Short Walks from Bogot á : Journeys in the new Colombia ...

In his book " Short Walks from Bogota," Tom Feiling explores many of the ghosts still haunting this beautiful country, from cocaine trafficking, to paramilitary violence and the FARC. Colombia of the 1990s was the poster child of Dr. King Jr.'s admonition that " violence begets violence," and poor circumstances can have a bastardizing influence.

For decades, Colombia was the 'narcostate'. Now travel to Colombia and South America is on the rise, and it's seen as one of the rising stars of the global economy. Where does the truth lie? Writer and journalist Tom Feiling, author of the acclaimed study of cocaine The Candy Machine, has journeyed throughout Colombia, down roads that were until recently too dangerous to travel, to paint a fresh picture of one of the world's most notorious and least-understood countries. He talks to former guerrilla fighters and their ex-captives; women whose sons were 'disappeared' by paramilitaries; the nomadic tribe who once thought they were the only people on earth and now charge \$10 for a photo; the Japanese 'emerald cowboy' who made a fortune from mining; and revels in the stories that countless ordinary Colombians tell. How did a land likened to paradise by the first conquistadores become a byword for hell on earth? Why is one of the world's most unequal nations also one of its happiest? How is it rebuilding itself after decades of violence, and how successful has the process been so far? Vital, shocking, often funny and never simplistic, Short Walks from Bogota unpicks the tangled fabric of Colombia, to create a stunning work of reportage, history and travel writing.

The creation myth of the United States begins with the plucky English puritans of the Mayflower--but what about the story of its sister ship, the Seaflower. Few people today know the story of the passengers aboard the Seaflower, who in 1630 founded a rival puritan colony on an isolated Caribbean island called Providence. They were convinced that England ' s empire would rise not in barren New England, but rather in tropical Central America. However, Providence became a colony in constant crisis: crops failed, slaves revolted . . . and then there were the pirates. And, as Tom Feiling discovers in this surprising history, the same drama was played out by the men and women who re-settled the island one hundred years later. The Island That Disappeared presents Providence as a fascinating microcosm of colonialism--even today. At first glance it is an island of devout churchgoers - but look a little closer, and you see that it is still dependent on its smugglers. At once intimate and global, this story of puritans and pirates goes to the heart of the contradictory nature of the Caribbean and how the Western World took shape.

This book traverses the cultural landscape of Colombia through in-depth analyses of displacement, local and global cultures, human rights abuses, and literary and media production. Through an exploration of the cultural processes that perpetuate the "darker side" of Latin America for global consumption, it investigates the "condition" that has led writers, filmmakers, and artists to embrace (purposefully or not) the incessant violence in Colombian society as the object of their own creative endeavors. In this examination of mass-marketed cultural products such as narco-stories, captivity memoirs, gritty travel narratives, and films, Herrero-Olaizola seeks to offer a hemispheric approach to the role played by Colombia in cultural production across the continent where the illicit drug trade has made significant inroads. To this end, he identifies the "Colombian condition" within the parameters of the global economy while concentrating on the commodification of Latin America ' s violence for cultural consumption.

One of the most inspiring and successful global leaders of the early 21st century explains how bold, imaginative leadership can solve even the most intractable problems—and why there is no such thing as a lost cause. It ' s one of the great, unexpected turnaround stories in modern history: Just a decade ago, Colombia was regarded as a " failed state, " besieged by megalomaniacal drug kingpins, ruthless terrorist groups, and abominable poverty. But since 2002, it has been dramatically transformed into a far more peaceful, stable modern democracy with a promising future. Now, the man who led the transformation, former Colombian president Alvaro Uribe Velez, offers the untold story of how, at enormous personal risk, he refused to accept Colombia ' s perilous status quo. Extremely captivating, No Lost Causes reveals how President Uribe severely weakened the neo-terrorist group, the FARC, which held Colombia captive and caused the brutal murder of his father. It relates the gripping account of how President Uribe staged the daring (and bloodless) jungle rescue of Ingrid Betancourt in 2008, and eventually restored the rule of law across the country. It also explores practical lessons of hands-on management—relevant to both political and business leaders—and provides a thrilling behind-the-scenes look at news-making US foreign affairs and never before discussed details and dealings with various world leaders. Unlike any other presidential memoir, No Lost Causes is not only a compelling story of leadership, but an epic, heart-racing account of how bravery and hope gave a failing nation a brighter future.

The bloody story of the rise of paramilitaries in Colombia, told through three characters--a fearless activist, a dogged journalist, and a relentless investigator--whose lives intersected in the midst of unspeakable terror. Colombia's drug-fueled cycle of terror, corruption, and tragedy did not end with Pablo Escobar's death in 1993. Just when Colombians were ready to move past the murderous legacy of the country's cartels, a new, bloody chapter unfolded. In the late 1990s, right-wing paramilitary groups with close ties to the cocaine business carried out a violent expansion campaign, massacring, raping, and torturing thousands. There Are No Dead Here is the harrowing story of three ordinary Colombians who risked everything to reveal the collusion between the new mafia and much of the country's military and political establishment: Jes ú s Mar í a Valle, a human rights activist who was murdered for exposing a dark secret; Iv á n Vel á squez, a quiet prosecutor who took up Valle's cause and became an unlikely hero; and Ricardo Calder ó n, a dogged journalist who is still being targeted for his revelations. Their groundbreaking investigations landed a third of the country's Congress in prison and fed new demands for justice and peace that Colombia's leaders could not ignore. Taking readers from the sweltering Medell í n streets where criminal investigators were hunted by assassins, through the countryside where paramilitaries wiped out entire towns, and into the corridors of the presidential palace in Bogot á , There Are No Dead Here is an unforgettable portrait of the valiant men and women who dared to stand up to the tide of greed, rage, and bloodlust that threatened to engulf their country.

A captivating new book from Wade Davis--award-winning, best-selling author and National Geographic Explorer-in-Residence for more than a decade--that brings vividly to life the story of the great R í o Magdalena, illuminating Colombia's complex past, present, and future Travelers often become enchanted with the first country that captures their hearts and gives them license to be free. For Wade Davis, it was Colombia. Now in a masterly new book, Davis tells of his travels on the mighty Magdalena, the river that made possible the nation. Along the way, he finds a people who have overcome years of conflict precisely because of their character, informed by an enduring spirit of place, and a deep love of a land that is home to the greatest ecological and geographical diversity on the planet. As Gabriel Garc í a M á rquez once wrote during his own pilgrimage on the river: "The only reason I would like to be young again would be the chance to travel again on a freighter going up the Magdalena." Only in Colombia can a traveler wash ashore in a coastal desert, follow waterways through wetlands as wide as the sky, ascend narrow tracks through dense tropical forests, and reach verdant Andean valleys rising to soaring ice-clad summits. This rugged and impossible geography finds its perfect coefficient in the topography of the Colombian spirit: restive, potent, at times placid and calm, in moments explosive and wild. Both a corridor of commerce and a fountain of culture, the wellspring of Colombian music, literature, poetry, and prayer, the Magdalena has served in dark times as the graveyard of the nation. And yet, always, it returns as a river of life. At once an absorbing adventure and an inspiring tale of hope and redemption, Magdalena gives us a rare, kaleidoscopic picture of a nation on the verge of a new period of peace. Braiding together memoir, history, and journalism, Wade Davis tells the story of the country's most magnificent river, and in doing so, tells the epic story of Colombia.

This guide to Colombia reflects the resurgence of the country among travellers following years of lawlessness. With a strong focus on the country's cultural attractions, it will appeal to visitors seeking to discover Colombia's renowned flora and fauna, as well as its historic colonial cities, and its range of eco-tourism initiatives

Magdalena, a river that courses through the heart of Columbia, connects a violent past with the country's uncertain present. British writer Michael Jacobs struggles to reconcile his love for the land and its people with the dangers that both still present. Determined to eliminate modern conveniences from his journey, he begins traversing the river by tugboat. He makes an exception for a cell phone that maintains a sporadic signal at best, in efforts to keep in touch with his mother, whose health is deteriorating. Jacobs cannot help but notice parallels between his mother's dementia and his travels through Colombian township – – home to the world's highest incidences of early – onset Alzheimer's. While navigating the mysterious river and unfamiliar territory—both emotional and

geographical—Jacobs comes across Gabriel Garcia M á rquez, whose own faltering memory shows a growing obsession with the Magdalena River of his youth. When Jacobs and his companions are apprehended by FARC guerillas who turn out to be as quirky and affable as they are intimidating, life begins to imitate the magical realism of M á rquez's signature works. Shortly after being released from captivity, the FARC camp is bombed by the Colombian air force, leaving no likely survivors among his oddly likeable captors. Exploring themes of adventure, endings, and "the utter pointlessness of it all," Jacobs can only forge onward in his reflection of the mystical river.

Discover this exciting country with the most incisive and entertaining guidebook on the market. Whether you plan to experience the buzz of reborn Medellín, learn salsa in Cali or go diving in gorgeous Providencia, The Rough Guide to Colombia will show you the ideal places to sleep, eat, drink, shop and visit along the way. Brand new for 2015, The Rough Guide to Colombia provides in-depth, expert coverage of one of South America's fastest-growing destinations. Get the lowdown on street art in Bogotá and colonial architecture in Cartagena, stay on a working finca in the emerald green hills of the Zona Cafetera or hike through pristine jungle to reach a remote white sand beach in Tayrona National Park. Packed full of practical information on getting around and where to stay and eat, The Rough Guide to Colombia has more than 50 full-colour maps, along with suggested itineraries and regional highlights. The Rough Guide to Colombia authors have explored the mysterious tombs of Tierradentro, been white-water rafting in San Gil, trekked to Ciudad Perdida, the "lost city" of the Indigenous Tairona, and soaked up salsa in Cali and Barranquilla so you can too. Or follow in the footsteps of Gabriel García Márquez, dive in Caribbean reefs off Providencia and motor along jungle-smothered waterways in the Amazon. Make the most of your trip with The Rough Guide to Colombia.
