"Find out how to successfully resolve your most emotionally charged conflicts. In this landmark book, world-renowned Harvard negotiation expert Daniel Shapiro presents a groundbreaking, practical method to reconcile your most contentious relationships and untangle your toughest conflicts. Before you get into your next conflict, read Negotiating the Nonnegotiable. It is not just "another book on conflict resolution," but a crucial step-by-step guide to resolve life's most emotionally challenging conflicts-whether between spouses, a parent and child, a boss and an employee, or rival communities or nations. These conflicts can feel nonnegotiable because they threaten your identity and trigger what Shapiro calls the Tribes Effect, a divisive mind-set that pits you against the other side. Once you fall prey to this mind-set, even a trivial argument with a family member or colleague can mushroom into an emotional uproar. Shapiro offers a powerful way out, drawing on his pioneering research and global fieldwork in consulting for everyone from heads of state to business leaders, embattled marital couples to families in crisis. And he also shares his insights from negotiating with three of the world's toughest negotiators--his three young sons. This is a must read to improve your professional and personal relationships"--

In this book, you'll explore how to use the one thing that most teens pay attention to - their cell phones - to deliver advice and direction. Even in times of conflict.Specifically, you'll learn about dynamics that are present in every conversation via something called, "The Communication Cycle". You'll also discover specific needs that are important to us all. Needs that help to shape our identity. Based on these teachings, you'll be able to craft a text that can vastly increase the chances of your teen actually listening to you.Parenting is hard enough - especially when there is conflict. Why not use all the tools available?

This book discusses conflict, some of its effects, and how teens can deal with conflict. Self-assessments to help teens judge how well they deal with conflict are included.
