Personality in the classroom helps teachers understand themselves and their students: the foundation of success in every classroom. This knowledge can be used to: Help every student make progress by personalising learning; Improve behavior, motivation and confidence; Balance energy, creativity, resilience and control in each lesson; Reduce stress and boredom by engaging every student; Develop leadership skills. Based on the widely respected personality type theory popularised by Myers-Briggs and others this book helps teachers and students understand and adapt natural strengths and styles to bring success across the curriculum.

This work brings together the experience of educators, trainers and students searching for ways of increasing student motivation. Links between motivation and training, learning and assessment processes

are examined through case studies set in a broad range of subject discipline contexts.

Bringing motivation and inspiration to the classroom is not an easy task. *Motivating and Inspiring Students: Strategies to Awaken the Learner* outlines a framework, based on a six-level hierarchy of student needs and goals, that K-12 teachers can use to impart invigorating instruction. This book builds on the themes of *Awaken the Learner: Finding the Source of Effective Education*, which asserts K-12 schools' extreme focus on knowledge and skill acquisition is detrimental to students' growth. The authors--Robert J. Marzano, Darrell Scott, Tina H. Boogren, and Ming Lee Newcomb--share comprehensive understandings of the nature of motivation and inspiration and detail strategies to connect with
