Virgin, The New Picture of
Islam, scholar Norbert G.
Pressburg reveals the facts

and fictions surrounding
Islam, even as he shows how
far astray Islam has
wandered from its original
purpose. Islam became known
commonly during the 1973 oil
crisis, and later when
terrorist acts began to be

done in the name of Islam.

More disturbingly, these brutal acts of violence were celebrated as the beginning of a global jihad. It was no wonder that many people began to view this religion with alarm and suspicion.

Online Library The Quran A Chronological Modern

Pressburg uses latest
researches to show how the
Qur'an was misinterpreted
through history by those in
power, and for their own
nefarious needs. Over the
centuries errors, mistakes
and forgeries have changed

Online Library The Quran A Chronological Modern

the original content, the
real message of this holy
book has been subverted.

Many people know that
terrorists expect to be
greeted by virgins in
Paradise when they die, but
Pressburg shows that a truer

translation says nothing
about virgins at all. He
also points out that the
supposed admonition for
women to wear veils is not
God's word at all, but the
private opinion of a later
interpreter. By getting as

close as possible to the
original texts and examining
the languages and the times
in which they were written,
scientists have uncovered a

religion. What the Modern

Entertainingly written and

contemporary relevance. His
book is an invitation for

intellectual history. Here,
he examines how key Muslim
thinkers, such as Ibn Sina,

Mulla Sadra and Nursi, among
others, conceptualized
freedom in the created order

for contemporary debates
