Health systems should function in such a way that the amount of inappropriate care is minimized, while at the same time stinting as

# Download Free Sub Zero 632 Owners Manual

little as possible on appropriate and necessary care. The ability to determine and identify which care is overused and which is underused is essential to this functioning. To this end, the "RAND/UCLA

trials--the "gold standard"  
for evidence-based  
medicine--are generally  
either not available or  
cannot provide evidence at a  
level of detail sufficient  
to apply to the wide range  
of patients seen in everyday
