****Read how Britain's new Prime Minister was inspired by Winston Churchill** 'The must-read biography of the year.' Evening Standard 'He writes with gusto... the result is a book that is never boring, genuinely clever ... this book sizzles.' The Times The point of the Churchill Factor is that one man can make all the difference. On the eve of the fiftieth anniversary of Winston Churchill's death, and written in conjunction with the Churchill Estate, Boris Johnson explores what makes up the 'Churchill Factor' - the singular brilliance of one of the most important leaders of the twentieth century. Taking on the myths and misconceptions along with the outsized reality, he portrays - with characteristic wit and passion - a man of multiple contradictions, contagious bravery, breath-taking eloquence, matchless strategizing, and deep humanity. Fearless on the battlefield, Churchill had to be ordered by the King to stay out of action on D-Day; he embraced large-scale strategic bombing, yet hated the destruction of war and scorned politicians who had not experienced its horrors. He was a celebrated journalist, a great orator and won the Nobel Prize for Literature. He was famous for his ability to combine wining and dining with many late nights of crucial wartime decision-making. His open-mindedness made him a pioneer in health care, education, and social welfare, though he remained incorrigibly politically incorrect. Most of all, as Boris Johnson says, 'Churchill is the resounding human rebuttal to all who think history is the story of vast and impersonal economic forces'. The Churchill Factor is a book to be enjoyed not only by anyone interested in history: it is essential reading for anyone who wants to know what makes a great leader.**

From London’s inimitable mayor, Boris Johnson, the story of how Churchill’s eccentric genius shaped not only his world but our own. On the fiftieth anniversary of Churchill’s death, Boris Johnson celebrates the singular brilliance of one of the most important leaders of the twentieth century. Taking on the myths and misconceptions along with the outsized reality, he portrays—with characteristic wit and passion—a man of contagious bravery, breathtaking eloquence, matchless strategizing, and deep humanity. Fearless on the battlefield, Churchill had to be ordered by the king to stay out of action on D-Day; he pioneered aerial bombing and few could match his experience in organizing violence on a colossal scale, yet he hated war and scorned politicians who had not experienced its horrors. He was the most famous journalist of his time and perhaps the greatest orator of all time, despite a lisp and chronic depression he kept at bay by painting. His maneuvering positioned America for entry into World War II, even as it ushered in England’s post-war decline. His openmindedness made him a trailblazer in health care, education, and social welfare, though he remained incorrigibly politically incorrect. Most of all, he was a rebuttal to the idea that history is the story of vast and impersonal forces; he is proof that one person—intrepid, ingenious, determined—can make all the difference.

As the country navigates a national crisis once again, read how Britain's Prime Minister was inspired by Winston Churchill. One man can make all the difference. Now leader of the UK himself, Boris Johnson explores what makes up the 'Churchill Factor' - the singular brilliance of one of the most important leaders of the twentieth century. Taking on the myths and misconceptions along with the outsized reality, he portrays - with characteristic wit and passion - a man of multiple contradictions, contagious bravery, breath-taking eloquence, matchless strategizing and deep humanity. Fearless on the battlefield, Churchill had to be ordered by the King to stay out of action on D-Day; he embraced large-scale strategic bombing, yet hated the destruction of war and scorned politicians who had not experienced its horrors. He was a celebrated journalist, a great orator and won the Nobel Prize for Literature. He was famous for his ability to combine wining and dining with many late nights of crucial wartime decision-making. His open-mindedness made him a pioneer in healthcare, education and social welfare, though he remained incorrigibly politically incorrect. As Prime Minister Boris Johnson says, 'Churchill is the resounding human rebuttal to all who think history is the story of vast and impersonal economic forces'. Published in association with Churchill Heritage, The Churchill Factor is essential reading for anyone who wants to know what makes a great leader in a time of crisis.

The exhilarating story of how London came to be one of the most exciting and influential places on earth—from the city’s colorful, witty, and well-known mayor. Once a swampland that the Romans could hardly be bothered to conquer, over the centuries London became an incomparably vibrant metropolis that has produced a steady stream of ingenious, original, and outsized figures who have shaped the world we know. Boris Johnson, the internationally beloved mayor of London, is the best possible guide to these colorful characters and the history in which they played such lively roles. Erudite and entertaining, he narrates the story of London as a kind of relay race. Beginning with the days when “a bunch of pushy Italian immigrants” created Londinium, he passes the torch on down through the famous and the infamous, the brilliant and the bizarre—from Hadrian to Samuel Johnson to Winston Churchill to the Rolling Stones—illuminating with unforgettable clarity the era each inhabited. He also pauses to shine a light on innovations that have contributed to the city’s incomparable vibrancy, from the King James Bible to the flush toilet. As wildly entertaining as it is informative, this is an irresistible account of the city and people that in large part shaped the world we know.

NEW YORK TIMES BESTSELLER One of The Wall Street Journal’s Ten Best Books of 2018 One of The Economist’s Best Books of 2018 One of The New York Times’s Notable Books of 2018 “Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain’s savior.” —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of Napoleon and The Last King of America. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In Churchill, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

From the “most celebrated and best-loved British historian in America” (Wall Street Journal), an elegant, concise, and revealing portrait of Winston Churchill In Churchill, eminent historian Paul Johnson offers a lively, succinct exploration of one of the most complex and fascinating personalities in history. Winston Churchill's hold on contemporary readers has never slackened, and Johnson’s analysis casts new light on his extraordinary life and times. Johnson illuminates the various phases of Churchill's career—from his adventures as a young cavalry officer in the service of the empire to his role as an elder statesman prophesying the advent of the Cold War—and shows how Churchill's immense adaptability and innate pugnacity made him a formidable leader for the better part of a century. Johnson's narration of Churchill's many triumphs and setbacks, rich with anecdote and quotation, illustrates the man's humor, resilience, courage, and eccentricity as no other biography before, and is sure to appeal to historians and general nonfiction readers alike.

“A richly textured and deeply moving portrait of greatness” (Los Angeles Times). In this masterful book, prize-winning historian and authorized Churchill biographer Martin Gilbert weaves together the research from his eight-volume biography of the elder statesman into one single volume, and includes new information unavailable at the time of the original work’s publication. Spanning Churchill’s youth, education, and early military career, his journalistic work, and the arc of his political leadership, Churchill: A Life details the great man’s indelible contribution to Britain’s foreign policy and internal social reform. With eyewitness accounts and interviews with Churchill’s contemporaries, including friends, family members, and career adversaries, it provides a revealing picture of the personal life, character, ambition, and drive of one of the world’s most remarkable leaders. “A full and rounded examination of Churchill’s life, both in its personal and political aspects . . . Gilbert describes the painful decade of Churchill’s political exile (1929–1939) and shows how it strengthened him and prepared him for his role in the ‘hour of

supreme crisis’ as Britain’s wartime leader. A lucid, comprehensive and authoritative life of the man considered by many to have been the outstanding public figure of the 20th century.” —Publishers Weekly “Mr. Gilbert’s job was to bring alive before his readers a man of extraordinary genius and scarcely less extraordinary destiny. He has done so triumphantly.” —The New York Times Book Review

Seventy-Two Virgins is a comic political novel, with similar appeal to Stephen Fry or Ben Elton, written by one of Britain's most popular politicians. It is Boris Johnson's first novel. to a top-level audience in Westminster Hall. Ferocious security - with some difficulties in communication - is provided by a joint force of the United States Secret Service and Scotland Yard. The best sharpshooters from both countries are stationed on the roof of the Parliament buildings. hapless Member of Parliament, having mislaid his crucial pass, is barred from Westminster, his bicycle regarded as a potential lethal weapon. And a man going by the name of Jones, although born in Karachi, successfully slips through the barriers, and whole new ball game starts. out of control. A remarkable new worldwide reality television show dominates the airwaves. And the most unlikely heroes emerge...

“Engrossing...the first formal biography of a woman who has heretofore been relegated to the sidelines.”—The New York Times From the author of the New York Times bestseller A Woman of No Importance, a long overdue tribute to the extraordinary woman who was Winston Churchill's closest confidante, fiercest critic and shrewdest advisor that captures the intimate dynamic of one of history’s most fateful marriages. Late in life, Winston Churchill claimed that victory in the Second World War would have been “impossible” without the woman who stood by his side for fifty-seven turbulent years. Why, then, do we know so little about her? In this landmark biography, a finalist for the Plutarch prize, Sonia Purnell finally gives Clementine Churchill her due. Born into impecunious aristocracy, the young Clementine Hozier was the target of cruel snobbery. Many wondered why Winston married her, when the prime minister’s daughter was desperate for his attention. Yet their marriage proved to be an exceptional partnership. "You know,"Winston confided to FDR, "I tell Clemmie everything." Through the ups and downs of his tumultuous career, in the tense days when he stood against Chamberlain and the many months when he helped inspire his fellow countrymen and women to keep strong and carry on, Clementine made her husband’s career her mission, at the expense of her family, her health and, fatefully, of her children. Any real consideration of Winston Churchill is incomplete without an understanding of their relationship. Clementine is both the first real biography of this remarkable woman and a fascinating look inside their private world. "Sonia Purnell has at long last given Clementine Churchill the biography she deserves. Sensitive yet clear-eyed, Clementine tells the fascinating story of a complex woman struggling to maintain her own identity while serving as the conscience and principal adviser to one of the most important figures in history. I was enthralled all the way through." —Lynne Olson, bestselling author of Citizens of London

“Stimulating and highly readable. . . . The Churchill Complex is a rich and rewarding book.” —Wall Street Journal From one of its keenest observers, a brilliant, witty journey through the "Special Relationship" between Britain and America that has done so much to shape the world, from World War II to Brexit. It is impossible to understand the last seventy-five years of American history, through to Trump and Brexit, without understanding the Anglo-American relationship, particularly the bonds between presidents and prime ministers. FDR of course had Winston Churchill; JFK had Harold Macmillan, his consigliere during the Cuban Missile Crisis. Ronald Reagan found his ideological soul mate in Margaret Thatcher; and George W. Bush found his fellow believer, in religion and in war, in Tony Blair. Today, the bond between Donald Trump and Boris Johnson illuminates the populist uprisings in both countries, as well as a new kind of Special Relationship that goes against everything it once stood for. Remembering the past, even its most glorious moments, can be as misleading as forgetting it. Over and over, in the name of freedom and democracy, British and especially American leaders have evoked Winston Churchill as a model for brave leadership (and Neville Chamberlain to represent craven weakness). As Ian Buruma shows, in his dazzling, short tour de force of storytelling and analysis, the myths of World War II too often resulted in bad policies and foolish wars. But The Churchill Complex is much more than a reflection on the weight of Churchill's legacy and its misuses. At its heart are shrewd and absorbing character studies of the president-prime minster dyads, which in Ian Buruma's gifted hands serve as a master class in politics, diplomacy, and the personal quirks of our leaders. It has never been a relationship of equals: from Churchill's desperate cajoling and conniving to keep FDR on his side in World War II, British prime ministers have put much more stock in the relationship than their US counterparts. After the loss of its once-great empire, Britain clung to the world's greatest superpower as a path to continued relevance and leverage. As Buruma shows, this was almost always fool's gold, and now, the alliance has floundered on the rocks of isolationism. The Churchill Complex may not have a happy ending, but as with Ian Buruma's other works, piercing lucidity is its own lasting comfort.
