The Infinite Sea (The 5th Wave, #2) by Rick Yancey

The old house built by the farmer's grandfather was now a deserted island surrounded by an infinite sea of brown. The days grew short and the nights turned cool, and the wheat cracked in the dry wind. The wheat had survived the hail and lightning of the summer storms, but luck could not deliver it from the cold.

His first young-adult novel, The Extraordinary Adventures of Alfred Kropp, was a finalist for the Carnegie Medal.

The highly-anticipated finale to the New York Times bestselling 5th Wave series. The enemy is Other. The enemy is us. They're down here, they're up there, they're nowhere. They want the Earth, they want us to have it. They came to wipe us out, they came to save us. But beneath these riddles lies one truth: Cassie has been betrayed. So has Ringer. Zombie. Nugget. And all 7.5 billion people who used to live on our planet. Betrayed first by the Others, and now by ourselves.

In these last days, Earth's remaining survivors will need to decide what's more important: saving themselves . . . or saving what makes us human. Praise for The Last Star "Yancey's prose remains achingly precise, and this grows heavier, tighter, and more impossible to put down as the clock runs out...this blistering finale proves the truth of the first two volumes: it was never about the aliens."—Booklist, starred review "A haunting, unforgettable finale."—Kirkus Reviews "Yancey doesn't hit the breaks for one moment, and the action is intense, but the language always stays lyrical and lovely. It's a satisfying end to an impressive trilogy, true to the characters and the world Yancey created."—Entertainment Weekly "Yancey has capped off his riveting series with a perfect ending."—TeenReads.com "The ending provides both satisfaction and heartbreak."—Publishers Weekly "Yancey's writing is just as solid and descriptive as in the first two books...What Yancey does beautifully is reveal the human condition."—Examiner.com "Rick Yancey sticks the (alien) landing in the action-packed finale to his The 5th Wave invasion saga. . . . And the author gives us a major dose of girl power as well, pairing Cassie and Ringer for an uneasy alliance that provides the best moments in this fantastic series' thought-provoking and satisfying conclusion."—USA Today Praise for The 5th Wave Now a major motion picture starring Chlo Grace Moretz "Remarkable, not-to-be-missed-under-any-circumstances."—Entertainment Weekly "A modern sci-fi masterpiece. . . ."—USAToday.com "Wildly entertaining . . . I couldn't turn the pages fast enough."—Justin Cronin, The New York Times Book Review Praise for The Infinite Sea "Heart-pounding pacing, lyrical prose and mind-bending twists. . . ."—The New York Times Book Review "Impressively improves on the excellent beginning of the trilogy."—USA Today "An epic sci-fi novel with all the romance, action, and suspense you could ever want."—Seventeen.com Books in the series: The 5th Wave (The First Book of The 5th Wave) The Infinite Sea (The Second Book of The 5th Wave) The Last Star (The Third Book of The 5th Wave)

"Remarkable, not-to-be-missed-under-any-circumstances."—Entertainment Weekly (Grade A) The Passage meets Ender's Game in an epic new series from award-winning author Rick Yancey. After the 1st wave, only darkness remains. After the 2nd, only the lucky escape. And after the 3rd, only the unlucky survive. After the 4th wave, only one rule applies: trust no one. Now, it's the dawn of the 5th wave, and on a lonely stretch of highway, Cassie runs from Them. The beings who only look human, who roam the countryside killing anyone they see. Who has scattered Earth's last survivors. To stay alone is to stay alive, Cassie believes, until she meets Evan Walker. Beguiling and mysterious, Evan Walker may be Cassie's only hope for rescuing her brother—or even saving herself. But Cassie must choose: between trust and despair, between defiance and surrender, between life and death. To give up or to get up. "Wildly entertaining . . . I couldn't turn the pages fast enough."—Justin Cronin, The New York Times Book Review "A modern sci-fi masterpiece. . . .should do for aliens what Twilight did for vampires."—USAToday.com

All three volumes in Yancey's award-winning, "New York Times"-bestselling series are collected in this box set: "The 5th Wave, The Infinite Sea," and "The Last Star."

Flesh-eating danger abounds in the chilling sequel to The Monstrumologist that is "as fast-paced, elegant, and yes, gruesome as its predecessor" (Publishers Weekly, starred review). While Dr. Warthrop is attempting to disprove that Homo vampiris, the vampire, could exist, his former fiancée asks him to save her husband, who has been captured by a Wendigo—a creature that starves even as it gorges itself on human flesh. Although Dr. Warthrop considers the Wendigo to be fictitious, he relents and performs the rescue—but is he right to doubt the Wendigo's existence? Can the doctor and Will Henry hunt down the ultimate predator, who, like the legendary vampire, is neither living nor dead, and whose hunger for human flesh is never satisfied? This second book in The Monstrumologist series explores the line between myth and reality, love and hate, genius and madness.

Alfred Kropp was just trying to survive high school when his guardian uncle gets him roped into a suspicious get-rich-quick scheme that changes his life forever: stealing Excalibur - the legendary sword of King Arthur. But after Alfred unwittingly delivers the sword into the hands of the enemy, he sets off on an unlikely quest to try to right his wrong and save the world from imminent destruction. This gripping, fast-paced, and often hilarious novel is both a thrilling adventure story and an engaging account of one boy's coming of age.

Twelve years ago, Richard Yancey answered a blind ad in the newspaper offering a salary higher than what he'd made over the three previous years combined. It turned out that the job was for the Internal Revenue Service—the most hated and feared organization in the federal government. So Yancey became the man who got in his car, drove to your house, knocked on your door, and made you pay. Never mind that his car was littered with candy wrappers, his palms were sweaty, and he couldn't remember where he stashed his own tax records. He was there on the authority of the United States government. With "a rich mix of humor, horror, and angst [and] better than most novels on the bestseller lists" (Boston Sunday Globe), Confessions of a Tax Collector contains an astonishing cast of too-strange-for-fiction characters. But the most intriguing character of all is Yancey himself who—in detailing how the job changed him and how he managed to pull himself back from the brink of moral, ethical, and spiritual bankruptcy—reveals what really lies beneath those dark suits and mirrored sunglasses. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

Before The 5th Wave, there was Alfred Kropp. This second book in Rick Yancey's lauded series was called a "rip-roaring story that teens will love" in School Library Journal's starred review. Things have just settled down for Alfred, when he's suddenly kidnapped and forced to face a terrible threat—the Seal of Solomon. For millennia, the fallen angels of heaven were controlled by the ring. Now the ring has been stolen, and if it's not recovered, all hell will break loose . . . Packed with thrills and laughs on every page, the second book in New York Times bestselling author Rick Yancey's series proves once again that heroes can come from anywhere, and anyone. Perfect for fans of James Patterson! Praise for The Extraordinary Adventures of Alfred Kropp: A Publishers Weekly Best Children's Book of the Year Carnegie Medal nominee Book Sense Children's Pick

Will Henry's anassitant to a doctor with a most unusual speciality: monster hunting!n the short time he has lived with the doctor, Will has grown usedto late night callers and dangerous business. But when one visitor comes with the body of a young girl and the monster that was feeding on her, Will's world changes forever. The doctor has discovered a baby Anthropophagi- a headless monster that feeds through the mouthfuls of teeth in its chest - and it signals a growing number of Anthropophagi.Now, Will and the doctor must face the horror threatening to consume our world and find the rest of the monsters before it is too late...

In the fourth and final horrific adventure in the award-winning Monstrumologist series, Will Henry encounters unprecedented terror, a terror that delves into the depths of the human soul. Will Henry has been through more than seems possible for a boy of fourteen. He's been on the brink of death on more than one occasion, he has gazed into hell—and hell has stared back at him, and known his face. But through it all, Dr. Warthrop has been at his side. When Dr. Warthrop fears that Will's loyalties may be shifting, he turns on Will with a fury, determined to reclaim his young apprentice's devotion. And so Will must face one of the most horrific creatures of his monstrumology career—and he must face it alone. Over the course of one day, Will's life—and Pellinor Warthrop's destiny—will hang in the balance. In the terrifying depths of the Monstrumarium, they will face a monster more terrible than any they could have imagined—and their fates will be decided. "Beyond a simple finale, this is a brave statement about the duality of good and evil, and the deadly trap in which all of us are snared" (Booklist, starred review).
