Welcome to Unfinished Business with Harper Stewart. This class has changed my outlook on writing for the rest of my life. When I first entered this class I thought it would be like my previous class, but to my surprise I was wrong. This class taught me how to develop myself as critical writer in a manner that was unforeseen to my naked eye.

The successful country singer reveals her life since leaving home at the age of eighteen to pursue a singing career, while discussing her personal philosophies, her marriage, her friendships, and achievements. 1,000,000 first printing. \$600,000 ad/promo. Tour.

NEW YORK TIMES bestselling author Jack McCallum (DREAM TEAM) gives an inside look at the legendary Boston Celtics during a season of change. "One of the five best NBA books ever written." —Bill Simmons, ESPN In the 1990-91 basketball season, the Boston Celtics were a team in transition, both on and off the court. Jack McCallum, also the author of the critically-acclaimed SEVEN SECONDS OR LESS, chronicled this crucial year from the back-room planning on draft day to Larry Bird's unforgettable effort in the postseason. With aging superstar Bird nearing the end of his career, the season was filled with glorious highs and devastating lows. McCallum gets up close and personal with the players and management from this storied franchise, showing the larger-than-life characters in a rarely-seen light. The day-to-day drama of Bird's aching back plays in concert with the drumbeat of banter from his frontcourt partner, Kevin McHale. The book reveals the deep bonds—and sometimes deeper rivalries—of the locker room, and also provides an inside look at a league that was entering its Golden Age.

In Veil and Vow, Aneka Ayanna Henderson places familiar, often politicized questions about the crisis of African American marriage in conversation with a rich cultural archive that includes fiction by Terry McMillan and Sister Souljah, music by Anita Baker, and films such as The Best Man. Seeking to move beyond simple assessments of marriage as "good" or "bad" for African Americans, Henderson critically examines popular and influential late twentieth- and early twenty-first-century texts alongside legislation such as the 1996 Defense of Marriage Act and the Welfare Reform Act, which masked true sources of inequality with crisis-laden myths about African American family formation. Using an interdisciplinary approach to highlight the influence of law, politics, and culture on marriage representations and practices, Henderson reveals how their kinship veils and unveils the fiction in political policy as well as the complicated political stakes of fictional and cultural texts. Providing a new opportunity to grapple with old questions, including who can be a citizen, a "wife," and "marriageable," Veil and Vow makes clear just how deeply marriage still matters in African American culture.

Political legacy is a concept that is often tossed around casually, hastily defined by commentators long before a prime minister leaves office. In the case of the polarizing Stephen Harper, clear-eyed analysis of his tenure is hard to come by. The Harper Factor offers a refreshingly balanced look at the Conservative decade under his leadership. What impact did Harper have on the nation's finances, on law and order, and on immigration? Did he accomplish what he promised to do in areas such as energy and intergovernmental affairs? How did he change the conduct of politics, the workings of the media, and Parliament? A diverse group of contributors, including veteran economists David Dodge and Richard Dion, immigration advocate Senator Ratna Omidvar, Stephen Harper's former policy director Paul Wilson, award-winning journalists such as Susan Delacourt, and vice-provost of Aboriginal Initiatives at Lakehead University Cynthia Wesley-Esquimaux, make reasoned cases for how Harper succeeded and how he fell short in different policy domains between 2006 and 2015. Stephen Harper's record is decidedly more nuanced than both his admirers and detractors will concede. The Harper Factor provides an authoritative reference for Canadians on the twenty-second prime minister's imprint on public policy while in office, and his political legacy for generations to come.

Diaries kept during his years as head of the Tennessee Valley Authority and of the Atomic Energy Commission, among other important posts, form an autobiography of an important, versatile statesman.

This "superbly written true-crime story" (Michael Lewis, The New York Times Book Review) masterfully brings together the tales of a serial killer in 1970s Alabama and of Harper Lee, the beloved author of To Kill a Mockingbird, who tried to write his story. Reverend Willie Maxwell was a rural preacher accused of murdering five of his family members, but with the help of a savvy lawyer, he escaped justice for years until a relative assassinated him at the funeral of his last victim. Despite hundreds of witnesses, Maxwell's murderer was acquitted—thanks to the same attorney who had previously defended the reverend himself. Sitting in the audience during the vigilante's trial was Harper Lee, who spent a year in town reporting on the Maxwell case and many more trying to finish the book she called The Reverend. Cep brings this remarkable story to life, from the horrifying murders to the courtroom drama to the racial politics of the Deep South, while offering a deeply moving portrait of one of our most revered writers.
