Fernando Pessoa (1888–1935) - a poet who lived most his life in Lisbon, Portugal, and who died in obscurity there - has in recent years gained international recognition as one of the greatest writers of the twentieth century. Now Richard Zenith has collected in a single volume all the major poetry of one of the most extraordinary poetic talents the century has produced (Microsoft Network's Reading Forum). Fernando Pessoa was as much a creator of personas as he was of poetry, prose, and criticism. He wrote under numerous heteronyms, literary alter egos with fully fleshed identities and writing styles, who supported and criticized each other's work in the margins of his drafts and in the literary journals of the time. From spare minimalism to a revolutionary exuberance that recalls Leaves of Grass, Pessoa's oeuvre was radically new and anticipated contemporary literary concerns to an unnerving degree. The first comprehensive edition of Pessoa's poetry in the English language, *Fernando Pessoa & Co.* is a work of extraordinary depth and poetic precision. Zenith's selection of Pessoa is a beautiful one-volume course in the soul of the twentieth century. — Booklist

The books in the Florida and the Caribbean Open Books Series demonstrate the University Press of Florida's long history of publishing Latin American and Caribbean studies titles that connect in and through Florida, highlighting the connections between the Sunshine State and its neighboring islands. Books in this series show how early explorers found and settled Florida and the Caribbean. They tell the tales of early pioneers, both foreign and domestic. They examine topics critical to the area such as travel, migration, economic opportunity, and tourism. They look at the growth of Florida and the Caribbean and the attendant pressures on the environment, culture, urban development, and the movement of peoples, both forced and voluntary. The Florida and the Caribbean Open Books Series gathers the rich data available in these architectural, archaeological, cultural, and historical works, as well as the travelogues and naturalists' sketches of the area in prior to the

twentieth century, making it accessible for scholars and the general public alike. The Florida and the Caribbean Open Books Series is made possible through a grant from the National Endowment for the Humanities and the Andrew W. Mellon Foundation, under the Humanities Open Books program.
