organizations. No other collection of letters or diaries comes close to it. Two days before his regiment left Wisconsin in 1861, the twenty-three-year-old blacksmith began, as he described it, "to keep account" of his life in what became the "Iron Brigade of the West." Ray's journal encompasses all aspects

of the enlisted man's life—the battles, the hardships, the comradeship. And Ray saw most of the war from the front rank. He was wounded at Second Bull Run, again at Gettysburg, and yet a third time in the hell of the Wilderness. He penned something in his journal almost every day—occasionally just a few

lines, at other times  
thousands of words.

Ray's candid  
assessments of officers  
and strategy, his vivid  
descriptions of marches  
and the fighting, and his  
evocative tales of  
foraging and daily army  
life fill a large gap in the  
historical record and  
give an unforgettable  
soldier's-eye view of the  
Civil War.

chapters – in each a specific issue is discussed connected with Bell Beakers. The chapters are divided into three parts concerning consecutively: general problems, issues of the so-called common ware and the character of the Bell Beakers in particular places in Europe. The reader can become acquainted with

interpretations of the whole phenomenon, based on inter-regional similarities – the works of H. Case, M. Vander Linden, L. Salanova, and R. Furestier. The second part consist of the chapters by Ch. Strahm, M. Besse and V. Leonini that focus on the matter of the so-called common ware: some ceramic vessels,

which are not part of the 'beaker set', but accompany it in many regions. That is one of the Bell Beakers' analytical problems, which is still argued about. The three last chapters show the specific features of some regional centers, where Bell Beakers developed, the attention was focused on the Bell

it is characterized by a set of material culture which is occurring in many places Western and Central Europe. On the other hand, in specific areas, these features were relatively easily influenced by the local environment, they got some sort of regional particularities. That is the essence of the Bell Beakers, hence
