The seventh edition of Operations and Supply Chain Management for MBAs is the definitive introduction to the fundamental concepts of supply chain and operations management. Designed specifically to meet the needs of MBA students, this market-leading book offers clear presentation of topics such process planning and design, capacity and location planning, schedule and inventory management, and enterprise resource planning. A strategic, conceptual approach helps readers comprehend the contemporary issues they will soon be facing in industry. This concisely-formatted volume enables instructors to customize their courses for the unique requirements of MBA programs. Each chapter integrates material directly into the text rather than sidebars, highlights, and other pedagogical devices to achieve a smooth, easy-to-read narrative flow. Carefully selected questions prompt discussions that complement the mature, more experienced nature of MBA students, while case studies and supplementary materials illustrate key concepts and practices. Topics such as outsourcing and global sourcing, the role of information technology, and global competitiveness strategies assist students to understand working and competing in

the globalized economy.

"Today, companies are competing in a very different environment than they were only a few years ago. Rapid changes such as a globally interconnected environment, the Internet, big data analytics, advances in technology, and sustainability imperatives have required businesses to adapt their standard practices. Operations management (OM) is the critical function through which companies can succeed in this competitive landscape. Operations management concepts are not confined to one department. Rather, they are far-reaching, affecting every functional aspect of the organization. Whether studying accounting, finance, human resources, information technology, management, marketing, or purchasing, students need to understand the critical impact operations management has on any business"--

The thoroughly Revised & Updated 7th edition of the book "Comprehensive Guide to SBI Bank PO Exam" is based on the new pattern - Preliminary and Main. The book covers all the 3 sections asked in the Preliminary Exam and the 4 sections asked in the Main exam - English Language, Data Analysis & Interpretation, Reasoning & Computers and General/Banking/Economy Awareness. The theory of the book has been updated as per the various questions asked in the past examination as conducted by the SBI. The book provides well illustrated theory with exhaustive fully solved examples for learning. This is followed with an exhaustive collection of solved questions in the form of Exercise. The book provides separate sections for General Awareness including Banking Knowledge, Computer Knowledge and Marketing Aptitude. The book incorporates fully solved 2011 - 2017 papers.

'Supply Chain Management' illustrates the key drivers of good supply chain management in order to help students understand what creates a competitive advantage. It also provides strong coverage of analytic skills so that students can gauge the effectiveness of the techniques described.

Traditionally, international business (IB) texts survey the field from a USA perspective, going on to compare the USA to the rest of the business world. This text addresses IB from a purely multinational perspective. International Business is examined from the USA angle, going on to address IB issues from other countries' perspectives, what we call the "Reverse Perspective." The authors interview business executives and politicians from a number of countries including the USA, Canada, Mexico, Brazil, Colombia, Argentina, India, Hong Kong, Taiwan, China, Japan, South Korea, Germany, Italy, and Russia. These interviews are incorporated at appropriate points in the text providing first-hand information and practical insight. Cases include: Air Arabia, Gap, Diebold Inc, Matsushita, AMSUPP, NIKE, China Eastern Airlines, Luton & Dunstable Hospital, Harley Davidson, Cassis de Dijon, Green investments in Belize, Chicago Food and Beverage Company, Advanced Software Analytics

Traditionally, international business (IB) texts survey the field from a U.S. perspective, going on to compare the U.S. to the rest of the business world. This text addresses IB from a purely multinational perspective. International Business is examined from the U.S. angle, going on to address IB issues from other countries' perspectives, what we call the "Reverse Perspective". In accomplishing the U.S. and the Reverse Perspective approaches, the authors interview business executives and politicians from a number of countries, i.e. the U.S., Canada, Mexico, Brazil, Colombia, Argentina, India, Hong Kong, Taiwan, China, Japan, South Korea, Germany, Italy, Russia, etc. The interviews are incorporated at appropriate points in the text as first-hand information providing a multinational flavor to IB from each country's representatives. Cases include: Air Arabia, Gap, Diebold Inc, Matsushita, AMSUPP, NIKE, China Eastern Airlines, Luton & Dunstable Hospital, Harley Davidson, Cassis de Dijon, Green investments in Belize, Chicago Food and Beverage Company, Advanced Software Analytics \* Covers international business issues from a multinational perspective. A focus on different groups of countries, i.e. developed, newly developed, developing, EU. \* Unique structure with multinational issues covered in the first four parts. Then specific countries of the world presented in the fifth part where multinational/IB issues from the first four parts become especially meaningful. \* Each chapter features
