mid-1800s, a young Ojibwe girl, living a quiet and happy life with her family, begins to fear for the worst when the rumors that the white men are coming to remove her entire tribe from their land begins to gain more credence with every passing day.

Omakayas was a dreamer who did not yet know her limits. When Omakayas is twelve winters old, she and her family set off on a harrowing journey in search of a new home. Pushed to the brink of survival, Omakayas continues to learn from the land and the spirits around her, and she discovers that no matter where she is, or how she is living, she has the one thing she needs to carry her through.

Omakayas, a seven-year-old Native American girl of the Ojibwa tribe, lives through the joys of summer and the perils of winter on an island in Lake Superior in 1847.

This National Book Award finalist by Pulitzer Prize-winning novelist Louise Erdrich is the first installment in an essential nine-book series chronicling 100 years in the life of one Ojibwe family, and includes beautiful interior black-and-white artwork done by the author. She was named Omakayas, or Little Frog, because her first step was a hop. Omakayas and her family live on an island in Lake Superior. Though there are growing numbers of white people encroaching on their land, life continues much as it always has. But the satisfying rhythms of their life are shattered when a visitor comes to

their lodge one winter night, bringing with him an invisible enemy that will change things forever—but that will eventually lead Omakayas to discover her calling. By turns moving and humorous, this novel is a breathtaking tour de force by a gifted writer. The beloved and essential Birchbark House series by Louise Erdrich includes *The Birchbark House*, *The Game of Silence*, *The Porcupine Year*, *Chickadee*, and *Makoons*.

Winner of the Scott O'Dell Award for Historical Fiction, *Chickadee* is the first novel of a new arc in the critically acclaimed Birchbark House series by New York Times bestselling author Louise Erdrich. Twin brothers *Chickadee* and *Makoons* have done everything together since they were

born—until the unthinkable happens and the brothers are separated. Desperate to reunite, both Chickadee and his family must travel across new territories, forge unlikely friendships, and experience both unexpected moments of unbearable heartache as well as pure happiness. And through it all, Chickadee has the strength of his namesake, the chickadee, to carry him on. Chickadee continues the story of one Ojibwe family's journey through one hundred years in America. School Library Journal, in a starred review, proclaimed, "Readers will be more than happy to welcome little Chickadee into their hearts."

In this award-winning sequel to Chickadee, acclaimed author Louise Erdrich continues her celebrated Birchbark House

series with the story of an Ojibwe family in nineteenth-century America. Named for the Ojibwe word for little bear, Makoons and his twin, Chickadee, have traveled with their family to the Great Plains of Dakota Territory. There they must learn to become buffalo hunters and once again help their people make a home in a new land. But Makoons has had a vision that foretells great challenges—challenges that his family may not be able to overcome. Based on Louise Erdrich's own family history, this fifth book in the series features black-and-white interior illustrations, a note from the author about her research, and a map and glossary of Ojibwe terms.

Old South traditions In Heritage and Hate: Old South Rhetoric at Southern Universities, Stephen M. Monroe presents the US South as a pulsating rhetorical landscape, a place where words and symbols rooted in a deeply problematic past litter the ground and contaminate the soil. This provocative text focuses on predominantly white southern universities where Old South rhetoric still reverberates, empowering rebel flags to stifle racial harmony, school cheers to reinforce racial barriers, and student yearbooks to create and protect an oppressive culture of exclusion. Across the region, in college towns like Oxford, Mississippi, Athens, Georgia, and Tuscaloosa, Alabama, communities remain locked in a difficult, recursive, and inherently rhetorical struggle wrestling with this troubling legacy. Words, images, and symbols are

not merely passive artifacts of southern history, Monroe argues, but formative agents that influence human behavior and shape historical events. Drawing on research from many disciplines, including rhetoric, southern studies, history, sociology, and African American studies, Monroe develops the concept of confederate rhetoric: the collection of Old South words and symbols that have been and remain central to the identity conflicts of the South. He charts examples of such rhetoric at work in southern universities from Reconstruction to the present day. Tracing the long life and legacy of Old South words and symbols at southern universities, this book provides close and nuanced analysis of the rhetorical conflicts that have resulted at places like the University of Mississippi and the University of Missouri. Some

conflicts erupted during the civil rights movement, when the first African American students pushed their way into all-white southern universities and colleges, and others are brewing now, as African Americans (and their progressive white peers) begin to cement genuine agency and voice in these communities. Tensions have been, and remain, high.

Remnants of the old majority continue to recruit modern adherents. The white majority may be in decline by many measures, but it is also powerful and resilient, still standing guard in defense of Old South traditions. Ultimately, Monroe offers hope and optimism, contending that if words and symbols can be used to damage and divide, then words and symbols can also be used to heal and unify. Racist rhetoric can be replaced by antiracist rhetoric. The old South can

become new. While resisting naive or facile arguments, *Heritage and Hate* ultimately finds the promise of progress within the tremendous power of language.

"Do you have a favorite sound?" little Yoshio asks. The musician answers, "The most beautiful sound is the sound of ma, of silence." But Yoshio lives in Tokyo, Japan: a giant, noisy, busy city. He hears shoes squishing through puddles, trains whooshing, cars beeping, and families laughing. Tokyo is like a symphony hall! Where is silence? Join Yoshio on his journey through the hustle and bustle of the city to find the most beautiful sound of all.
