The Koehler method of dog training is a true method, and not some collection of various techniques that one can randomly place into use as they seem appropriate. And because it is a method, there is a step-by-step procedure for each exercise.

[koehlerdogtraining.com](http://koehlerdogtraining.com)

Koehler dog training has been serving the obedience needs of dogs and their owners in both class and private training formats since 1946. Sixteen years later, with the method fully developed and a format for class instruction producing consistent and reliable results, W.R. Koehler wrote the book the "Koehler Method of Dog Training."

As you can see, the method doesn't rely  
on treats to encourage your dog to obey,  
but rather on correction. We can call this  
the foundation of the Koehler method.  
Other techniques used by Koehler are

# Get Free The Koehler Method Of Guard Dog

Training chain, electric shocks, slingshots, suspending the dog off the ground, and more. Koehler didn't believe in gentle corrections, saying that they are "cruel" and disturb the dog emotionally.

this edition published

When the complexities of modern living  
demanded that, for his own protection as  
well as his master's convenience, the dog  
be made controllable, the average owner  
sought advice from the most available  
source, which was, too often, some local

dog-show exhibitor. Not realizing that, excepting a few praiseworthy individuals, these exhibitors were only superficially concerned with the qualities of use and companionship, an unfortunate dog owner would accept the sight of trophies or ribbons as the credits of an expert.

Growing numbers of people and dogs continued to emphasize the advantages of proper dog-behavior and when, in 1935, The American Kennel Club instituted its obedience trials, the competition necessary to focus attention on results and improvement of methods was provided.

And something else was observed. It was evident that thorough obedience training does more than assure a dog's response to his master's command; capacities for learning and emotional stability could be increased and integrated as permanent qualities of character. Recently, leading magazines of both general and specialized

# Get Free The Koehler Method Of Guard Dog

nature have made the public aware of the trained dog's potential, and of the recreational possibilities of dog training as a hobby. Interest in dog-training classes and other activities where dogs are dignified by usefulness, rather than merely looked at, is evidence that the dog-training public has outgrown the "make a game" and "tid-bit tossing" techniques that, by not being founded on positive and proper motivations, demonstrate the inadequacy of the master, thus promoting failure of response at those times when control is most needed, as well as contributing to the dog's feeling of insecurity. Dog owners of perspective have come to want the type of obedience upon which a blind person might stake his life, and the emotional stability that is vital to dogs in the presence of small, unpredictable children. This classic includes the following chapters: Introduction Lesson I. Fables

Discover the roots of today's behavioral training methods which includes such concepts as seeing the world from a dog's point of view, utilizing instinctual behavior in training, how to use primary and secondary reinforcers, and using inducement vs compulsion. This reprint of the classic work on dog training by German Konrad Most is the foundation for modern dog training.

Describes methods for increasing the learning capacity and emotional stability of a dog so that it can perform useful tasks

# Get Free The Koehler Method Of Guard Dog

Is it heredity or environment that shapes the dog? Researchers J.P. Scott and John L. Fuller, authors of *Genetics and Social Behavior of the Dog*, bred and cross-bred dogs in their quest to understand human heredity and behavior. Their research yielded a gold mine of data that Pfaffenberger turned into practical information for dog breeders and trainers. Learn about the critical stages of puppy development, how breed differences make dogs suitable for specialized work, and how to breed and socialize temperamentally sound dogs. Reprint of a 1963 classic.

If you've downloaded and are now reading this book, you're probably doing so for one reason: you're thinking about getting a guard dog. From a survivalist or prepper's perspective, a reliable guard dog is one of the wisest investments you can make. Not
