When Alexandra ("Bo") Fuller was home in Zambia a few years ago, visiting her parents for Christmas, she asked her father about a nearby banana farmer who was known for being a "tough bugger." Her father's response was a warning to steer clear of him; he told Bo: "Curiosity scribbled the cat." Nonetheless, Fuller began her strange friendship with the man she calls K, a white African and veteran of the Rhodesian war. With the same fiercely beautiful prose that won her acclaim for Don't Let's Go to the Dogs Tonight, Fuller here recounts her friendship with K. K is, seemingly, a man of contradictions: tattooed, battle scarred, and weathered by farm work, he is a lion of a man, feral and bulletproof. Yet he is also a born-again Christian, given to weeping when he recollects his failed romantic life, and more than anything else welling up inside with memories of battle. For his war, like all wars, was a brutal one, marked by racial strife, jungle battles, unimaginable tortures, and the murdering of innocent civilians—and K, like all the veterans of the war, has blood on his hands. Driven by K's memories, Fuller and K decide to enter the heart of darkness in the most literal way—by traveling from Zambia through Zimbabwe (formerly Rhodesia) and Mozambique to visit the scenes of the war and to meet other veterans. It is a strange journey into the past, one marked at once by somber reflections and odd humor and featuring characters such as Mapenga, a fellow veteran who lives with his pet lion on a little island in the middle of a lake and is known to cope with his personal demons by refusing to speak for days on end. What results from Fuller's journey is a remarkably unbiased and unsentimental glimpse of men who have killed, mutilated, tortured, and scrambled to survive during wartime and who now must attempt to live with their past and live past their sins. In these men, too, we get a glimpse of life in Africa, a land that besets its creatures with pests, plagues, and natural disasters, making the people there at once more hardened and more vulnerable than elsewhere. Scribbling the Cat is an engrossing and haunting look at war, Africa, and the lines of sanity.

" Fuller brings Africa to life, both its natural splendor and the harsher realities of day-to-day existence, and sheds light on her parents in all their humanness—not a glaring sort of light, but the soft equatorial kind she so beautifully describes in this memoir. " —Bookpage A story of survival and war, love and madness, loyalty and forgiveness, Cocktail Hour Under the Tree of Forgetfulness is an intimate exploration of Fuller ' s parents, whom readers first met in Don't Let's Go to the Dogs Tonight, and of the price of being possessed by Africa ' s uncompromising, fertile, death-dealing land. We follow Tim and Nicola Fuller hopscoatching the continent, restlessly trying to establish a home. War, hardship, and tragedy follow the family even as Nicola fights to hold on to her children, her land, her sanity. But just when it seems that Nicola has been broken by the continent she loves, it is the African earth that revives and nurtures her. Cocktail Hour Under the Tree of Forgetfulness is Fuller at her very best. Alexandra Fuller is the author of several memoirs: Travel Light, Move Fast, Leaving Before the Rains Come and Don't Let's Go to the Dogs Tonight.

From bestselling author Alexandra Fuller, the utterly original story of her father, Tim Fuller, and a deeply felt tribute to a life well lived Six months before he died in Budapest, Tim Fuller turned to his daughter: " Let me tell you the secret to life right now, in case I suddenly give up the ghost." Then he lit his pipe and stroked his dog Harry ' s head. Harry put his paw on Dad ' s lap and they sat there, the two of them, one man and his dog, keepers to the secret of life. " Well?" she said. " Nothing comes to mind, quite honestly, Bobo," he said, with some surprise. " Now that I think about it, maybe there isn ' t a secret to life. It ' s just what it is, right under your nose. What do you think, Harry?" Harry gave Dad a look of utter agreement. He was a very superior dog. " Well, there you have it." Dad said. After her father ' s sudden death, Alexandra Fuller realizes that if she is going to weather his loss, she will need to become the parts of him she misses most. So begins Travel Light, Move Fast, the unforgettable story of Tim Fuller, a self-exiled black sheep who moved to Africa to fight in the Rhodesian Bush War before settling as a banana farmer in Zambia. A man who preferred chaos to predictability, to revel in promise rather than wallow in regret, and who was more afraid of becoming bored than of getting lost, he taught his daughters to live as if everything needed to happen all together, all at once—or not at all. Now, in the wake of his death, Fuller internalizes his lessons with clear eyes and celebrates a man who swallowed life whole. A master of time and memory, Fuller moves seamlessly between the days and months following her father ' s death, as she and her mother return to his farm with his ashes and contend with his overwhelming absence, and her childhood spent running after him in southern and central Africa. Writing with reverent irreverence of the rollicking grand misadventures of her mother and father, bursting with pandemonium and tragedy, Fuller takes their insatiable appetite for life to heart. Here, in Fuller ' s Africa, is a story of joy, resilience, and vitality, from one of our finest writers.

NEW YORK TIMES BESTSELLER • A worthy heir to Isak Dinesen and Beryl Markham, Alexandra Fuller shares visceral memories of her childhood in Africa, and of her headstrong, unforgettable mother. " This is not a book you read just once, but a tale of terrible beauty to get lost in over and over. " —Newweek " By turns mischievous and openhearted, earthy and soaring . . . hair-raising, horrific, and thrilling. " —The New Yorker Though it is a diary of an unruly life in an often inhospitable place, Don ' t Let ' s Go to the Dogs Tonight is suffused with Fuller ' s endearing ability to find laughter, even when there is little to celebrate. Fuller ' s debut is unsentimental and unflinching but always captivating. In wry and sometimes hilarious prose, she stares down disaster and looks back with rage and love at the life of an extraordinary family in an extraordinary time. From 1972 to 1990, Alexandra Fuller—known to friends and family as Bobo—grew up on several farms in southern and central Africa. Her father joined up on the side of the white government in the Rhodesian civil war, and was often away fighting against the powerful black guerrilla factions. Her mother, in turn, hung herself at their African life and its rugged farm work with the same passion and maniacal energy she brought to everything else. Though she loved her children, she was no hand-holder and had little tolerance for neediness. She nurtured her daughters in other ways: She taught them, by example, to be resilient and self-sufficient, to have strong wills and strong opinions, and to embrace life wholeheartedly, despite and because of difficult circumstances. And she instilled in Bobo, particularly, a love of reading and of storytelling that proved to be her salvation. Alexandra Fuller writes poignantly about a girl becoming a woman and a writer against a backdrop of unrest, not just in her country but in her home. But Don ' t Let ' s Go to the Dogs Tonight is more than a survivor ' s story. It is the story of one woman ' s unbreakable bond with a continent and the people who inhabit it, a portrait lovingly realized and deeply felt. Praise for Don ' t Let ' s Go to the Dogs Tonight: " Riveting . . . [full of] humor and compassion. " —O: The Oprah Magazine " The incredible story of an incredible childhood. " —The Providence Journal

The New York Times Bestseller from the author of Travel Light, Move Fast "One of the gutsiest memoirs I've ever read. And the writing—oh my god the writing"—Entertainment Weekly A child of the Rhodesian wars and daughter of two deeply complicated parents, Alexandra Fuller is no stranger to pain. But the disintegration of Fuller ' s own marriage leaves her shattered. Looking to pick up the pieces of her life, she finally confronts the tough questions about her past, about the American man she married, and about the family she left behind in Africa. A breathtaking achievement, Leaving Before the Rains Come is a memoir of such grace and intelligence, filled with such wit and courage, that it could only have been written by Alexandra Fuller. Leaving Before the Rains Come begins with the dreadful first years of the American financial crisis when Fuller ' s delicate balance—between American pragmatism and African fatalism, the linchpin of her unorthodox marriage—irrevocably fails. Recalling her unusual courtship in Zambia—elephant attacks on the first date, sick with malaria on the wedding day—Fuller struggles to understand her younger self as she overcomes her current misfortunes. Fuller soon realizes what is missing from her life is something that was always there: the brash and uncompromising ways of her father, the man who warned his daughter that "the problem with most people is that they want to be alive for as long as possible without having any idea whatsoever how to live." Fuller ' s father—"Tim Fuller of No Fixed Abode" as he first introduced himself to his future wife—was a man who regretted nothing and wanted less, even after fighting harder and losing more than most men could bear. Leaving Before the Rains Come showcases Fuller at the peak of her abilities, threading panoramic vistas with her deepest revelations as a fully grown woman and mother. Fuller reveals how, after spending a lifetime fearfully waiting for someone to show up and save her, she discovered that, in the end, we all simply have to save ourselves. An unforgettable book, Leaving Before the Rains Come is a story of sorrow grounded in the tragic grandeur and rueful joy only to be found in Fuller ' s Africa.

Colton H. Bryant grew up in Wyoming and never once wanted to leave it. Wyoming loved him and he loved it back. Two things helped Colton get through school and the neighbourhood bullies: his best friend Jake and his favourite mantra: Mind over matter-- which meant to him: if you don't mind, it don't matter. Colton and Jake grew up wanting nothing more than the freedom to sleep out under the great Wyoming night sky, and to be just like Jake's dad, Bill, a strong, gentle man of few words who can ride rodeo like nobody's business. When Colton started work as a driller on a rig, despite his young wife begging him to quit, he claimed it was in his blood. Colton did die young and he died on the rig -- falling to his death because the oil company neglected to spend the \$2,000 on safety rails. His family received no compensation. The strong, sad story of Colton H. Bryant's life could not be told without the telling of the land that grew him, where there are still such things as cowboys roaming the plains, where it is relationships that get you through and where a simple, soulful and just man named Colton H. Bryant lived and died.

From bestselling memoirist Alexandra Fuller, a debut novel. Lakota Oglala Sioux Nation, South Dakota. Two Native American cousins, Rick Overlooking Horse and You Choose Watson, though bound by blood and by land, find themselves at odds as they grapple with the implications of their shared heritage. When escalating anger towards the injustices, historical and current, inflicted upon the Lakota people by the federal government leads to tribal divisions and infighting, the cousins go in separate directions: Rick chooses the path of peace; You Choose, violence. Years pass, and as You Choose serves time in prison, Rick finds himself raising twin baby boys, orphaned at birth, in his meadow. As the twins mature from infants to young men, Rick immerses the boys within their ancestry, telling wonderful and terrible tales of how the whole world came to be, and affirming their place in the universe as the result of all who have come before and will come behind. But when You Choose returns to the reservation after three decades behind bars, his anger manifests, forever disrupting the lives of Rick and the boys. A complex tale that spans generations and geography, Quiet Until the Thaw conjures with the implications of an oppressed history, how we are bound not just to immediate family but to all who have come before and will come after us, and, most of all, to the notion that everything was always, and is always, connected. As Fuller writes, "The belief that we can be done with our past is a myth. The past is nudging at us constantly."

The year's best travel writing, as chosen by series editor Jason Wilson and guest editor Alexandra Fuller.
