Mama of ten Abbie Halberstadt helps women humbly and gracefully rise to the high calling of motherhood without settling for mediocrity or losing their minds in the process. Motherhood is a challenge. Unfortunately, our worldly culture offers moms little in the way of real help. Moms only connect to celebrate surviving another day and to share in their misery rather than rejoice in what God has done and to build each other up in hard times. There has to be a better way, a biblical way, for moms to grow and thrive. As a daughter of Christ, you have been called to be more than an average mom. Attaining excellence doesn't have to be unsettling but it will take committed focus and a desire to parent well according to God's grace and for His glory. M is for Mama offers advice, encouragement, and scripturally sound strategies seasoned with a little bit of humor to help you embrace the challenge of biblical motherhood and raise your children with love and wisdom. Mama, you are worthy of the awesome responsibility God has given you. Now it's time to start believing you can live up to it.

From 2001 to 2009, General Motors Corporation produced the powerful 8.1L Vortec/496 CID engine for trucks, boats, and more. From factory engines to aftermarket manufacture, Larry Hofer and Don Taylor cover the ins and outs of increasing horsepower and modifying torque for increased performance to suit your needs.
