure restaurateur with a dark past back in Taiwan, his mother a fierce protector and constant threat. Young Eddie tried his hand at everything mainstream America threw his way, from white Jesus to macaroni and cheese, but finally found his home as leader of a rainbow coalition of lost boys up to no good: skate punks, dealers, hip-hop junkies, and sneaker freaks. This is the story of a Chinese-American kid in a could-be-anywhere cul-de-sac blazing his way through America’s deviant subcultures, trying to find himself, ten thousand miles from his legacy and anchored only by his conflicted love for his family and his passion for food. Funny, moving, and stylistically inventive, *Fresh Off the Boat* is more than a radical reimagining of the immigrant memoir—it’s the exhilarating story of every American outsider who finds his destiny in the margins. Praise for *Fresh Off the Boat* “Brash and funny . . . outrageous, courageous, moving, ironic and true.”—New York Times Book Review “Mercilessly funny and provocative, *Fresh Off the Boat* is also a serious piece of work. Eddie Huang is hunting nothing less than Big Game here. He does everything with style.”—Anthony Bourdain “Uproariously funny . . . emotionally honest.”—Chicago Tribune “Huang is a fearless raconteur. [His] writing is at once hilarious and provocative; his incisive wit pulls through like a perfect plate of dan dan noodles.”—Interview “Although writing a memoir is an audacious act for a thirty-year-old, it is not nearly as audacious as some of the things Huang did and survived even earlier. . . . Whatever he ends up doing, you can be sure it won’t look or sound like anything that’s come before. A single, kinetic passage from

During the tumultuous era of World War II, the city of London shattered under unrelenting bombs dropped by Nazi Germany. Millions of buildings were destroyed or damaged, tens of thousands of civilians were killed, and survivors were left to ask: How can this destruction be part of God's plan? What is God's will in all of this? After City Temple in London was reduced to rubble, Rev. Leslie Weatherhead crafted five sermons on understanding the will of God to help his congregation endure religious doubt as their city—and church—crumbled around them. Weatherhead's sermons were eventually published as *The Will of God*, a resource

What Can You Teach Online from Home Using Your Camcorder, Personal Computer and the Internet? Did you know that you can teach almost any subject online, on the Web at Blackboard.com, (<http://www.blackboard.com>) for a university, community college, continuing education department, or in adult education, or for yourself as an independent contractor in your own personal broadcasting network? Blackboard is where I teach. Founded to transform the Internet into a powerful environment for teaching and learning, Blackboard traces its technology roots to Cornell University. Today, thousands of institutions in 140 countries deliver e-Education services through Blackboard's suite of enterprise systems. If you put up a course at Blackboard.com on the Web or for any similar type of teaching area on the Web, you can teach online independently without anyone hiring you as a teacher. You are an independent consultant, a trainer, an independent contractor, or you can start your own school or one course online and teach. This book is about using your personal computer and your camcorder linked together to teach online from your home any subject you are able to teach, have expertise in, or enjoy researching. This can be a hobby, what you have studied and are credentialed or
