to the mysterious disappearance of leading conspiracy theorist Melanie Ehler, Jack attends a convention of bizarre and avid conspiracy theorists. It's a place where aliens are real, the government is out to get you, and the world is hurtling toward an inevitable war of good versus evil incarnate. Jack finds that nobody can be trusted--and that few people are what they seem. Worse yet, Jack's been having vivid dreams that make him wonder whether he's headed for a clash with his own past--maybe The Tomb's evil rakoshi beasts aren't through with him quite yet. 'In 1958 The Birthday Party was dismissed by all but a few critics and closed after one week's run in London. Since then Harold Pinter has come to be acknowledged as "our best living playwright" (Irving Wardle, The Times) Martin Esslin's study of Pinter's plays has become a standard work since its publication in 1970. This sixth, revised edition - published to mark Pinter's 70th birthday and updated to cover his most recent plays, Moonlight, Ashes to Ashes and

Cast out of the city of Agora where they were left at the end of The Midnight Charter, Mark and Lily must now survive in a dense forest. The strange villages, terrifying nightmares, and powerful witches they find there are even more frightening than Agora with all its slums and secrets. In an adventure that expands with every turn of the page, David Whitley delivers a novel as thrilling and horrifying as his characters' darkest dreams.

An inspiring story of one doctor ' s struggle in a war-torn village in the heart of Sudan In 2007, James Maskalyk, newly recruited by Doctors Without Borders, set out for the contested border town of Abyei, Sudan. An emergency physician drawn to the ravaged parts of the world, Maskalyk spent six months treating malnourished children, coping with a measles epidemic, watching for war, and struggling to

meet overwhelming needs with few resources. Six Months in Sudan began as a blog that Maskalyk wrote from his hut in Sudan in an attempt to bring his family and friends closer to his experiences on the medical front line of one of the poorest and most fragile places on earth. It is the story of the doctors, nurses, and countless volunteers who leave their homes behind to ease the suffering of others, and it is the story of the people of Abyei, who endure its hardship because it is the only home they have. A memoir of volunteerism that recalls Three Cups of Tea, Six Months in Sudan is written with humanity, conviction, great hope, and piercing insight. It introduces us to a world beyond our own imagining and demonstrates how we all can make a difference.
