In *The Blue Last*, Richard Jury finally faces the last thing in the world he wants to deal with—the war that killed his mother, his father, his childhood. Mickey Haggerty, a DCI with the London City police, has asked for Jury's help. Two skeletons have been unearthed in the City during the excavation of London's last bomb site, where once a pub stood called the *The Blue Last*. Mickey believes that a child who survived the bombing has been posing for over fifty years as a child who didn't. The grandchild of brewery magnet Oliver Tynedale supposedly survived that December 1940 bombing . . . but did she? Mickey also has a murder to solve. Simon Croft, prosperous City financial broker, and son of the one-time owner of *The Blue Last* is found shot to death in his Thames-side house. But the book he was writing about London during the German blitzkrieg has disappeared. Jury wants to get eyes and ears into Tynedale Lodge, and looks to his friend, Melrose Plant, to play the role. Reluctantly, Plant plays it, accompanied on his rounds of the Lodge gardens by nine-year-old Gemma Trim, orphan and ward of Oliver Tynedale; and Benny Keagan, a resourceful twelve-year-old orphaned delivery boy. And Richard Jury may not make it out alive. A stolen book, stolen lives, or is any of this what it seems?

Identity, memory, provenance - these are all called into question in The Blue Last

Chief Inspector Mickey Haggerty asks his old friend Richard Jury to assist him in proving that the granddaughter of beer magnate Oliver Tynedale is in fact an imposter and that the real heiress died with her mother.

In The Blue LastThe Blue Last.

"Chew on this," says Melrose Plant to Richard Jury, who's in the hospital being driven crazy by Hannibal, a nurse who likes to speculate on his chances for survival. Jury could use a good story, preferably one not ending with his own demise. Plant tells Jury of something he overheard in The Grave Maurice, a pub near the hospital. A woman told an intriguing story about a girl named Nell Ryder, granddaughter to the owner of the Ryder Stud Farm in Cambridgeshire, who went missing more than a year before and has never been found. What is especially interesting to Plant is that Nell is also the daughter of Jury's surgeon. But Nell's disappearance isn't the only mystery at the Ryder farm. A woman has been found dead on the track—a woman who was a stranger even to the Ryders. But not to Plant. She's the woman he saw in The Grave Maurice. Together with Jury, Nell's family, and the Cambridgeshire police, Plant embarks on a search to find Nell and bring her home. But is there more to their mission than just restoring a fifteen-year-old girl to her family? The Grave Maurice is the eighteenth entry in the Richard Jury series and, from its pastoral opening to its calamitous end, is full of the same suspense and humor that devoted readers expect from Martha Grimes.

From bestselling author Martha Grimes, Detective Chief Inspector Richard Jury is back on the case in an installment in the Richard Jury Mystery series. Long Piddleton had always been wary of

newcomers. But the quiet town was stunned when the first stranger was found dead, upended in a butt of ale in the cellar of the Men with a Load of Mischief. Then the second body appeared, swinging in place of the mechanical man above the door of the Jack and Hammer. Suddenly Long Piddleton had good reason to be wary of everyone! Its cozy pubs and inns with their polished pewter and blazing hearths had become scenes of the most bizarre crimes. Who were the victims? And who was the murderer? A stranger? A maniac? Or the disarmingly friendly man next door?

When the body of a French woman washes up on a wild inlet off the Cornish coast, Brian Macalvie, divisional commander with the Devon-Cornwall police is called in. Who could have killed this beautiful tourist, the only visible footprints nearby belonging to the two little girls who found her? While Macalvie stands stumped in the Scilly Islands, inspector Richard Jury – twenty miles away on Land 's End—is at the Old Success pub, sharing a drink with the legendary former CID detective Tom Brownell, a man renowned for solving every case he undertook—well, nearly every case. Brownell discloses that there was one he once missed. In the days following the mysterious slaying of the Parisian tourist, two other murders are called in to Macalvie and Jury's teams: first, a man is shot on a Northhamptonshire estate, then a holy duster turns up murdered at Exeter Cathedral in Devon. When Macalvie and Jury decide to consult Brownell, the retired detective tells them that the three murders, though very different in execution, are connected. As the trio sets out to solve this puzzle, Jury and Macalvie hope that this doesn't turn out to be Brownell's second ever miss. Written with Grimes's signature wit, sly plotting, and gloriously offbeat characters, *The Old Success* is prime fare from “one of the most fascinating mystery writers today” (Houston Chronicle).
