The Art of Missing Link is a lushly illustrated volume that goes behind the scenes of LAIKA's new stop-motion adventure. The charismatic Sir Lionel Frost (voiced by Hugh Jackman) considers himself to be the world's foremost investigator of myths and monsters. The trouble is none of his small-minded high-society peers seems to recognize this. Sir Lionel's last chance for acceptance by the adventuring elite rests on traveling to America's Pacific Northwest to prove the existence of a legendary creature. A living remnant of Man's primitive ancestry. The Missing Link. Zach Galifianakis voices Mr. Link: the surprisingly smart, funny and soulful

beast upon whom Sir Lionel's dreams depend. As species go, he's as endangered as they get; he's the last of his kind, and he's lonely. Proposing a daring quest to seek out his rumored distant relatives, he enlists Sir Lionel's help in an odyssey around the world to find the fabled valley of Shangri-La. Together with Adelina Fortnight (voiced by Zoe Saldana), an independent and resourceful adventurer who possesses the only known map to the group's secret destination, the unlikely trio embarks on a riotous rollercoaster of a ride. Along the way, our fearless explorers encounter more than their fair share of peril, stalked at every turn by dastardly villains seeking to thwart their mission. Through it all, Mr. Link's disarming charm and good-humored conviction provide the emotional and comedic

There is a key to finding the deepest fundamental or unifying point of all our astrology systems, which is precisely what this book and its title "The Missing Link in Astrology" is all about. Step by step I will show you how this missing link is actually based on the fifth harmonic, brought to life by the precession of the equinoxes and, combined with the twelfth harmonic, forming the basis or unifying point of all astrology systems. There is a previously unrecognized but especially strong connection here between Western and Chinese astrology. This oriental art with its twelve animal Year signs happens to incorporate precisely the same twelfth harmonic energy as

we use in our own Western and Eastern twelve zodiac signs. The main difference is that oriental astrologers of old recognized the vital importance, and hence the usage and inclusion in their oriental science, of the all-important and amazingly creative fifth harmonic, or to put it another way "The spark of divinity".
