"Sister Outsider, a collection of essays and speeches by the pioneering feminist Audre Lorde, is one of my all-time-favorite books. It's always great to have an intersectional tome on hand." –Amanda Gorman "Sister Outsider's teachings, by one of our most revered elder stateswomen, should be read by everyone." –Essence Presenting the essential writings of black lesbian poet and feminist writer Audre Lorde, Sister Outsider celebrates an influential voice in twentieth-century literature, with a foreword by Mahogany L. Browne. A New York Times New & Noteworthy book A Penguin Vitae Edition In this charged collection of fifteen essays and speeches, Lorde takes on sexism, racism, ageism, homophobia, and class, and propounds social difference as a vehicle for action and change. Her prose is incisive, unflinching, and lyrical, reflecting struggle but ultimately offering messages of hope. The groundbreaking feminist's timely collection of nonfiction writings on race, gender, and LGBTQ issues is now for the first time in Penguin Classics as part of the Penguin Vitae series, with a foreword by poet Mahogany L. Browne. Penguin Classics launches a new hardcover series with five American classics that are relevant and timeless in their power, and part of a dynamic and diverse landscape of classic fiction and nonfiction from almost seventy-five years of classics publishing. Penguin Vitae provides readers with beautifully designed classics that have shaped the course of their lives, and welcomes new readers to discover these literary gifts of personal inspiration, intellectual engagement, and creative originality.

Audre Lorde was not only a famous poet; she was also one of the most important radical black feminists of the past century. Her writings and speeches grappled with an impressive broad list of topics, including sexuality, race, gender, class, disease, the arts, parenting, and resistance, and they have served as a transformative and important foundation for theorists and activists in considering questions of power and social justice. Lorde embraced difference, and at each turn she emphasized the importance of using it to build shared strength among marginalized communities. I Am Your Sister is a collection of Lorde's non-fiction prose, written between 1976 and 1990, and it introduces new perspectives on the depth and range of Lorde's intellectual interests and her commitments to progressive social change. Presented here, for the first time in print, is a major body of Lorde's speeches and essays, along with the complete text of A Burst of Light and Lorde's landmark prose works Sister Outsider and The Cancer Journals. Together, these writings reveal Lorde's commitment to a radical course of thought and action, situating her works within the women's, gay and lesbian, and African American Civil Rights movements. They also place her within a continuum of black feminists, from Sojourner Truth, to Anna Julia Cooper, Amy Jacques Garvey, Lorraine Hansberry, and Patricia Hill Collins. I Am Your Sister concludes with personal reflections from Alice Walker, Gloria Joseph, Johnnetta Betsch Cole, Beverly Guy-Sheftall, and bell hooks on Lorde's political and social commitments and the indelibility of her writings for all who are committed to a more equitable society.

A penzine discussing issues such as feminism, food politics and sexual assaults. Includes essay by Audre Lorde 'The Transformation of Silence into Language and Action', reprinted from 'Sister Outsider'.

Moving, incisive, and enduringly relevant writings by the African-American poet and feminist include her thoughts on the radical implications of self-care and living with cancer as well as essays on racism, lesbian culture, and political activism.

Janet Peterman presents a variety of healing and comforting rituals that can be used in situations that are likely to be encountered in congregations but yet are not typically treated in standard liturgies. Peterman offers her reflections on the significance of rituals and includes a broad spectrum of rituals for personal use, for life in the home or at church, for use in the wider community, or for help in leading to transformation. She concludes by describing a seven-step process for creating new rituals and suggests ways to adapt existing worship materials for use in new settings. This much-needed resource will help pastors and lay leaders develop their own skills and insights for creating liturgies and rituals that provide relief, healing, and support for those in congregations who are faced with critical and life-altering situations.

Moving between journal entry, memoir, and exposition, Audre Lorde fuses the personal and political as she reflects on her experience coping with breast cancer and a radical mastectomy. A Penguin Classic First published over forty years ago, The Cancer Journals is a startling, powerful account of Audre Lorde's experience with breast cancer and mastectomy. Long before narratives explored the silences around illness and women's pain, Lorde questioned the rules of conformity for women's body images and supported the need to confront physical loss not hidden by prosthesis. Living as a "black, lesbian, mother, warrior, poet," Lorde heals and re-envisions herself on her own terms and offers her voice, grief, resistance, and courage to those dealing with their own diagnosis. Poetic and profoundly feminist, Lorde's testament gives visibility and strength to women with cancer to define themselves, and to transform their silence into language and action.

This plenary volume from the Sixth International Congress on Qualitative Inquiry (2010) highlights the variety of roles played by qualitative researchers in addressing global communities in crisis. It shows how qualitative researchers can bridge gaps in cultural and linguistic understanding to address issues of

disparity in race, ethnicity, gender, and environment in the interests of global social justice and human rights. Authored by many of the world's leading qualitative researchers, the signature articles in this volume point qualitative researchers toward a research stance of ethics, meaning, and advocacy.

In this critical reader, the best writing of two dozen key figures in qualitative research are gathered together to help students to identify emerging themes in the field and the latest thinking of the leaders in qualitative inquiry. These groundbreaking articles are pulled from a decade of social justice-focused plenary volumes emanating from the annual International Congress of Qualitative Inquiry. These are the ideas that have helped shape the landscape of the field over the past decade. This work -brings together the latest work of 25 leading figures in qualitative research from 4 continents; -addresses the central themes of the field over the past decade in theory, methodology, politics, and interventions; -includes contextualizing essays by the volume editors, who direct the Congress.

This explicitly Black feminist perspective is especially powerful during an era when violence against women and other hate crimes have escalated to epidemic proportions.

The poet, Audre Lorde, depicts her life and examines the influence of various women on her development.
