Internal Family Systems Therapy (IFS) provides a revolutionary treatment plan for PTSD, anxiety, depression, substance abuse, eating disorders and more. Using a non-pathologizing, accelerated approach -- rooted in neuroscience -- IFS applies inner resources and self-compassion for healing emotional wounding at its core. This new manual offers straight-forward explanations and illustrates a wide variety of applications. Easy to read and highly practical. - Step-by-step techniques - Annotated case examples - Unique meditations - Downloadable exercises, worksheets IFS is Evidence-Based Thirty years ago, IFS creator Richard Schwartz, PhD, listened to his clients describing the behaviors and fears of their most extreme parts. He found that the inner world of all his clients was characterized by parts who had a positive intent for the client but had taken on extreme roles in an effort to be safe. He also discovered that these extreme parts would become less disruptive and more cooperative once their concerns were addressed and they felt safer. IFS views psychic multiplicity as the norm: we all have parts. In addition, every part has a good intention for the client, and every part has value. When clients listen to all their parts, they can heal their wounded parts. Today, IFS, which has established a legacy of efficiency and effectiveness in treating many mental health issues, is being heralded by Dr. Bessel van der Kolk as a treatment that all clinicians should know.

The magazine that helps career moms balance their personal and professional lives.

YOU CAN'T MAKE THIS STUFF UP! Here is a hilarious collection that catches real-life knuckleheads in outrageous acts of brazen stupidity, giving new meaning to that famous four-letter word: "DUH"! * The Oregon resident who was waxing his 1984 Pontiac--and somehow managed to shove the antenna up his nose . . . GRANDMOTHER OF EIGHT MAKES HOLE IN ONE * The Atlanta Braves pitcher who was treated for five-inch-long welts after he tried to iron his polo shirt while wearing it . . . MINERS REFUSE TO WORK AFTER DEATH * The inmate at a Chesapeake Correctional Facility who filed a five million dollar lawsuit against himself . . . DRUNK GETS NINE MONTHS IN VIOLIN CASE * The woman who couldn't stand the discomfort of having a callus on her right foot, so she blew off her big toe with a shotgun . . . Radio personality John "Kato" Machay's lively compilation of news stories, headlines, and courtroom gaffes proves hands down that truth is dumber than fiction! REMEMBER: To err may be human, but to laugh out loud is divine.

Marketing visionary Martin Lindstrom has been on the front line of the branding for over twenty years. In *Brandwashed*, he turns the spotlight on his own industry, drawing on all he has witnessed behind closed doors, exposing for the first time the full extent of the psychological tricks and traps that companies devise to win our hard-earned money. Lindstrom reveals eye opening details such as how advertisers and marketers target children at an alarmingly young age (starting when they are still in the womb), what heterosexual men really think about when they see sexually provocative advertising, how marketers and retailers stoke the flames of public panic and capitalize on paranoia over diseases, extreme weather events, and food contamination scares. It also presents the first ever evidence to prove how addicted we are to our smartphones, and how certain companies (like the maker of a very popular lip balm), purposely adjust their formulas in order to make their products chemically addictive, and much, much more. *Brandwashed* is a shocking insider's look at how today's global giants conspire to obscure the truth and manipulate our minds, all in service of persuading us to buy.

Named as *BusinessWeek's* #1 Management Educator, expert Dave Ulrich and his team of authors bring human resources a whole new way of thinking and practicing—moving the focus from internal issues to actively helping to set business strategies. Businesses of the future need "all hands on deck" when implementing new ways to stimulate growth and cost efficiency, and this includes human resources. In *HR Transformation*, the team presents a four-phase model of transformation that shows you step-by-step how to make meaningful progress in contributing to the performance of your company by redesigning HR to work as a strategic partnership. From the “ #1 Management Educator & Guru ” -*BusinessWeek* “ The authors have presented us with an accessible, readable, and practical illustration of a clear path for successful strategy execution in a complex environment. ” -Majed Al Romaiti, Executive Director, Abu Dhabi Investment Authority “ HR can only transform organizations if it transforms HR. This book shows us how. *HR Transformation* would have been important in the past-it is critical now! We are entering a new world. *HR Transformation* can help our organizations thrive in the midst of uncertainty. ” -Marshall Goldsmith, author of the *Wall Street Journal* bestsellers *What Got You Here Won't Get You There* and *Succession: Are You Ready?* “ Ulrich and his colleagues talk tough and provide a detailed blueprint for how those of us in the field can use our own tools to do a “ 720-degree ” evaluation of ourselves. We cannot contribute to the success of our organizations until we upgrade ourselves. ” -Linda A. Hill, Wallace Brett Donham Professor of Business Administration, Harvard Business School “ Based on groundbreaking research with hundreds of companies and thousands of executives, *HR Transformation* provides compelling theory and practical tools to create alignment between strategy, systems, and people. This important book should be read carefully by leadership teams everywhere. ” -Mark Huselid, Professor of HR Strategy, Rutgers University, Co-author of *The HR Scorecard*, *The Workforce Scorecard*, and *The Differentiated Workforce* Turn to the front matter for more than thirty rousing endorsements of *HR Transformation*. Kingdom of Nokia tells a fascinating story of corporatism in Finland. How did the mobile phone giant Nokia make the Finnish elite willing to serve the interests of the company? Nokia became a global player in mobile communications in the 1990s, and helped establish Anglo-Saxon capitalism in Finland. Through its success and strong lobbying, the company managed to capture the attention of Finnish politicians, civil servants, and journalists nationwide. With concrete detailed examples, *Kingdom of Nokia* illustrates how Nokia organised lavish trips to journalists and paid direct campaign funding to politicians to establish its role at the core of Finnish decision-making. As a result, the company influenced important political decisions such as joining the European Union and adopting the euro, and further, Nokia even drafted its own law to serve its special interests. All this in a country considered one of the least corrupt in the world.
