The journey to the site of the ships, which is a slow trek across the desert often interrupted by pregnancies, occupies the first three books. The fourth book, Earthfall , concerns itself with the journey of one of the ships, and the job of establishing a settlement and reconciling human culture with the existing creatures that have risen on Earth in the meantime.

Homecoming Saga: The Ships of Earth by Orson Scott Card ...

In this science fiction epic from Orson Scott Card, it is 40 million years in the future, and humanity long ago abandoned Earth, rendered uninhabitable by their destructive wars. Now, mankind survives on the planet of Harmony, where the Oversoul--an artificial intelligence--protects them from their own worst impulses.

The City of Basilica has fallen. Now Wetchik, Nafai, and all their family must brave the desert wastes, and cross the wide continents to where Harmony's hidden spaceport lies silent, abandoned, waiting for the command to make the great interstellar ships ready for flight again. But of these sixteen people, only a few have chosen their exile. The others, Rasa's spiteful daughters and their husbands; Wetchik's oldest son, Elemak, have been forced against their will. Their anger and hatreds will make the difficult journey harder. As Harmony's Oversoul grows weaker, a great warrior has arisen to challenge its bans. His name is Moozh, and he has won control of an army using forbidden technology. Now he is aiming his soldiers at the city of Basilica, that strong fortress above the Plain. Basilica remains in turmoil. Wetchik and his sons are not strong enough to stop a army. Can Rasa and her allies defeat him through intrigue, or will Moozh take the city and all who are in it? The first volume in the Homecoming saga from bestselling author Orson Scott Card, The Memory of Earth High above the planet Harmony, the Oversoul watches. Its task, programmed so many millennia ago, is to guard the human settlement on this planet--to protect this fragile remnant of Earth from all threats. To protect them, most of all, from themselves. The Oversoul has done its job well. There is no war on Harmony. There are no weapons of mass destruction. There is no technology that could lead to weapons of war. By control of the data banks, and subtle interference in the very thoughts of the people, the artificial intelligence has fulfilled its mission. But now there is a problem. In orbit, the Oversoul realizes that it has lost access to some of its memory banks, and some of its power systems are failing. And on the planet, men are beginning to think about power, wealth, and conquest. Earthfall, the fourth volume in Orson Scott Card's space opera Homecoming series The Oversoul of the colony planet Harmony selected the family of Wetchik to carry it back to long-lost Earth. Now grown to a tribe in the years of their journey to Harmony's hidden starport, they are ready at last to take a ship to the stars. But from the beginning there has been bitter dispute between Nafai and Elemak, Wetchick's youngest son and his oldest. On board the starship Bailica, the children of the tribe will become pawns in the struggle. Two factions are each making secret plans to awaken the children, and themselves, early from the cold-sleep capsules in which they will pass the long decades of the journey. Each side hopes to gain years of influence on the minds of the children, winning their loyalty in the struggle for control of reclaimed Earth. But the Oversoul is truly in control of this journey. It has downloaded a complete copy of itself to the Ship's computers. And only Nafai, who wears the Cloak of the Starmaster by the Oversoul's command, really understand what this will mean to all their plans for the future. High above the earth orbits the starship Basilica. On board the huge vessel is a sleeping woman. Of those who made the journey, Shedemai alone has survived the hundred of years since the Children of Wetchik returned to Earth. She now wears the Cloak of the Starmaster, and the Oversoul wakes her sometimes to watch over her descendants on the planet below. The population has grown rapidly--there are cities and nations now, whole peoples descended from the who followed Nafai or Elemak. But in all the long years of watching and searching, the Oversoul has not found the thing it sought. It has not found the Keeper of the Earth, the central intelligence that also can repair the Oversoul's damaged programming. One hundred years before Ender's Game, the aliens arrived on Earth with fire and death. This is the story of the First Formic War. Victor Delgado beat the alien ship to Earth, but just barely. Not soon enough to convince skeptical governments that there was a threat. They didn't believe that until space stations and ships and colonies went up in sudden flame. And when that happened, only Mazer Rackham and the Mobile Operations Police could move fast enough to meet the threat. Humanity is coming home. Weeks after landing on Earth, the Hundred have managed to create a sense of order amidst their wild, chaotic surroundings. But their delicate balance comes crashing down with the arrival of new dropships from space. These new arrivals are the lucky ones--back on the Colony, the oxygen is almost gone--but after making it safely to Earth, GLASS's luck seems to be running out. CLARKE leads a rescue party to the crash site, ready to treat the wounded, but she can't stop thinking about her parents who may still be alive. Meanwhile, WELLS struggles to maintain his authority despite the presence of the Vice Chancellor and his armed guards, and BELLAMY must decide whether to face or flee the crimes he thought he'd left behind. It's time for the Hundred to come together and fight for the freedom they've found on Earth, or risk losing everything--and everyone--they love.

Journeying across the desert when the City of Basilica falls, Wetchik, Nafai, and their families seek the hidden Harmony spaceport, finding their greatest hardship in the anger of their own people who are rebelling against a forced exile
