A saga set against the backdrop of the ancient Punic Wars describes Hannibal's struggle against the Roman Republic, his decision to attack

Download Ebook *Pride Of Carthage* David Anthony Durham

Rome via a land route deemed impossible, and a young Roman military leader who defeated him.

This epic retelling of the legendary Carthaginian military leader's assault on the Roman empire begins in Ancient Spain, where Hannibal Barca sets out with tens of thousands of soldiers and 30 elephants. After conquering the Roman city of Saguntum, Hannibal wages his campaign through the outposts of the empire, shrewdly befriendng peoples disillusioned by Rome and, with dazzling tactics, outwitting the opponents who believe the land route he has chosen is impossible. Yet Hannibal's armies must take brutal losses as they pass through the Pyrenees mountains, forge the Rhone river, and make a winter crossing of the Alps before descending to the great tests at Cannae and Rome itself. David Anthony Durham draws a brilliant and complex Hannibal out of the scant historical record—sharp, sure-footed, as nimble among rivals as on the battlefield, yet one who misses his family and longs to see his son grow to manhood. Whether portraying the deliberations of a general or the calculations of a common soldier, vast multilayered scenes of battle or moments of introspection when loss seems imminent, Durham brings history alive.

Hannibal's struggle against the Roman Republic, his decision to attack Rome via a land route deemed impossible, and a young Roman military leader who defeated him.

In ancient Rome, parents used to silence misbehaving children with the utterance 'Hannibal ad portas' (Hannibal is at the door). Such was the fear and awe that Hannibal Barca instilled... Told in arcing, epic technicolour, this is the story of one of the ancient world's most remarkable figures and the long, bloody conflict between the two 'superpowers' of the times - the Second Punic War (218-202BC) - that hinged on the genius, the ambition and the personal tragedies of Hannibal Barca of Carthage, whose military prowess became the stuff of legend, and Publius Scipio of Rome. History, of course, tells us the outcome: that Rome would be the victor, surviving to become a colossal imperial power, while Carthage would be all but erased from history. It was, however, a close run thing. And the world might have been a very different place had Hannibal succeeded in thwarting the might of Rome. PRIDE OF CARTHAGE is a sweeping, thrilling story of ancient warfare, of armies traversing frozen snow-covered mountains, of battles won or lost by brilliant generals fighting in ingenious, cunning ways. And it's a story teeming with superbly drawn, memorable characters and players, historical and imagined - from Numidian

horsemen and the Roman legions to the slaves and freemen from all corners of the ancient Mediterranean world...

Leodan Akaran, the ruler of an idyllic empire, hides the dark realities of their prosperity from his children, until an assassin from the Mein, a race exiled to a stronghold in the north, strikes him down and frees his children.

When he learns that his pregnant wife has been spirited off to a distant city, William responds as any man might—he drops everything to pursue her. But as a fugitive slave in Antebellum America, he must run a terrifying gauntlet, eluding the many who would re-enslave him while learning to trust the few who dare to aid him on his quest. Among those hunting William is Morrison, a Scot who as a young man fled the miseries of his homeland only to discover even more brutal realities in the New World. Bearing many scars, including the loss of his beloved brother, Morrison tracks William for reasons of his own, a personal agenda rooted in tragic events that have haunted him for decades. Following up on his award-winning debut, *Gabriel's Story*, David Anthony Durham presents another riveting tale, a brilliantly drawn portrait of America before the Civil War, and a provocative meditation on racial identity, freedom and equality.

Queen Corinn masters spells found in the ancient Book of Elenet, while her younger brother embarks on a perilous mission to the Other Lands, and her sister travels north to confront an invasion by the fearsome Auldek.

A novel of the legendary gladiator Spartacus and the vast slave revolt he led that came ever so close to bringing Rome, with its supposedly invincible legions, to its knees.

When Gabriel Lynch moves with his mother and brother from a brownstone in Baltimore to a dirt-floor hovel on a homestead in Kansas, he is not pleased. He does not dislike his new stepfather, a former slave, but he has no desire to submit to a life of drudgery and toil on the untamed prairie. So he joins up with a motley crew headed for Texas only to be sucked into an ever-westward wandering replete with a mindless violence he can neither abet nor avoid—a terrifying trek he penitently fears may never allow for a safe return. David Anthony Durham is a genuine talent bent on devastating originality and Gabriel's Story is as formidable a debut as we have witnessed.

he writes next." —George R. R. Martin David Anthony Durham's gripping Acacia Trilogy continues with an epic novel where loyalties are tested, new worlds are discovered, and battle lines are being drawn. A few years have passed since Queen Corinn has usurped control of the Known World—and she now rules with an iron fist. With plans to expand her empire, she sends her brother, Dariel, on an exploratory mission across the sea to The Other Lands. There, he discovers an alliance of tribes that have no interest in being ruled by Queen Corinn and the Akarans. In fact, Dariel's arrival ignites a firestorm that once more exposes The Known World to a massive invasion, one unlike anything they have yet faced . . .
