## Where To Download The Oz Principle Getting Results Through Individual And Organizational Accountability

Showing how people in business suffer from the same feelings of anxiety and helplessness that beset the characters in "The Wizard of Oz," this volume reveals how employees can move beyond victimization to overcome obstacles, accept responsibility, and rise to new heights of achievement.

The definitive book on workplace accountability by the New York Times bestselling authors of How Did That Happen? Since it was originally published in 1994, The Oz Principle has sold nearly 600,000 copies and become the worldwide bible on accountability. Through its practical and invaluable advice, thousands of companies have learned just how vital personal and organizational accountability is for a company to achieve and maintain its best results. At the core of the authors' message is the idea that when people take personal ownership of their organization's goals and accept responsibility for their own performance, they become more invested and work at a higher level to ensure not only their own success, but everyone's. Now more than ever, The Oz Principle is vital to anyone charged with obtaining results. It is a must have, must read, and must apply classic business book.

### No Marketing Blurb

A fully revised and updated installment from the bestselling author of The Oz Principle Series. Two-time New York Times bestselling authors Roger Connors and Tom Smith show how leaders can achieve record-breaking results by quickly and effectively shaping their organizational culture to capitalize on their greatest asset-their people. Change the Culture, Change the Game joins their classic book, The Oz Principle, and their recent bestseller, How Did That Happen?, to complete the most comprehensive series ever written on workplace accountability. Based on an earlier book, Journey to the Emerald City, this fully revised installment captures what the authors have learned while working with the hundreds of thousands of people on using organizational culture as a strategic advantage.

Why does the story of Dorothy, the Scarecrow, the Tin Man, and the Cowardly Lion touch us? Like all great entertainment, their journey resonates. We see ourselves in the characters and likewise wish we possessed the power, the brains, the heart, and the courage to make our own dreams come true. So what are your dreams? What do you want? Is it a promotion? Improving a relationship? Rescuing a child? Finding a new job? Saving a marriage? Getting a degree? Finding the love of your life? Making a difference in your community? This book will help you get whatever you consider worthwhile in life. Simply put, when you unleash the power of personal accountability it will energize you in lifealtering ways, giving you a concrete boost that enhances your ability to think, to withstand adversity, to generate confidence, and to increase your own natural emotional, mental, and intellectual strength.

## Where To Download The Oz Principle Getting Results Through Individual And Organizational Accountability

Roger Connors and Tom Smith know this because they've seen it work in their own lives and witnessed it in the lives of some of the most successful and influential people in the world. The authors first introduced this powerful accountability philosophy in the New York Times bestseller *The Oz Principle*. Since then, millions have come to know them as "The Oz Guys" and they have gone on to help leaders all over the world teach and apply the principles you're about to learn. Principles that have generated billions of dollars of wealth--along with a host of even more important results. Devotees of *The Oz Principle* have brought lifesaving medications to market, created better education in community colleges, greatly surpassed charity fund-raising goals, and improved medical practices in battlefield hospitals. In *The Wisdom of Oz*, Connors and Smith present the practical and powerful principles of personal accountability in simple, down-to-earth terms that you can apply in your homes, schools, communities, churches, and volunteer groups. The book will help you strengthen family relationships, improve friendships, motivate children, increase value on the job, improve health and financial well-being, or achieve whatever it is you most desire. Drawing on engaging stories about those who have overcome great odds--including South African president Nelson Mandela, Polish WWII hero Irena Sendler, and everyday men and women--Connors and Smith demonstrate that by taking personal ownership of your goals and accepting responsibility for your performance, you also take control of your success. You will read stories about people just like you who learned to beat their struggles, like the New York area fisherman who fell off his lobster boat and was adrift at sea for twelve hours in the chilly Atlantic . . . but survived. You will learn the traits that allowed a college senior who landed flat on her face in a 600-meter race to jump up and win. Or a thirteen-year-old soccer player who moved from the bench to the starting lineup. You will discover that while no one will ever wave a wizard's wand and magically solve all your problems, there is a way to experience the near magical impact of personal accountability.

"The official sequel to *The Oz Principle*."

The authors promote a vision management technique that makes managers accountable for fulfilling the purpose of the company or organization and shows how the right tools and techniques will get people to see themselves and their organization differently. Reprint.

The newest addition to *Partners In Leadership's* accountability series that began with the classic *The Oz Principle*. *The Oz Principle* has sold more than a million copies since it debuted in 1994, establishing it as the go-to reference on workplace accountability throughout the world. By embracing its practical

and invaluable advice, tens of thousands of companies have improved their organizational accountability -- the key to achieving and sustaining exceptional results. Now, the team at Partners In Leadership is applying thirty years of proven success to a whole new concept: Propeller. This book presents a modern take on accountability, while remaining faithful to the elegantly simple premise: When people take personal ownership of their organization's priorities and accept responsibility for their own performance, they become more engaged and perform at a higher level. With all new examples and stories, Propeller builds on the The Oz Principle's legacy to inspire the next generation of readers to tap the incredible power of personal, team, and organizational accountability.
