Hanging out with demons can be hell.... It's been three months since psychologist Megan Chase made the stunning discovery that the world is filled with demons, and once more the situation is too hot to handle. Ironically, Megan -- the only person in the world without a little personal demon sitting on her shoulder -- has become the leader of a demon "family," but now some unknown arcane power is offing her demons in a particularly unpleasant fashion. And while her demon lover Greyson Dante is still driving her wild with desire, he's also acting strangely evasive. Then there's the truth about Megan's past -- the truth she's never known. Caught between personal problems and personal demons, Megan is having one hell of a hard time. Will the help of her Cockney guard demons and her witch friend Tera be enough so that Megan can finally resolve the past, survive the present, and face the future?

Megan promises listeners to her new radio call-in show that she'll "slay their personal demons," and they believe her. So do the personal demons. Although she doesn't know it, Megan is the only human without a personal demon on her shoulder. This, coupled with her psychic abilities, makes her a valuable weapon for any demon "family" that can gain her allegiance. It also makes her a serious threat -- not just to the personal demons, but to a soul-sucker known as The Accuser who has an old score to settle. Megan and her allies -- a demon lover who both protects and seduces her with devilish intensity, a witch with poor social skills, and three cockney guard demons -- have to deal not only The Accuser, the personal demons, and the ghosts of Megan's past, but a reporter who threatens to destroy Megan's career.

Cop and conjurer of demons, she's a woman in danger of losing control—to a power that could kill. . . . Why me? Why now? That's what Beaulac, Louisiana, detective Kara Gillian was asking herself when an angelic creature named Rhyzkahl unexpectedly appeared during a routine summoning. Kara was hoping to use her occult skills to catch a serial killer, but never had she conjured anything like this unearthly beautiful and unspeakably powerful being whose very touch set off exquisite new dimensions of pleasure. But can she enlist his aid in helping her stop a killer who's already claimed the lives—and souls—of thirteen people? And should she? The Symbol Man is a nightmare that the city thought had ended three years ago. Now he's back for an encore and leaving every indication on the flesh of his victims that he, too, is well versed in demonic lore. Kara may be the only cop on Beaulac's small force able to stop the killer, but it is her first homicide case. Yet with Rhyzkahl haunting her dreams, and a handsome yet disapproving FBI agent dogging her waking footsteps, she may be in way over her head. . . .

Karen Marie Moning raves that Stacia Kane "delivers dark, sexy urban fantasy at its finest." Now Kane introduces her most addictive antihero yet: a Las Vegas PI who makes his own luck—and embodies everything that's oh-so-right with Sin City. A lot of bad hands get dealt in Vegas, but E. L. Speare may be holding one of the worst: He's cursed with the need to commit sins, and if he misses his daily quota, there's hell to pay—literally. Fortunately, his hometown affords him plenty of chances to behave badly. But Speare's newest case really has him going out on a limb. The right-hand man of a notorious crime boss has been found dead in a Dumpster—minus his right hand, not to mention the rest of his arm. What catches Speare's attention, however, is that the missing appendage was severed clean by a demon-sword, a frighteningly powerful tool of the underworld. Speare's out of his element, so he turns to a specialist: Ardeth Coyle, master thief, dealer in occult artifacts, and bona fide temptress. Ardeth's hotter than a Las Vegas sidewalk on the Fourth of July, but she's one sin Speare has to resist. The dismembered corpses are piling up, unimaginable evil lurks in the shadows, and if this odd couple hopes to beat the odds, Speare needs to keep his hands off Ardeth, and his head in the game. Praise for Made for Sin "Fresh and inventive."—Fang-tastic Fiction "Fast-paced and entertaining. . . . This is a must-read for fans of urban fantasy and paranormal romance."—Night Owl Romance

THE DEPARTED HAVE ARRIVED. The world is not the way it was. The dead have risen, and the living are under attack. The powerful Church of Real Truth, in charge since the government fell, has sworn to reimburse citizens being harassed by the deceased. Enter Chess Putnam, a fully tattooed witch and freewheeling ghost hunter. She's got a real talent for banishing the wicked dead. But Chess is keeping a dark secret: She owes a lot of money to a murderous drug lord named Bump, who wants immediate payback in the form of a dangerous job that involves black magic, human sacrifice, a nefarious demonic creature, and enough wicked energy to wipe out a city of souls. Toss in lust for a rival gang leader and a dangerous attraction to Bump's ruthless enforcer, and Chess begins to wonder if the rush is really worth it. Hell, yeah. BONUS: This edition contains an excerpt from Stacia Kane's Unholy Magic.

IT'S A THIN LINE BETWEEN ALIVE AND UNDEAD. Chess Putnam has a lot on her plate. Mangled human corpses have started to show up on the streets of Downside, and Chess's bosses at the Church of Real Truth have ordered her to team up with the ultra-powerful Black Squad agency to crack the grisly case. Chess is under a binding spell that threatens death if she talks about the investigation, but the city's most notorious crime boss—and Chess's drug dealer—gets wind of her new assignment and insists on being kept informed. If that isn't bad enough, a sinister street vendor appears to have information Chess needs. Only he's not telling what he knows, or what it all has to do with the vast underground City of Eternity. Now Chess will have to navigate killer wraiths, First Elders, and a lot of seriously nasty magic—all while coping with some not-so-small issues of her own. And the only man Chess can trust to help her through it all has every reason to want her dead.

Mathews uses a limited definition of paranormal, and examines works set, for the most part, in a relatively realistic modern world inhabited by both humans and paranormal beings.

As a Debunker, Chess Putnam is used to investigating reports of suspected hauntings and sending ghosts back to the City of Eternity beneath the surface of the earth. What she isn't used to is having suburban housewives refusing to acknowledge the presence of ghosts in their homes. There are lots of reasons why someone might harbor a spirit, and none of them are good. At least Chess has Terrible on her side. But things are never as black and white as they seem, especially not when love is involved, and Chess finds herself making a decision she never thought she'd make.

READING, WRITING, AND RAISING THE DEAD When Chess Putnam is ordered by an infamous crime boss—who also happens to be her drug dealer—to use her powers as a witch to solve a grisly murder involving dark magic, she knows she must rise to the challenge. Adding to the intensity: Chess's boyfriend, Terrible, doesn't trust her, and Lex, the son of a rival crime lord, is trying to reignite the sparks between him and Chess. Plus there's the little matter of Chess's real job as a ghost hunter for the Church of Real Truth, investigating reports of a haunting at a school in the heart of Downside. Someone seems to be taking a crash course in summoning the dead—and if Chess doesn't watch her back, she may soon be joining their ranks. As Chess is drawn into a shadowy world of twisted secrets and dark violence, it soon becomes clear that she's not going to emerge from its depths without making the ultimate sacrifice.
