Is there life after death? After a tragic accident, doctors pronounced Richard Sigmund legally dead. Eight hours later, God miraculously brought him back to life on the way to the morgue. During those hours, God allowed him to experience the glorious beauty, heavenly sounds, sweet aromas, and boundless joys of heaven that await every believer. God then returned him back to earth with a mission to tell the world what he saw. You will thrill to Sigmund’s eyewitness accounts of strolling down heaven’s streets of gold, seeing angels playing with children, talking with Jesus, meeting with people from the Bible, as well as departed family and friends, seeing the mansions, and much more! Through Sigmund’s testimony, God restored sight to the blind, hearing to the deaf, and even raised several people from the dead. Also, glimpse into the horrifying reality of “the other place”—a place where no one wants to go.

The other place -- The second throne experience.

After a deadly medical mistake sent a navy sailor to the presence of Jesus, he returned from his near-death experience with new eyes to see the kingdom of heaven in this life. Now he wants to help you experience heaven on earth today. For years Steve Musick kept his amazing story to himself, afraid no one would believe or understand it. A major allergic reaction had stopped his heart, hurling him into a five-week coma and a powerful experience of heaven. After returning to life, he couldn’t forget the memory of that vibrant place—and, most of all, the loving words and touch of Jesus. But that was only the beginning. An amazing series of miracles, dreams, and other supernatural events had been set in motion, showing Steve that heaven was close, even in this life. God was calling him to discover echoes of heaven in the here and now—echoes that can happen at any moment, to anyone—that bring overwhelming joy. At last Steve is ready to tell the story of his journey of a lifetime—two lifetimes. In it you’ll learn the secret of bringing heaven to earth in your everyday world, and how to nurture a relationship with God so real and intimate that you’ll feel his nearness as strongly as Steven did. Experience one man’s incredible vision of heaven—and learn how you can live in God’s presence and power today.

Recounts the story of a young mother who underwent an intense near-death experience after she became unresponsive during a medical emergency, as she discusses the hardships of her past and the impact of the experience on her life.

On April 28, 2006, as he lay in his hospital bed in Ann Arbor, Michigan, visions of celestial beauty were the last thing on Mary Bestman’s mind. He had just had surgery to remove a rare pancreatic tumor. It was after visiting hours and his family had left for the day. Alone and racked with pain, Mary tossed and turned, wanting more than anything else to simply sleep and escape the misery and discomfort for a while. The retired banker, father, and grandfather had no idea he was about to get a short reprieve in the form of an experience he never could have imagined. In My Journey to Heaven, Mary Bestman shares the story of his experience of heaven with astounding detail. Readers will hear of his encounters with angels who accompanied him to the gate, his conversation (argument, really) with St. Peter, and his recognition of friends and family members who touched his life. His story offers peace, comfort, and encouragement to those who have lost loved ones and gives security and solace to those who are grieving, dying, or wonder about the afterlife. Mary believed God sent him back to earth to fulfill this mission of comfort and reminds readers that God has work for each of us to do before he calls us to be with him in heaven. Secure in his belief that his book was the fulfillment of his own mission, Marv returned to heaven in January 2012.

A doctor’s account of her own experience of death, heaven and return to life with a new realization of her purpose on earth. Dr Mary Neal, an orthopaedic surgeon, was on a kayaking holiday in Chile. Sceptical of near death experiences, she was to have her life transformed when her kayak became wedged in rocks at the bottom of a waterfall and was underwater for so long that her heart stopped.To Heaven And Back is Mary’s faith-enriching story of her spiritual journey, her first-hand experience of heaven and its continuing life-enhancing effects.

On December 23, 1966, eighteen-year-old Gary Wood was driving with his younger sister Sue along a dark street in their hometown. They were heading home, singing Christmas songs, when Sue spotted an illegally parked tow truck sticking into their lane of traffic. Her scream pierced the night only a moment before the car crashed headlong into the obstruction. Join Dr. Wood as he recaps his miraculous experience of twenty minutes spent in A Place Called Heaven. Just before he returned to earth, Gary was commissioned by Jesus to make Him real to people, wherever he went. In the time since, he has overcome medical mysteries and the threats of unfriendly bikers, all while thanking God for his inspired life.

The following story describes my journey into Heaven and subsequent return to life, all as a result of massive head trauma sustained while vacationing in Playa Del Carmen, Mexico 21 years ago, on 9/11/1993. It will describe visions as well as deep feelings that moved me to the core of my being. It will go on to briefly give some background into facets of my life and experiences that I had before and after that “accident” that relate somehow to the understanding and clarity that this event has brought to me and how I continue to discover the benefits of passing over to the “other side”. Some things are evident to anyone who reads this and some remain relative in more obscure ways. My hope would be that my words and experience with an afterlife will comfort those people who struggle with a fear and concern, either for themselves or someone close to them that has made this journey on their own. I have kept this to myself for all these years initially out of fear of accepting it, and then out of my inability to accurately describe the sequence of events and the meaning of it all. My best guess and my overwhelming belief is that this journey of mine represents the exact path and result of nearly everyone who has left us. I was “blessed” with a return ticket and a feeling that it is my onus to share what so few get to experience.
