The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

Globalisation implies widening and deepening integration with the globe, i.e. with people and processes abroad. Globalisation is widely seen as the most important factor that could influence economies of nations the world over in the new millennium. The rapid advancement in information technology and communications has made it not just possible but absolutely essential for economies of the world to adapt or fall by the wayside. This volume is a collection of 26 academic and research papers contributed by scholars in the field belonging to reputed universities and centres of academic excellence in India. This work, it is hoped, will generate meaningful debate and discussion on this topical subject affecting the lives of the people across the board.
