She was determined to find and connect with women just like her—happy and optimistic about marriage, deeply in love with her spouse, and committed to building a strong marriage that stands the test of time. On a whim, she started the blog [HappyWivesClub.com](http://HappyWivesClub.com) and sent the link to a few of new friends. What started as a casual invitation to five women exploded into an international online club with 150,000 members in more than 100 countries. Reality and dream collide in Amy Bonnaffons's dazzling, darkly playful debut novel about a love affair between the living and the dead. For weeks, Rachel has been noticing the same golden-haired young man sitting at her Brooklyn bus stop, staring off with a melancholy air. When, one day, she finally musters the courage to introduce herself, the chemistry between them is undeniable: Thomas is wise, witty, handsome, mysterious, clearly a kindred spirit. There's just one tiny problem: He's dead. Stuck in a surreal limbo governed by bureaucracy, Thomas is unable to "cross over" to the afterlife until he completes a 90-day stint on earth, during which time he is forbidden to get involved with a member of the living -- lest he incur "regrets." When Thomas and Rachel break this rule, they unleash a cascade of bizarre, troubling consequences. Set in the hallucinatory borderland between life and death, *The Regrets* is a gloriously strange and breathtakingly sexy exploration of love, the cataclysmic power of fantasies, and the painful, exhilarating work of waking up to reality, told with uncommon grace and humor by a visionary artist at the height of her imaginative power.

“A gentle, knowledgeable guide to a fate we all share” (The Washington Post): the first and only all-encompassing action plan for the end of life. “There is nothing wrong with you for dying,” hospice physician B.J. Miller and journalist and caregiver Shoshana Berger write in *A Beginner’s Guide to the End*. “Our ultimate purpose here isn’t so much to help you die as it is to free up as much life as possible

until you do. Theirs is a clear-eyed and big-hearted action plan for approaching the end of life, written to help readers feel more in control of an experience that so often seems anything but controllable. Their book offers everything from step-by-step instructions for how to do your paperwork and navigate the healthcare system to answers to questions you might be afraid to ask your doctor, like whether or not sex is still okay when you're sick. Get advice for how to break the news to your employer, whether to share old secrets with your family, how to face friends who might not be as empathetic as you'd hoped, and how to talk to your children about your will. (Don't worry: if anyone gets snippy, it'll likely be their spouses, not them.) There are also lessons for survivors, like how to shut down a loved one's social media accounts, clean out the house, and write a great eulogy. An honest, surprising, and detail-oriented guide to the most universal of all experiences, *A Beginner's Guide to the End* is "a book that every family should have, the equivalent of Dr. Spock but for this other phase of life" (New York Times bestselling author Dr. Abraham Verghese).

In this truly inspirational memoir, Anita Moorjani relates how, after fighting cancer for almost four years, her body began shutting down—overwhelmed by the malignant cells spreading throughout her system. As her organs failed, she entered into an extraordinary near-death experience where she realized her inherent worth . . . and the actual cause of her disease. Upon regaining consciousness, Anita found that her condition had improved so rapidly that she was released from the hospital within weeks—without a trace of cancer in her body! Within these pages, Anita recounts stories of her childhood in Hong Kong, her challenge to establish her career and find true love, as well as how she eventually ended up in that hospital bed where she defied all medical knowledge. As part of a traditional Hindu family residing in a largely Chinese and British society, Anita had been pushed and pulled by cultural and religious customs

since she was a little girl. After years of struggling to forge her own path while trying to meet everyone else's expectations, she had the realization, as a result of her epiphany on the other side, that she had the power to heal herself . . . and that there are miracles in the Universe that she'd never even imagined. In *Dying to Be Me*, Anita freely shares all she has learned about illness, healing, fear, "being love," and the true magnificence of each and every human being! This is a book that definitely makes the case that we are spiritual beings having a human experience . . . and that we are all One!

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big." Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* "Trump makes one believe for a moment in the American dream again." *The New York Times* "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet." *Chicago Tribune* "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed." *Boston Herald* "A chatty, generous, chutzpa-filled autobiography." *New York Post*

The New York Times bestselling authors of *Switch* and *Made to Stick* explore why certain brief experiences can jolt us and elevate us and change us—and how we can learn to create such extraordinary moments in our life and work. While human lives are endlessly variable, our most memorable positive moments are dominated by four elements: elevation, insight, pride, and connection. If we embrace these elements, we can conjure more moments that matter. What if a teacher could design a lesson that he knew his students would remember twenty years later? What if a manager knew how to create an experience that would delight customers? What if you had a better sense of how to create memories that matter for your children? This book delves into some fascinating mysteries of experience: Why we tend to remember the best or worst moment of an experience, as well as the last moment, and forget the rest. Why we feel most comfortable when things are certain, but we feel most alive when they're not. And why our most cherished memories are clustered into a brief period during our youth. Readers discover how brief experiences can change lives, such as the experiment in which two strangers meet in a room, and forty-five minutes later, they leave as best friends. (What happens in that time?) Or the tale of the world's youngest female billionaire, who credits her resilience to something her father asked the family at the dinner table. (What was that simple question?) Many of the defining moments in our lives are the result of accident or luck—but why would we leave our most meaningful, memorable moments to chance when we can create them? *The Power of Moments* shows us how to be the author of richer experiences.
